July 1, 2023

Dear Mayor, City Councilors, and Budget Committee members,

City of Salem Proposed FY 2024 Budget Message

I am pleased to present the Proposed FY 2024 Budget for July 1, 2023 to June 30, 2024 - my first budget with the City of Salem.

This budget proposal represents a transition or inflection point. Salem is a community in transition. Over the past 10 years Salem's population has grown by over 20,000 people and our service demands have expanded well beyond this increase. Our revenues have not grown in a way that has allowed us to expand services to meet the growing demands of our community. This budget is the next step towards closing that gap. It includes some new revenues and also new services targeted at building a more safe and secure community. It includes plans to continue to explore options for additional revenue for the years ahead.

In my first year as Salem's City Manager, I have come to know and respect the people of this community, the Mayor and Council. I have also come to know and understand that the City of Salem has a strong and capable workforce who have been asked to carry a heavy and growing load. This budget begins to offer them some support to lessen that load and to better meet the needs of the community.

I look forward to engaging in a rich conversation with you about community needs and options for addressing them.

The budget is the City's financial plan to provide services for our community. Budget development is guided by the 2021 – 2026 Salem Strategic Plan, City Council's 2023 Policy Agenda, and City policies. The recently updated Salem Strategic Plan and Policy Agenda focus on issues of top concern for Salem residents. The Proposed FY 2024 budget continues implementation of City Council priorities.

Salem, the capital city of Oregon, is a full-service City that provides services to Salem residents, businesses, and visitors. Those services include public safety, planning and economic development, library, parks and recreation, community services, street maintenance, and water, wastewater, and stormwater utility services.

I. Budgeting for Results

The Proposed FY 2024 Budget is organized around the priorities of the community that are supported by the City's vision, mission, and values statements in its Strategic Plan. The City Council provides the City management with its expectations for results to be achieved in six distinct areas.

The City's Proposed expenditure budget is a total of \$749.6 million which has been defined into over 460 specific programs that support these six result areas. Priority Based Budgeting is a tool that allows the City Manager, Leadership Team, City Council, and the Budget Committee to consider a program's alignment with the following six result areas:

1. Safe and Healthy Community

Provide emergency services while proactively addressing the impact of crime, fire, natural disasters and health emergencies to residents, visitors, businesses, and property owners.

The Safe and Healthy Community result area has an operating budget of \$153.9 million or 20.5% of the total budget that includes the Police Department, Fire Department, 9-1-1 call center, Municipal Court, Building and Safety, and other safety programs.

2. Welcoming and Livable Community

Develop Salem to be a safe and well-maintained City with a mix of quality housing to all residents, access to parks, recreation, historic and cultural resources, and the arts.

The Welcoming and Livable Community result area has an operating budget of \$51.9 million or 6.9% of the total budget that includes Parks and Recreation, Neighborhood Enhancement, Code Compliance, Planning, Library, Cultural and Tourism grants, Public Art, Community Development Block Grants (CDBG), HOME Investment Partnerships Program (HOME), housing and social service grants, and the Homeless Rental Assistance Program (HRAP).

3. Natural Environment Stewardship

Protect natural resources including all waterways, tree canopy, and our natural ecosystem, and reduce the impact from the built environment and City operations on both the environment and all residents.

The Natural Environment Stewardship result area has an operating budget of \$24.9 million or 3.3% of the total budget that includes efforts protecting our environment and watersheds, flood control areas, stormwater, and wastewater treatment.

The City of Salem staff recently completed a Climate Actions Audit, which documents the City of Salem’s work over the past decade to reduce greenhouse gas emissions through City projects, practices, programs, and plans. Funding for the initial implementation of the Climate Action Plan for the City of Salem is included in the Budget including supporting a full-time dedicated position to support implementation of the Climate Action Plan.

4. Safe, Reliable, and Efficient Infrastructure

An integrated municipal asset system of streets, bridges, bike paths, sidewalks, civic buildings, technology and utility infrastructure.

The Safe Reliable and Efficient Infrastructure result area has an operating budget of \$378.9 million, including construction, or 50.5% of the total budget. Salem owns and operates a valuable network of infrastructure including buildings, streets, sidewalks, pipes, dams, properties, parking garages, recreation facilities, airport runways and taxiways, and equipment.

5. Strong and Diverse Economy

A diverse economic base, robust job growth, business retention and recruitment, and a thriving, resilient downtown.

The Strong and Diverse Economy result area has an operating budget of \$14.4 million or 1.9% of the total budget that includes Economic Development, Parking Services, Salem Municipal Airport, City Tourism Promotion, Leasehold Services, Real Property Services, and construction.

6. Good Governance

Manage the enterprise to be fiscally sustainable, provide quality service equitably across our community, proactively engage all residents, be forward thinking, and build capacity and partnerships to prepare for the future.

The Good Governance result area has an operating budget of \$125.7 million or 16.8% of the total budget and includes expenditures for the City Manager's Office, Human Resources, Legal, Information Technology, Finance, and expenses that are not assigned to a department including the City's debt service, capital outlay, contingency and interfund transfers.

II. State of the City's Budget

The Proposed Fiscal Year (FY) 2024 Budget reflects the end of the COVID-19 pandemic era funds from the Federal Coronavirus Aid, Relief and Economic Security Act (CARES) and American Rescue Plan Act (ARPA). Funding from these programs stabilized the City's budget in in FY 2023 and kept beginning fund balances above Council adopted policies. FY 2024 is a year of transition. The City Council has begun the process to implement new revenues to set the City on a path to financial sustainability. The FY 2024 Proposed Budget also reflects organizational change:

- Deputy City Manager Classification: In mid- FY 2023 The City Council approved the classification of Deputy City Manager. One Deputy City Manager was appointed over the Enterprise Services Department reclassifying the current Enterprise Services Director position.
- Community Services Department: Included in the Proposed FY 2024 budget is the re-creation of a Community Services Department lead by a second new Deputy City Manager, also reclassified from a current position. This new department includes Parks Operations, Parks Planning, Recreation Services, Center 50+, the Salem Public Library, Youth Services, Neighborhood Services, and unsheltered service coordination.
- Community and Urban Development: During FY 2023 and reflected in the budget for FY 2024 is the combing of the prior Urban Development and Community Development Departments into a single Community and Urban Development Department.

General Fund

The General Fund provides for City services such as police, fire, library, parks and recreation, neighborhood services, municipal court, and support service departments that provide a Citywide benefit.

History

Prior to the pandemic and before adding new sheltering programs, the City anticipated difficulty in funding current services at a sustainable level as expenses continue to escalate at a faster pace than revenues in the coming years. The City of Salem is not alone. Cities across Oregon are facing similar structural imbalances between revenues and expenditures. The structural imbalance is rooted in property tax ballot measures from the 1990s, which capped property tax revenues. As a result, money the City receives from property taxes does not keep pace with inflation, population or development growth, and generally the increasing costs of providing City services.

Since the great recession of 2008, the City has been able to keep General Fund services solvent by reducing services and adding the City Operations Fee in January 2020. The Operations Fee was the result of early recognition of a revenue challenge, in the fall of 2018. In 2018, the City Council appointed a task force consisting of residents and community stakeholders to provide recommendations on revenue sources to help keep City services in place. Based on Task Force recommendations, the City Council put the City Operations Fee in place and placed an employee-paid payroll tax measure on the May 2020 primary ballot to address

public safety needs. The measure was withdrawn due to the concerns related to the COVID-19 pandemic.

Staffing levels in the General Fund have not recovered from the reductions made during the great recession (2008-2011). Services being provided by the General Fund are at a critical point and staff are stretched extremely thin. If staffing had continued to increase at similar levels as the 1990s and early 2000s, there would be an additional 300 positions in the General Fund.

Some of the identified needs to address the current and increasing demands include:

Police Department

The recently completed Police Performance Audit identified an additional 27 - 83 officers are needed to service the City's growing population and support shift to community-oriented policing.

