October 18, 2019

**SUBJECT: New Streetlight Installations—2019
Project Number 718513**

Dear Salem Property Owner/Resident:

The City of Salem has awarded a construction contract to NorthStar Electrical Contractors to install streetlights along the sections of roadway as shown on the enclosed map.

Construction work for this project is scheduled to begin in November 2019 with completion by the end of March 2020. Project work hours will be from 8:30 a.m. to 3:30 p.m.

The work will cause some inconveniences such as short-term parking restrictions and temporary lane closures. Motorists and pedestrians should use caution within the construction zones. Portland General Electric crews will also be performing work on the identified streets as a part of the project. This project is funded as a part of the Streetlight Utility Fee.

If you have any questions or concerns regarding this project, please contact me at 503-588-6211 or kcochran@cityofsalem.net. We appreciate your patience during this construction.

Sincerely,

Kyle Cochran
Engineering Associate