Fire Department

The Fire Department has experienced significant increases in call volumes, without additional resources, falling below targeted response times. This delay, during a critical life threatening medical emergency or fire scenario, hinders the chances for survival from the event. An additional 10 fire companies would be required to meet the current response time standard across the City.

Parks and Recreation

The City's developed parks acreage and facilities have continued to increase without an increase in staffing to

maintain them. In addition to standard park service, the staff were needed to respond to increased impacts of unsheltered individuals in City parks.

Code Enforcement

Additional support is needed for Code Enforcement to meet increased demand in requests for enforcement within our community.

Internal Services

Support to the City's community-facing services needs grow as other portions of the City organization grow. As staffing, technology, and other City needs increase, the impact is felt in Human Resources, Information Technology, Finance, Legal, and the City Manager's Office.

Infrastructure

The City's infrastructure systems – sidewalks, paths and trails, parks and streets, and systems used to collect, transport and clean water, wastewater, and stormwater - cover many square miles and require ongoing maintenance. Currently, there many maintenance needs at City buildings and facilities. The Facilities Services Division maximizes available resources to accomplish some maintenance, but additional support is needed.

New Services: Sheltering

The City has continued to respond to new needs in the community by starting programs such as the Homeless Rental Assistance Program (HRAP), Safe Park Programs, and Micro Shelter Villages. The City is also in the process of opening the 75-bed navigation center. The majority of these investments have been made using *one-time funding* either from ARPA or from State grants. In order to sustain these programs into the future, after June 30, 2024, additional revenue will be needed.

Next Steps

With one-time federal funding ending, the General Fund is again facing a structural deficit. Over the last several months, the City Council has discussed options to close the gap and set the General Fund on a path to sustainability. To that end, included in the Proposed FY 2024 Budget is a one-time increase to the monthly City Operations Fee of:

- \$5.50 – Residential unit
- \$4.40 – Per Multi-Family Unit
- \$26.51 – Industrial/Institutional/Commercial

This increased City Operations Fee is proposed to fund a combination of existing and new services. New positions include two code enforcement officers to enhance the response to neighborhood concerns, two park rangers to expand this service to other parks, two security officers for the civic center campus, and four support services staff. Ongoing funding for continuous

security at the downtown parkades is a supported service through the fee increase.

There have been equity concerns raised by the community and the City Council regarding the City Operations Fee rate structure. This one-time increase is based on the current rate structure, but the City is in the process of implementing a new utility billing system that will allow additional flexibility to use a different data set to differentiate commercial accounts. Staff anticipate engaging with Council on these equity concerns and being able to modify the rate structure as early as June of 2024. The increase to the City Operations fee is the first step to closing the General Fund deficit. In addition to the City Operations Fee increase, the City Council is exploring an Employee-Paid Payroll Tax. This tax would continue funding for some existing services and begin adding some new services to ensure continued safety and security of our community.

Other Funds

In contrast to the General Fund, many City funds are in strong financial positions with adequate reserve levels. However, costs are increasing at a higher rate and continue to put pressure on fee or rate structures. Two notable funds are in significant financial distress:

Transportation Services Fund

The Transportation Services Fund supports operations, maintenance, and improvements to the City's transportation system. Gas taxes paid through State Highway fund must be used in the rights-of-way. In Salem, 15 percent of the gas tax is directed

to maintaining street trees and other plantings. The City of Salem relies on a formula-based allocation of State Highway Revenue from vehicle registrations and gas tax. Over time, General Fund resources previously directed to pavement maintenance, such as certain franchise fees, have been redirected to higher priority needs. In addition, an early 2000's policy decision requiring the City of Salem to retain responsibility for sidewalk maintenance has resulted in further redirection of resources away from preventive pavement maintenance. Salem does not have another source of funding for roads, like a local option gas tax as exists in 32 Oregon cities and counties.

Although the State Highway Revenue has and is projected to increase over the next few years, the Oregon Department of Transportation revenue forecast reflects declining revenue in 2027. The impact of fuel efficient, hybrid, and electric vehicles and other market forces are reducing available funding state-wide for Transportation. It is unknown at this time whether the State of Oregon will consider a change in motor vehicle fees and taxes to reflect these changing conditions.

The limited revenue stream has resulted in significant deferred maintenance activities for many asset types. More discussion is required to identify desired service levels followed by more thorough analysis to identify potential revenue sources.

Downtown Parking Fund

The Downtown Parking Fund is largely funded with the Downtown Parking Tax. The Downtown Parking District was established in 1976 to provide funding for economic promotion and public parking in downtown Salem. Each business within the District is

assessed a proportional share of the operation and maintenance costs of the District customer parking spaces. Tax dollars are used to support both on-street parking spaces downtown and off-street parking at Chemeketa, Liberty, and Marion parking structures. The tax increases are limited to the Consumer Price Index (CPI) or 2%, whichever is less. This cap along with increased costs have resulted in a significant decrease in service for the downtown area. Additional resources are needed to fully fund the cleaning, economic development activities, and security needed for the downtown parkades. The City Council is considering a transition to paid on-street parking in downtown and has asked staff to prepare a plan to facilitate this transition. This shift could create the resources to more adequately fund the needed services in downtown.

III. FY 2024 General Fund Budget New and Ongoing Initiatives

The budget document provides financial information oriented around services rather than accounting structures. Programs and services are organized within the Salem Strategic Plan's six priority result areas. Though this section highlights some new or ongoing initiatives by result areas; it is not a comprehensive list. In recognition of the impact to revenues due to the COVID-19 pandemic, most General Fund programs are maintaining current service levels unless a specified and imperative need was identified.

1. Safe and Healthy Community

Provide emergency services while proactively addressing the impact of crime, fire, natural disasters and health emergencies to residents, visitors, businesses, and property owners.

➤ Ongoing Initiative: Police Community Engagement

As part of the Salem Outreach and Livability Services (SOS) Team, two police officers work alongside colleagues from the Community Services department to help with efforts related to aiding unsheltered members of the community and respond to the impacts of unsheltered individuals living on the city's streets. Having formed in fiscal year 2023, this team will continue to operate in 2024.

➤ New: Fire Training Officer, \$217,080

In fiscal year 2024, the Fire Department will add a new Training Officer position. The position will be one of two in

the Fire Department and work to manage the training and accreditation requirements of the department.

- New: Expansion of Domestic Violence Response Team, \$30,320

A current part-time position will be increased to a full-time position and reclassified to act as a Crime Victim Advocate. This position will join a current Program Coordinator to provide outreach and advocacy services to victims of domestic violence.

2. Welcoming and Livable Community

Develop Salem to be a safe and well-maintained City, with a mix of quality housing for all residents, access to parks, recreation, historic and cultural resources, and the arts.

- Ongoing Initiative: Homeless Rental Assistance Program, \$625,000 / 2024 Policy Agenda and Strategic Plan Item

The budget continues General Fund support for a housing first program, called Homeless Rental Assistance Program (HRAP), operated by the Salem Housing Authority. These funds support connection of unsheltered individuals to permanent housing solutions. Program funding is budgeted for FY 2024 at \$625,000. Under the program, the City will continue to offer 12 months of rental assistance; funding for security deposits, personal care items, and medical needs to remove the initial barriers to housing; and intensive case management and life skills training. The Proposed FY 2024 General Fund Budget, which is reduced from previous years, reflects current program limitations caused by caseloads and the rental inventory in Salem.

- New: Salem Public Library Supervisor, \$144,450

The Salem Public Library will be adding a supervisor to support the circulation team. The supervisor will work primarily for the West Salem Branch and will share duties with other supervisors. This will allow for more efficiencies and increased collection knowledge depth.

- New: Full-Time Amphitheater Manager, \$135,100

A limited-duration position that manages the Gerry Frank | Salem Rotary Amphitheater at Riverfront Park is being converted to full-time career position. This position is reimbursed from the Cultural and Tourism Fund using Transient Occupancy Tax (TOT).

- New: Fund and Expand the SOS Team, \$1,243,390

Salem Outreach and Livability Services (SOS) Team is being expanded by four full-time positions to expand services to seven days per week. This expansion is funded with the proposed increase to the City Operations Fee.

- New: Expand Park Ranger and Code Compliance Services, \$589,520

The City's compliance services are being expanded to address community needs. This expansion includes two additional code enforcement officers and two additional park rangers. This expansion is funded with the proposed increase to the City Operations Fee.

3. Natural Environment Stewardship

Protect natural resources including all waterways, tree canopy, and our natural ecosystem, and reduce the impact from the built environment and City operations on both the environment and all residents.

- Ongoing Initiative: Climate Action Plan, 2020 Policy Agenda and Strategic Plan Item, \$190,000

The Climate Action Plan (CAP) for the City of Salem has been completed. Funding for the initiative will go toward implementation of the CAP. A program manager position has been allocated to be dedicated to this project.

4. Safe, Reliable, and Efficient Infrastructure

An integrated municipal asset system of streets, bridges, bike paths, sidewalks, civic buildings, technology, and utility systems.

- Ongoing Initiative: Addressing Capital Needs, Civic Center Campus, \$375,010 / Strategic Plan Item

The budget provides for \$375,000 of debt service expense for an internal borrowing from the Utility Fund.

This total borrowing of \$3.46M over ten years will fund multiple projects at the Civic Center Campus to reconfigure the first floor of City Hall, replace the transformer, upgrade lower parking lighting, install security and modernize the

elevator. The elevator modernization and transformer upgrade projects were completed during fiscal year 2022.

5. Strong and Diverse Economy

A diverse economic base, robust job growth, business retention and recruitment, and a thriving, resilient downtown.

- Ongoing Initiative: Business Retention and Recruitment, \$744,890 / Strategic Plan Item

Pursuing activities identified in the City's Strategic Plan and economic development strategy:

- Contracting with the Strategic Economic Development Corporation (SEDCOR) to serve as the primary recruitment contact and enterprise zone manager for Salem;
- Continuing efforts to support business retention and expansion and grow minority-owned businesses with targeted outreach efforts and align resources to meet their needs;
- Strengthening efforts to support and facilitate business start-up and business incubator networking activities in the community and pursuing continued and new partnerships to support this work;
- Continuing to fund assistance programs for those seeking to start their own business with a goal of creating long-term economic sustainability, profitability, and self-sufficiency.

➤ New : Commercial Air Service Positions, \$652,290

In January 2023, the City Council approved plans to move forward with commercial air service from the Salem Municipal Airport. This enhancement includes the General Fund subsidy for the Airport Fund for the addition of five new positions in direct relation to commercial air service. Additional funding for the renovation of the terminal building is happening in FY 2023.

6. Good Governance

Manage the enterprise to be fiscally sustainable, provide quality service equitably across our community, proactively engage all residents, be forward thinking, and build capacity and partnerships to prepare for the future.

➤ Ongoing Initiative: Sheltering Programs, \$410,000

Over the past several years, the City has provided funding toward a variety of sheltering programs. Some of these include Safe Park and funding the Warming Network which will continue into next fiscal year.

➤ New: Communications Software, \$100,000

By the end of fiscal year 2023, the Strategic Engagement and Communications Plan will be complete. The plan will provide a recommendation for communications software to increase the awareness and the impact the City has on the daily lives of residents, increase civic participation and improve recruitment efforts.

V. Proposed FY 2024 Budget for Other City Funds

New and Ongoing Initiatives

1. Safe Community

Provide emergency services while proactively addressing the impact of crime, fire, natural disasters and health emergencies to residents, visitors, businesses, and property owners.

Willamette Valley Communications Center Fund

- New: Supervisor and Call Takers, \$373,540

Willamette Valley Communications Center is a 9-1-1 call center for 29 member agencies across Marion, Polk and Lincoln counties. The volume of calls shows a need to increase resources to answer calls and dispatch for emergency services like police, fire and ambulance. This enhancement will aid in the shortening of call times to ensure as quick as possible dispatch for services.

2. Welcoming and Livable Community

Develop Salem to be a safe and well-maintained City, with a mix of quality housing for all residents with access to parks, recreation, historic and cultural resources, and the arts.

Capital Improvements Fund.

- New: Minto-Brown Island Parking Lots Improvements, \$1,500,000

Funding from the 2022 Salem Safety and Livability Bond for parks improvements provide much needed updates to Minto – Brown Island parking lots through paving, accessibility updates, bicycle parking and storm drainage. The project began in FY 2023.

- Ongoing Initiative: Salem Park Improvement Projects, \$268,590

Additional funding for parks improvements through Salem Park Improvement Fund. These are improvements to parks are initiated by Neighborhood Associations and demonstrate a direct impact to the parks and parks projects identified by those in the neighborhood.

3. Natural Environment Stewardship

Protect natural resources including all waterways, tree canopy, and our natural ecosystem, and reduce the impact from the built environment and City operations on both the environment and all residents.

- New: *Utility Fund*, Stormwater Quality Operations and Technical Services, GIS Analyst and Parks Maintenance Operator, \$232,110

The FY 2024 Proposed Budget includes adding two full-time equivalent employees: a GIS Analyst to work exclusively on stormwater assets and an additional Parks Maintenance Operator to work on the inspection and documentation of stormwater facilities and support

maintenance of the growing number of publicly owned stormwater facilities.

4. Safe, Reliable, and Efficient Infrastructure

An integrated municipal asset system of streets, bridges, bike paths, sidewalks, civic buildings, technology, and utility infrastructure.

Transportation Fund and Transportation Projects in the Capital Improvements Fund and System Development Charge Fund

- Ongoing Initiatives: Pedestrian Safety Crossing Program, \$422,010

These projects are funded through a variety of funding sources such as the Urban Renewal Agency, State grants, federal grants, and General Obligation bonds. Pedestrian improvement projects throughout the City such as Sunnyside Road NE and Hollywood Drive NE

- New, *Utility Fund*: Salem Safety and Livability Bond Engineering Support, \$840,490

In November 2022, Salem voters approved a \$300 million general obligation bond that will provide a series of improvements to City facilities, roads, sidewalks and more. Additional engineering staff are needed to deliver projects in a timely and efficient manner.

5. Strong and Diverse Economy

A diverse economic base, robust job growth, business retention and recruitment, and a thriving, resilient downtown.

Cultural and Tourism Fund

- Ongoing Project: City Tourism Promotion, \$1,192,540

Fiscal year 2024 will reflect ongoing support from the Cultural and Tourism Fund for City Tourism Promotion. These dollars contribute to Travel Salem with the goals of marketing the City of Salem as a destination for visitors through local culture, history, arts, food and other aspects. This contribution aids in the promotion of Salem and results in a strong and diverse economy.

IV. Budget Overview – By the Numbers

Citywide

The Proposed FY 2024 Budget reflects an ongoing commitment to provide valued services for the community with a foundation of fiscal health and stewardship.

Total resources in FY 2024 for all City funds are estimated at \$902.5 million representing a 4.8% increase as compared to the FY 2023 fiscal budget. Expenditures total \$749.6 million, which represent a \$.03 million decrease from FY 2023. For more in-depth information about resources and expenditures and the factors that influence the year-over-year changes, please access the *Financial Summaries* section of this document.

FY 2024 Resources – Citywide – \$902.5

Chart in Millions

FY 2024 Expenditures – Citywide – \$749.6

Chart in Millions

General Fund

The Proposed FY 2024 Budget for the General Fund reflects current revenues of \$167.4 million with expenditures of \$185.2 million. The numeric table below compares the FY 2023 Adopted Budget (plus any Council-approved changes during the year) with the Proposed budget for FY 2024.

General Fund Budget Comparison (In Millions)	FY 2023 Adopted	FY 2024 Proposed	% Change
Current Revenues	\$ 156.0	\$ 167.4	7.3%
Beginning Working Capital	42.5	37.5	-11.8%
Total Budgeted Resources	\$ 198.5	\$ 205.0	3.2%
Total Budgeted Expenditures	\$ 169.3	\$ 185.2	9.4%

Aligning services with available resources is a strategic plan goal. As previously mentioned, additional resources will be needed in future years to meet the increased demand for current programs, and even more will be required for expansion of current programs or the provision of new services.

V. What's Next?

The Proposed FY 2024 Budget continues the work to align anticipated revenues and anticipated expenditures. A key focus for FY 2024, will be the prudent use of non-recurring funds and consideration of additional revenue to support recurring service needs. In order to ensure fiscal sustainability and adequate service levels to meet the community's needs today and in the future, there is more work to be done.

We will continue to have conversations about what funding levels are right for our community across all service areas, where the funding should be prioritized, and consider a multi-year vision for Salem to guide how we grow and change within our means. Long-term alignment, over five to ten years, will involve additional updates to the City's Strategic Plan. There is much work ahead for the City Council, staff, and the community to collaboratively develop and initiate strategies to solve the continued fiscal challenges.

All the analysis and planning represented in this budget is a product of dedicated City staff, an engaged and involved community, and the City Council's leadership to responsively develop, refine, and approve a continuum of plans, strategies, and

policies that guide City operations and the future of Salem. Each element is essential to our success in delivering high quality services, improving Salem's infrastructure, supporting the quality of life our residents value, and managing it all within sound fiscal practices.

My thanks to the Budget Committee for your service on behalf of the community and for your work on the City's budget.

Sincerely,

Keith Stahley
City Manager

Supplement to FY 2024 Budget Message

Personal Services Cost Factors and Work Force Changes

Salem is a service organization, and services are provided by employees. Various factors have been applied in the FY 2024 Budget to accurately estimate expenses for employees.

Salary and Wage Increases

The below table provides the salary adjustments employed in the budget for each work unit. Wage increases associated with current labor agreements appear in italicized text. Outside of a current agreement, a 5.0 percent factor is used for the first year outside of a contract and then 3.0 percent for each subsequent year. For most work units, rate increases are effective July 1. SPEU’s agreement for the police unit has escalations at six-month intervals.

Work Unit	% Increase
AFSCME	3.00%
Attorneys (SCABU)*	5.00%
Police (SPEU)**	1.50% / 1.50%
<i>Fire (IAFF)**</i>	5.00%
<i>Fire Battalion Chiefs (IAFF)**</i>	5.00%
Non-represented	5.00%
PCEA (9-1-1)*	5.00%

*Unit currently in negotiations**Increases July 1 and January 1

PERS Costs and Employer Rate Increases

The PERS rates used for the FY 2024 budget are 25.07 percent for Tiers 1 and 2, 23.10 percent for Oregon Public Service Retirement Plan (OPSRP) / Fire and Police, and 18.31 percent for OPSRP / General Service.

Health Benefits

The City’s rates are developed annually with the assistance of a consultant knowledgeable in the industry. The rate analysis is based on a review of national and statewide health care cost trends, legislated health care reforms, the required cash reserves to meet obligations year-over-year and the City’s claims activity from previous years. The rate of increase for health benefits premium costs is 6.5 percent for the City’s PPO plan. Dental plans and the vision plan remain unchanged.

A view of Citywide personal services costs for the FY 2024 Budget compared to the FY 2023 fiscal budget and prior year actuals appears on the next page.

Work Force Changes

The FY 2024 Budget includes a net increase 52.53 full-time equivalent (FTE) positions as compared to the FY 2023 adopted budget. Year-over-year changes are demonstrated in the adjacent table. Change for the General Fund is an increase of 38.03 positions. All other City funds add 14.5 positions.

For more information about work force changes, each department section of the six *Result Areas* contains a detailed explanation.

Detailed information on staffing and position salaries for all City departments is provided in the *Miscellaneous* section of the budget document.

FY 2024 Budget City of Salem Overview

About City Government

Council–Manager Governance

Salem operates under the council–manager form of city government. The Mayor and the City Councilors are elected by the citizens, and they develop the policies that will direct the operation of the City. The Mayor and Council hire the City Manager to implement their policy direction and manage operations. The *City Charter* provides the authority under which the City operates and outlines the roles of the Mayor, Council, and City Manager. *Salem Revised Codes* establish rules for governance and land use regulations.

Salem’s Mayor and City Council

City Council consists of the Mayor and eight City Councilors, each representing one of the eight designated wards of the City. Registered voters in each ward elect a Councilor, who resides in the ward, to represent them on the Council. The term of office for each Councilor is four years, with half of the Councilors standing for election every two years. The Mayor stands for election in all eight wards of the City and serves a two-year term. The wards are as equal in population as possible and may be adjusted every ten years when the census data become available. Each member of Council,

including the Mayor, has one vote. The Mayor and all Council members are unpaid volunteers who give their time to serve the community.

Managing City Operations

While the City Council and Mayor set laws, policies and goals for the City of Salem, the City Manager and City departments implement them. City departments and agencies provide services in specific areas to create a livable community and business-friendly environment. The City Manager directs the day-to-day administration of the City through Department Directors, who manage City government operations based on City Council direction, state and federal law, and City ordinance.

The City Manager is also the Chief Executive Officer of three separate municipal corporations – the City of Salem, the Salem Urban Renewal Agency, and Salem Housing Authority. The lines of business are as varied as the needs of the community. Each of these corporations is governed by a board. The City Manager reports to the boards and is their only employee.

Council's Other Roles

In Salem, the City Council also serves as the governing board for Salem's Urban Renewal Agency and Salem Housing Authority and participates on the Budget Committee.

- The *Urban Renewal Agency* of the City of Salem is a separate municipal corporation responsible for governing Salem's urban renewal areas. In Salem, the Urban Renewal Agency Board is constituted by the Mayor and City Council. The City Manager serves as the Executive Director of the Urban Renewal Agency.
- The *Salem Housing Authority* is a separate municipal corporation responsible for administering housing assistance to low- and moderate-income households in Salem. The Commission approves Salem Housing

Authority actions related to matters of policy in program operation, housing development, and resident services. In Salem, the Housing Authority Commission is constituted by the City Council and resident representative. The City Manager serves as the Executive Director of the Salem Housing Authority.

- On an annual basis beginning in April, nine residents join the Mayor and City Council to form the *Budget Committee* and develop a recommendation for the City's budget. The group looks carefully at the City's estimates for revenue, and costs of services and capital projects, to develop a recommendation to City Council on the budget to cover the period from July 1 through June 30 of the next fiscal year.

Mayor and Council – Mission, Vision, and Values

The Salem Strategic Plan, adopted by City Council in March 2021, articulates the mission, vision, values, and goals of the City organization. Salem’s Strategic Plan establishes policy priorities for the next three-to-five years and defines expectations of the Council and community for the services the City should provide.

During the creation of the 2021 Strategic Plan, a culmination of extensive community input on issues, followed by discussion and vetting of actions that would advance the policy issues by Council-led work groups, the Strategic Plan identifies five broad areas the community faces today and for which the Council and community expect to see progress in the near future:

- Addressing Homelessness
- Creating Community Resilience
- Increasing Equitable Delivery of City Services
- Building Great Neighborhoods
- Taking Action on Climate Change

Role of the City and Community Partners

To achieve measurable progress in each of these areas, the City will engage others and rely on partnerships with residents and businesses in our community who volunteer their time and support to our community. In some policy issue areas of interest to Council and the community, the City relies on the expertise, capacity and resources of our local

utilities, educational institutions, and State agencies to achieve broader outcomes.

Policy Agenda

City Council’s Policy Agenda draws from the Council and community defined priorities set forth in Salem’s Strategic Plan. Through its annual Policy Agenda, City Council agrees on its specific priorities for action in the coming year and provides direction on aligning resources towards the Strategic Plan result areas through the City’s budgeting process.

The Policy Agenda is organized around result areas—the community’s and Council’s expectations of services from the City. These result areas are derived from the vision, mission, and values in the Strategic Plan and provide the framework for the presentation of the FY 2024 budget.

Annual Cycle

The Policy Agenda is part of an annual cycle of developing the budget, policy and program evaluation, financial forecasting and reporting on progress. Each year, following input from residents, neighborhood associations, advisory boards and commissions, and the community at-large, the City Council will evaluate its policy priorities and progress toward its Strategic Plan outcomes. Through the City Council Policy Agenda, City Council agrees on specific priorities for

action in the coming year and makes those priorities clear to staff and the community. The City of Salem's budget will reflect priorities in the Policy Agenda. Staff then manage programs and activities, efficiently and effectively, and the

City's financial and human resources toward those outcomes. Each fall, staff will provide an annual community report on progress.

Salem Residents Satisfaction with City Services

According to the most recent annual Residential Satisfaction Survey, the majority of Salem residents expressed satisfaction with core City services such as emergency response, water and sewer, and quality of life services like parks and recreation and the Salem Public Library.

Residents continued to voice concerns about homelessness and housing affordability. Homelessness was a concern in 2016 at 7 percent, while the most recent survey from 2022 had 57 percent of residents saying it is the most important issue for Salem. Satisfaction with the City's response to ensuring that residents of all income levels have access to affordable housing decreased from 2021 by 7 percent.

The Salem City council commissioned the Residential Satisfaction Survey to better understand residents' priorities. The insights drawn from the survey and other outreach activities helps City leaders plan for the future of Salem. Residential Satisfaction Survey results are an input into the City Council's annual work plan and direction to the organization, the City Council Policy Agenda.

Municipal Government Services

Salem is a full-service city. The City of Salem provides its residents with services protecting health, safety, and welfare. Through day-to-day operations, as a regulating agency, and as a large employer, the City impacts many facets of our community.

Day-to-day, the City provides residents, visitors and businesses with services such as police protection and emergency response, sewage collection and treatment, and safe drinking water. As a regulator, Salem provides planning and permitting to help manage growth, while simultaneously supporting job creation and development. Through franchise agreements, the City provides access to the rights-of-way for public utilities and oversight of solid waste collection. The City owns, operates, and plans for infrastructure like streets, sidewalks, bike facilities, bridges, parking facilities, parks, and water and sewer pipes to meet community needs today and in the future. Other services go beyond the basics to provide amenities that increase quality of life, including recreation, libraries and educational programs, housing and social services, public spaces, streetscaping, and public art.

This year's budget is organized around the community's and Council's expectations of services from the City. These six expectations, or result areas, are derived from the vision, mission, and values in the Strategic Plan and provide the framework for the presentation of the FY 2024 budget.

Good Governance

The enterprise is managed to be fiscally sustainable, provide quality services equitably across our community, proactively engage all residents, be forward thinking, and build capacity and partnerships to prepare for the future. To achieve this outcome, Salem does the following:

- Ensures stewardship and sustainability of the City's financial, human, information, and physical assets;
- Clearly communicates responsive, accurate, and accessible information and services;
- Strengthens and encourages community and regional partnerships;
- Provides assurance of regulatory compliance to minimize and mitigate risk; and
- Maintains transparent, ethical, inclusive and accountable leadership and inclusive collaboration.

The primary services Salem provides to ensure Good Governance are as follows:

- City administration and support to the Mayor and City Council, public communications, and community partnerships to deliver services sought by the community and Council;

- Engaging and supporting Salem’s volunteer advisory boards and commissions, including facilitation of community member appointments to Salem’s Board and Commissions;
- Preparing the annual budget in collaboration with the 18-member Budget Committee and long-range planning for future capital needs and funding required to sustain the municipal corporation;
- Daily financial operations like employee payroll accounting and banking/investment services;
- Maintaining and repairing vehicles and equipment;
- Providing access to public records, supporting local elections processes, and offering legal counsel to all City departments;
- Managing all aspects of employment, including recruitment, labor relations, and employee training, development, and benefits;
- Managing, planning, operating and maintaining the technology infrastructure to support operations; and
- Maintaining and preserving City-owned facilities while providing tenants with a clean and safe work environment.

Natural Environment Stewardship

Protect natural resources including all waterways, tree canopy, and our natural ecosystem, and reduce impact from

the built environment and City operations on both the environment and all residents. To achieve this outcome, Salem does the following:

- Reduces the carbon footprint of the City and its operations in line with the City’s climate goals and conserves energy and natural resources;
- Protects and enhances watersheds, natural areas, and natural resources;
- Plans and designs the City's growth to achieve the City’s climate goals and minimize harmful environmental impacts;
- Provides leadership and education to the community to protect and preserve the natural environment; and
- Mitigates and abates natural and human caused threats to the environment.

To ensure its stewardship of the natural environment, Salem focuses primarily on providing the following services:

- Treating wastewater to meet water quality requirements;
- Monitoring and complying with environmental regulations;
- Supplying high quality drinking water to residents and businesses;
- Promoting and implementing environmental best practices, outreach and environmental education; and
- Constructing watershed, wetlands and fish ladder projects.

Safe and Healthy Community

Provide emergency services while proactively addressing the impact of crime, fire, natural disasters, and health emergencies to residents, visitors, businesses, and property. Salem achieves this outcome in the following manner:

- Fosters a climate of safety and inclusivity for all individuals where they live, work, and gather;
- Plans for and provides timely and effective response to emergencies and natural disasters;
- Actively engages with the community to proactively prevent crime, provide education on personal and community safety, and strengthen community preparedness;
- Encourages sustainable community redevelopment and rehabilitation practices; and
- Investigates and endeavors to solve crimes and address the needs of crime victims.

The primary services Salem provides to ensure a Safe Community include the following:

- Responding to emergencies by Police, Fire, 9-1-1 and ambulance services;
- Preparing within the community for natural and other emergencies;

- Ensuring buildings in our community are safe to occupy;
- Removal or abatement of nuisances or neglected property and graffiti abatement; and
- Administering a municipal court, prosecuting crimes, and adjudicating violations.

Safe, Reliable, and Efficient Infrastructure

An integrated municipal asset system of streets, bridges, bike paths, sidewalks, civic buildings, technology, and utility infrastructure. Salem achieves this outcome through the following:

- Uses City property and infrastructure for the public good;
- Manages water, stormwater, and wastewater safely and responsibly;
- Supports a balanced, accessible transportation system that reflects effective land use and reduces traffic congestion;
- Designs, constructs, and maintains an interconnected and multimodal transportation network that is safe, accessible, and sustainable for all; and
- Plans, operates, and maintains infrastructure networks.

Salem ensures a Safe, Reliable and Efficient Infrastructure, by:

- Operating, maintaining, planning, and constructing improvements to a multi-modal transportation network of streets, bridges, and pathways; and
- Operating, maintaining, planning, and constructing improvements to stormwater, water, and wastewater utilities.

Strong and Diverse Economy

A diverse economic base, robust job growth, business retention and recruitment, and a thriving, resilient downtown. Salem strives to achieve this outcome through the following activities:

- Creates opportunities for development, entrepreneurship, job creation, and economic innovation;
- Invests in programs, incentives, and technology that support business attraction, growth, and retention;
- Fosters community networks to act, connect, advocate, and cross-pollinate ideas across business sectors;
- Supports housing options, educational opportunities, and amenities that attract and develop a skilled and diverse work force; and
- Fosters regional and public / private collaboration to contribute to economic stability.

The primary services Salem provides to ensure a Strong and Diverse Economy include the following:

- Permitting private, commercial, and residential development;
- Marketing and promoting Salem’s tourism, cultural activities, downtown area, and the Convention Center;
- Working with economic development partners to expand local economic opportunities and grow local companies and jobs through business growth, retention and attraction;
- Offering capital projects and grant programs to support development and redevelopment within Salem’s South Waterfront, West Salem, Riverfront Downtown, McGilchrist, Mill Creek, North Gateway Jory Apartments and Fairview urban renewal areas;
- Operating the Salem Municipal Airport; and
- Permitting parking and enforcing parking regulations to ensure spaces are available for commerce.

Welcoming and Livable Community

Develop Salem to be a safe and well-maintained City with a mix of quality housing for all residents, access to parks, recreation, historic and cultural resources, and the arts. To achieve this outcome, Salem:

- Supports a long-term vision for future growth and development that strengthens, connects, and completes all neighborhoods within the community;
 - Promotes an inclusive and vibrant community offering diverse and affordable housing options across the City;
 - Creates and maintains parks, recreation areas, and other public spaces to offer activities that connect, benefit, and reflect our community;
 - Supports the arts, historically and culturally significant buildings and sites, and community events; and
 - Enhances access to multi-generational community enrichment and meaningful volunteer and neighborhood engagement opportunities.
- Long-range planning for future growth, reviewing development plans and land use cases,
 - Supporting eighteen neighborhood associations;
 - Offering multi-generational programming and access to physical and virtual collections at the Salem Public Library;
 - Maintaining and developing Salem's park system, coordinating community volunteers and special events, managing the City's recreation programs and Center 50+;
 - Administering projects and programs to enhance Salem's downtown and programs to support low to moderate income households;
 - Allocating federal funds granted to the City to assist low-income individuals and families with affordable housing or starting a business; and
 - Acquiring and maintaining the Salem Public Art Collection.

To ensure a Welcoming and Livable Community, Salem focuses primarily on providing the following services:

Living in Salem

Located centrally in the Willamette Valley, Salem was incorporated as a municipal corporation in 1860, just one year following Oregon's admittance into the United States. Like most towns with a working riverfront, Salem's central business core sprang up adjacent to the Willamette River with relatively small lot residential neighborhoods surrounding it.

The City encompasses 49 square miles and is located in both Marion and Polk counties. Salem is the state capital of Oregon and the county seat of Marion County. Salem's population, based on Portland State University's 2022 certified estimate, is 179,605, which establishes it as the second largest city in Oregon behind Portland.

The City government provides a full range of municipal services. As of July 2022, the municipal corporation has 1,323 full-time equivalent positions, equating to approximately 7.4 employees per 1,000 residents.

Salem is home to:

- State government and about 20,000 State employees working here;
- Willamette University, the oldest university in the West, which hosts nearly 2,300 students;
- The region's health care facility, which is Salem's top private company, employing almost 4,900; and
- Historic downtown and numerous historic and cultural attractions.

Living in Salem – Economy and Employment

Salem is home to a wide range of industries and private employers, with business-friendly taxes and fees and proven strengths in traded industry sectors. As the State's capital, the local economy is relatively stable and enjoys a wide variety of employment. In addition to agricultural production, the area is also a strong manufacturing and distribution region with a prime location on Interstate 5 between California and Washington. Stable, low-cost infrastructure and development costs characterize the area's business climate. Abundant, high quality water, stable electrical supply, and low-cost shovel-ready land are available to industrial and business customers.

The addition of high tech to the local economy has provided steady growth in manufacturing. Other industries include trade, transportation, utilities, agriculture, food and beverage processing, education, health services, and professional and business services. Major employers, in addition to government and the hospital, include Kettle Foods, Garmin, Yamasa, West Salem Machinery, Gilgamesh Brewing, T-Mobile, Walmart and Amazon.

Business tax structure is an important item for deciding where to expand or locate a business. Unlike most states, Oregon income taxes are calculated solely on relative Oregon sales, according to *Business Oregon*. And Oregon has no sales tax.

The area is within one hour of 80,000 college students from Portland to the north and Eugene to the south. Thirty-eight of the largest state agencies are based in Salem. Private sector employers and public officials collaborate on creative, industry-driven, and proactive approaches to supporting the work force development needs of the region's employers.

The City's leading private employer, Salem Hospital, offers and has been recognized for exceptional medical services. Recent awards include a ranking as a top cardiovascular hospital for the past five years, a 2021-22 Best Hospital by U.S. News and World Report, a nationally recognized provider for joint replacement care and recognition as a top work place in Oregon.

Living in Salem – Cultural Amenities and Recreation

Salem is an exceptional community for living and working with new and well-established neighborhoods. Residents represent many cultural and religious groups resulting in a vibrant and diverse community. Many who live in the Salem area do so because of its family-friendly ambiance.

Cultural Amenities

Salem offers unique historical attractions and cultural arts including non-profit theater, music, dance, literature, art associations, historical museums, and art galleries. Salem's Riverfront Park hosts a variety of events and is home to an outdoor amphitheater which was recently updated, Salem's Riverfront Carousel, and Gilbert House Children's Museum. Salem's downtown features distinctive boutiques, restaurants, breweries, cideries, and bakeries. Salem's very successful convention center anchors a southwest corner of the downtown adjacent to the Civic Center campus.

Outdoor Recreation

Outdoor enthusiasts enjoy Salem's more than 2,300 acres of parkland and outdoor activities including golfing, cycling, fishing, and boating. Salem earned bronze Bicycle Friendly Community status and was ranked by Bicycle Magazine as one of the top 50 cities in the United States for biking. The completion of the Minto Island bicycle and pedestrian bridge in 2018 was the final link in a network connecting three of

Salem's largest parks, two bicycle and pedestrian bridges, and more than 20 miles of off-road trails.

Sports enthusiasts enjoy watching Willamette University sports, minor-league baseball at the Salem-Keizer Volcanoes Stadium, or catching the Portland Timbers U23 soccer team at McCulloch Stadium. Wallace Sports Complex hosts local, regional, and national softball and soccer competitions, bringing in over \$3.5 million to the local economy during non-pandemic years.

Salem's public parks are a source of fun, beauty, and economic benefits. Salem's reservable facilities provide the perfect option for a company picnic, group outing, family reunion, or other special event.

Living in Salem – Education

Salem has an excellent K-12 school system, including public, parochial, and private schools, educating over 41,000 students each year. Grammy Award-winning music programs and high-performing athletes make the district unique.

In addition to Willamette University, which is adjacent to the state capitol, located within an hour of Salem are several universities, colleges, and vocational schools that provide undergraduate and graduate programs as well as work force training. Salem's Career and Technology Education Center, a new and growing public / private educational partnership, links students with training in key emerging sectors.

FY 2024 Budget

Budget Process and Financial Policies

The Municipal Budget

A budget for a municipal corporation, like the City of Salem, is a legal document that provides the City the authority to spend public money in accordance with local budget law.

In addition, the budget is

- a financial plan for the City for one fiscal year based upon estimates for resources and expenditures;
- an internal control mechanism that is referenced by City Council, the City's executive management, and City auditors;
- a policy document that reflects the plans and priorities of the City; and
- a public communication document that expresses the City's goals to our citizens.

A balanced annual budget is required by Oregon Budget Law (Chapter 294 of the Oregon Revised Statutes).

The law establishes standard procedures for preparing, presenting, and administering the budget. The law also requires citizen involvement in preparation of the budget – the role of the Budget Committee – and public disclosure of the budget before its formal adoption.

In addition to the budget for the municipal corporation, the City of Salem also has an Urban Renewal Agency and follows the same

guidelines in Oregon Budget Law for preparation and adoption of the Agency budget. The City of Salem Budget Committee also serves as the Agency committee.

Under Oregon Budget Law, a fiscal year is a 12-month period, beginning July 1 and ending June 30.

Role of the Budget Committee

Budget committees are required in Oregon's Local Budget Law, which can be found in the Oregon Revised Statutes (ORS) beginning with 294.305. The City of Salem's 18-member Budget Committee is comprised of nine elected officials and nine appointed volunteers. In Salem, there is one elected official and one appointed volunteer from each ward and two at-large members. The committee is the fiscal planning advisory board to the City Council. In its advisory role, the committee reviews quarterly financial reports and the City Manager's five-year financial forecast in the winter. Each spring, the committee receives quarterly financial reports, the City Manager's budget message and reviews and deliberates the City Manager's recommended upcoming fiscal year budget, while providing the public an opportunity to comment on it. The culmination of this work is setting the City's tax levy and recommending a budget to the City Council.

Preparing the Budget The “annual budget process” for the City of Salem, its City Council, executive management, managers, and financial analysts is continuous – a 12-month cycle that includes preparation, adoption, implementation, monitoring, and management.

The nine steps listed on the next page have been identified by the Oregon Department of Revenue as necessary to meet the requirements in law for budget adoption. The period of budget preparation to adoption for the City is approximately 7 months.

Step 1 – Budget Officer Appointed

For Salem, this employee is the Chief Financial Officer.

Step 2 – Preparing the Proposed Budget

The Budget Officer supervises the preparation of the proposed budget in conformance with the City Council’s policy agenda and direction, and with the City Manager’s guidance and oversight and the involvement and assistance of all City departments. City Council’s policy agenda is also informed each year by resident satisfaction surveying. In advance of this period of budget preparation (generally January through March each year), the City Manager presents a five-year financial forecast for the City’s General Fund and several other funds of particular note.

Step 3 – Public Meeting Notice

Budget law prescribes the method, timing, and content of the public notice for Budget Committee meetings. The City of Salem includes in the notice the location, date, and time of the meeting for the presentation of the City Manager’s budget message, as well

as all subsequent meetings scheduled for review of the proposed budget.

Step 4 – Budget Committee Meetings

At least one meeting must be held to receive the budget message and allow the public to provide comment. During April and May each year, the City of Salem holds several meetings, the first of which includes the presentation of the budget message. In the Spring of 2020, the City of Salem held all their Budget Committee meetings virtually for the first time. The City will return to in person meetings with the hybrid option for the FY 2024 budget year.

Step 5 – Committee Approves the Budget

The final meeting during the April – May period is designated for the Budget Committee to provide its recommendation to the City Council. As the City of Salem budget requires an ad valorem tax to be in balance, the Budget Committee also must approve an amount or rate of total ad valorem property taxes to be certified by the county assessor. The City’s permanent tax rate is \$5.8315 per \$1,000 of assessed valuation. In addition, the Budget Committee approves the tax levy for general obligation bonds. This amount varies annually depending on debt repayment needs.

Step 6 – Budget Summary and Notice of Budget Hearing

After the budget is approved by the Budget Committee, the City’s governing body – the City Council – must hold a public hearing. Once again, budget law prescribes the method, timing, and content of the notice for this meeting. In the City, this notice is referred to as the “legal ad,” and it comprises summary budget

information at the fund level – and in some cases, the department level – for operating expenditures and non-operating expenditures, as well as resources (beginning cash balance and anticipated new revenues).

Step 7 – Budget Public Hearing

The budget public hearing must be held by the City Council on the date specified in the public notice. The purpose of this hearing is to receive public testimony on the budget approved by the Budget Committee.

Step 8 – Budget Adopted, Taxes Declared, Appropriations Set

Following the public hearing, the City Council adopts the budget establishing appropriation authority – the amount that can be

spent – in each fund and setting and categorizing the tax levy. While the City Council can make changes to the budget approved by the Budget Committee prior to adoption, the tax levy may not be changed, and appropriations may not be increased by more than ten percent. The budget is adopted through a resolution no later than June 30.

Step 9 – Budget Filed and Certified

By July 15 of the new fiscal year, the City must submit tax levy certification to both Marion and Polk county assessors and copies of the budget resolution.

City of Salem Budget

The cycle of reporting and surveying; aligning community priorities and strategic goals through the City Council’s policy agenda; and then developing and presenting the annual budget.

Financial Policies

City Council policies represent an official position of the Council established by a majority vote of the Council. A policy establishes direction and guidance for the City's actions and response to a specific problem, issue, or need. Salem's City Council has 16 financial policies; a brief summary appears below. The complete index of City Council financial policies is available at: <https://www.cityofsaalem.net/government/city-council-mayor/about-city-council/council-policy>

Policy C-1 – Transient Occupancy Tax (TOT) Funding

Commonly known as a hotel / motel tax or lodging tax, the TOT is a nine percent tax charged for an overnight stay. The TOT is based on the nightly rate paid by the occupant and is collected for the City by the lodging operator or the booking / hosting service. The purpose of this policy is to provide guidance to the City Manager and the Cultural and Tourism Promotion Advisory Board for recommendations to the City Council for the use of TOT funds.

Policy C-2 – Debt Management

The City of Salem's debt management policy guides issuance of the City's debt obligations, retention or improvement of the City's existing bond rating, and maintenance of the City's ability and capacity to incur debt and other long-term obligations at favorable interest rates for capital improvements, facilities and equipment beneficial to the City and necessary for essential services.

Policy C-4 – Selection of Auditors

It is essential that the City Council trust and have confidence in the City's external auditor. The City Council, in compliance with State and City public contracting rules, participates in the selection of the City's auditor.

Policy C-5 – Capitalization Level for Reporting General Fixed Assets

The capitalization level for recording general fixed assets is \$10,000.

Policy C-6 – Reimbursable Expenses for Travel, Training, Professional Development, and Other City Business

Procedures in this policy guide reimbursement to the Mayor and members of the City Council for expenses that may occur while conducting City business.

Policy C-7 – Investment Policy and Portfolio Guidelines

The Investment Policy establishes investment objectives, provides guidelines, and sets forth responsibilities and reporting procedures necessary for the prudent management and investment of City of Salem funds. This policy was recently updated to include Environmental, Social, and Governance criteria for investing.

Policy C-8 – Budget and Revenue Policies

Council Policy C-8 provides Citywide operating budget guidance, including the adoption of a structurally balanced budget where

operating revenues are equal to, or exceed, operating expenditures. Policy C-8 also includes guidance on user fees, use of one-time resources, and grants.

The 2021-2026 Salem Strategic Plan and City Council 2022 Policy Agenda identified goals and actions to achieve this structural balance and provide for sustainable service delivery.

Policy C-9 – Capital Improvement Program

One of the primary responsibilities of local governments is the creation and preservation of a community’s physical infrastructure including roads and bridges; water, wastewater and stormwater systems; public buildings; parks and open spaces; and communication and information management systems. As this infrastructure requires a significant commitment of public resources, planning for capital improvements is a matter of prudent financial management. Policy C-9 provides the general principles under which the City’s Capital Improvement Program (CIP) is developed and implemented.

Policy C-10 – Building and Safety Fund Balance / Reserve

This policy establishes the components and uses of the fund balance for the Building and Safety Fund. Sound financial management practices include establishing designated and undesignated fund balances sufficient to provide:

- resources for events and service needs that were unanticipated during budget development;
- covering cash flow needs during a fiscal year; and

- providing a source of funds to sustain services during a temporary slowing in revenue and / or a source of bridge funding to allow transition to sustainable service levels.

Policy C-11 – General Fund Balance / Reserve Policy

This policy establishes a working capital or fund balance goal for the General Fund. Consistent with Policy C-10, this policy is guided by sound financial management practices related to the purposes for establishing and maintaining designated and undesignated fund balances.

The fund balance goal for the General Fund is 15 percent of current budgeted revenues. For purposes of preparing the budget, the fund balance consists of the contingency, service stabilization reserve and unappropriated ending fund balance. Funds appropriated and available to meet unanticipated events, service needs or revenue shortfalls during a current fiscal year. The proposed fiscal year 2024 budgets \$3.0 million in contingency which satisfies the contingency and reserve requirements of the policy. The remaining portion of the fund balance is unappropriated.

Policy C-12 – Fund Balance / Reserve Policy for the Emergency Services Fund

The City’s contract with Falck Ambulance is managed in the Emergency Services Fund. A service stabilization reserve equivalent to a minimum of six months of operating expenses, a contingency appropriation, and a set aside for capital equipment are included

in this policy. The minimum operating reserve would be sufficient to cover the cost for the City to resume ambulance service as the primary provider, if necessary.

Policy C-13 – Identity Theft Prevention Program

The City’s Identity Theft Prevention Program guides compliance with the Red Flag Rule and Oregon Consumer Identity Theft Protection Act (OCITPA) through detection, prevention, and mitigation of identity theft in connection with the opening of a new covered account or with an existing covered account with the City.

Policy C-14 – Utility Fund Financial Policy

Salem provides water, wastewater, and stormwater services to all Salem residents. In addition, Salem provides water and / or wastewater services to other communities in the Willamette Valley. Meeting the funding needs for the maintenance and reinvestment in each system is critical.

This policy guides forecasting and rate proposal development for sound financial management of the fund. The policy includes the establishment of an operating reserve (equal to 120 days of operations) and debt reserve (one year of outstanding debt service) levels, a subordinate debt coverage ratio (funding to make debt payments), and capital funding strategies to support fund management.

Policy C-15 – Use of City Resources for Marijuana Based Activities

Policy concerning the use of City resources, including City property and City funds for marijuana based activities.

Policy C-16 – Employee Benefits Self Insurance Fund Balance

The City manages its own health benefits self-insurance program. Policy C-16 provides for a rate stabilization reserve equaling 12 months of budgeted operating expense plus 10 percent of budget claims; a claims reserve based on an actuarial review; and a contingency account.

Policy C-17 – Risk Self Insurance Fund Balance

The City’s self-insured Workers’ Compensation and Liability programs are combined in this fund with a rate stabilization reserve equaling the minimum of the combined deductibles for each program and two times the property deductible for catastrophic losses; a claims reserve based on an actuarial review of the program; and a contingency account.

Policy C-18 – Post-Issuance Compliance Procedures Policy

The City issues debt for various sorts of capital projects. After issuing this debt, there are requirements to ensure that funds are being handled appropriately including distribution of duties among officials, records retention and annual review of bond financed property.

City of Salem Fiscal and Accounting Structure

The City's fiscal and accounting structure begins with a fund, which is used to record estimated resources (beginning working capital and current revenues) and requirements (all expenditure types plus unappropriated ending working capital) for specific activities or to meet certain objectives for a specific regulation.

Within a fund, the financial organization begins with a department (Police, Fire, and Community Development as examples) and can be further refined: Fund → Department → Division → Section → Cost Center. In the City's vernacular, this hierarchy is simply referred to as a "cost center."

The City's General Fund expenditure budget is adopted at the department level within the designation of operating expenditures (personal services, materials and services, and capital outlay) and non-operating expenditures (debt service, transfers, contingencies). Budgets for other City funds are adopted at the fund level with the same operating / non-operating expenditure designations.

City of Salem Fund Types

Financial activities of the City are accounted for in 24 funds, which are grouped into eight fund types.

Capital Project Fund Type

What: Records activities to build or acquire capital facilities

Most capital improvement projects of the City, including streets, parks, airport, and utility facilities and infrastructure are recorded in this type of fund. Principal sources of financing are bond proceeds, water and sewer use charges, system development charges, federal grants, and transfers from other City funds.

Debt Service Fund Type

What: Records repayment of debt

This type of fund is established to account for voter-approved, general long-term debt principal and interest payments supported by property tax. In addition, the City manages its pension obligation debt in this type of fund with the cost of the principal and interest payments covered by the nine City funds that include staff.

Enterprise Fund Type

What: Records activities for operating / maintaining a self-supporting service

This fund type is generally self-supporting with expenses covered by user charges or fees. An example of an enterprise fund is the City's Utility Fund, which accounts for the operation of the utilities with the primary revenue source of user charges.

General Fund Type

What: Records general activities of the City

This fund supports the general activities of the City with principal revenue sources of property taxes, franchise fees, state shared revenues, and charges for services to the public and other funds in the City organization.

Internal Service Fund Type

What: Records activities of centralized support services

Centralized functions like management of the City's fleet or the self-insurance program are recorded in this fund type. Principal revenue sources are rates charged to other City departments.

Reserve Fund Type

What: Accumulates funds to pay for services, projects, property, or equipment

Reserve funds are used to account for funding that is set aside for a specific purpose that supports the City's operations. The newly established Equipment Replacement Reserve Fund focuses on vehicle and equipment replacement with revenues derived from charges to other City departments.

Special Revenue Fund Type

What: Records activities supported by revenues designated for a specific purpose

Revenues for this fund type are generally considered limited in terms of the services that can be supported. Examples of designated uses of "special revenues" include state highway gas taxes supporting street maintenance, airport lease fees funding operation of McNary Field, and building permit charges covering the cost of inspections.

Trust and Agency Fund Type

What: Records funds held in trust for various groups and specific purposes

The City maintains several dozen separate funds for managing resources of various groups and / or for special purposes. The Trust and Agency fund type is also used by the City for the temporary holding of funds when the City acts as a pass-through agency. Examples of trust funds managed by the City include "Library Gifts" for receiving donations for library purposes, "K-9 Trust" for supporting the Police Department's service dog unit, and "Future Public Works Projects" for receiving funds from development to be applied to localized public improvements. For purposes of budget adoption, the City groups all of the trust and agency funds into one reporting unit. However, for accounting purposes, the funds are tracked separately.

FY 2024 Result Area *Wayfinding*

PBB Result Area Program Summary Displays

Using Priority Based Budgeting (PBB), the FY 2024 Budget displays the budget across the six distinct result areas that were previously outlined; Natural Environment Stewardship; Safe and Healthy Community; Safe, Reliable and Efficient Infrastructure; Strong and Diverse Economy; Welcoming and Livable Community; and Good Governance.

Result Area Summaries

Each result area has a summary of services and programs section that includes detailed program information. Each City program lists the FY 2023 Adopted Budget, the FY 2024 Proposed Budget, and the full time employee (FTE) count for the FY 2023 Budget and the FY 2024 Proposed Budget. For each program overall alignment is also displayed. A check mark icon (✓) under a Result Area icon means that the program referenced has some level of influence on that result area. The alignment column describes the overall influence (Most, More, Less, Least) as determined by the combined program score for all result areas and basic program attributes (BPAs). It is important to note that a "Less" or "Least" alignment does not mean that a program is not important or that the City should stop providing that service. A "Less" or "Least" alignment shows that a program does not have a strong influence in multiple result areas and basic program attributes, but it may still be essential to accomplishing the goals of one or more result areas.

Good Governance Result Area

Programs included in the Good Governance result area are generally internal facing programs. Some examples of programs in this category include Accounts Payable, Employee Development, and IT Service Desk Support. For governance programs, the information display is similar to that of the other result areas. Instead of result area icons, initializations are used and are defined as follows: CC = Clearly Communicates; LC = Leadership and Collaboration; RC = Regulatory Compliance; SS = Stewardship and Sustainability; and SP = Strengthens Partnerships.

Good Governance

Manage the enterprise to be fiscally sustainable, provide quality service equitably across our community, proactively engage all residents, be forward thinking, and build capacity and partnerships to prepare for the future.

Summary of City Services

The mission of the City is to provide fiscally sustainable and quality services to enrich the lives of present and future residents, the quality of our environment and neighborhoods, and the vitality of the economy. The half-billion-dollar municipal corporation operates under the council–manager form of city government. As of July 2022, the municipal corporation has 1,322.57 full-time equivalent positions, equating to approximately 7.41 employees per 1,000 residents.

Civic Center, Downtown Salem (2021)

Good Governance

City Manager

General Fund - supports the City Manager's Office administration

Equipment Replacement

Equipment and Asset Replacement Reserve Fund - supports the purchase of new vehicles and equipment Citywide

Enterprise Services

City Services Fund, Facilities Services - maintaining safe, common exterior areas for operations at the City shops complex

City Services Fund, Fleet Services - maintains and repairs City vehicles and equipment used for daily operations and operates a Citywide fueling station

General Fund, Human Resources - provides employee relations, labor relations, specialized training, recruitment and payroll services to all City departments

General Fund, Facilities Services - performs building maintenance, repair, asset management, and custodial services at City owned and / or managed facilities

Self Insurance Fund, Health Benefits - manages and coordinates employee medical, dental, vision, life, disability benefits programs and the City sponsored health clinic

Self Insurance Fund, Risk - provides risk and safety consultation services and oversees workers' compensation and liability claims for all City departments

City Services Fund, Connectivity / Telecomm - operation and maintenance of the City's telecommunication system; expansion of infrastructure

City Services Fund, Document Services - provides copy, mail, document production, messenger / courier, and archival services to all City departments

Finance

General Fund- budget, financial reporting, accounting and purchasing services

Legal

General Fund - provides legal advice and counsel to all City departments, prosecutes a variety of misdemeanor crimes, defends the City against claims in court, manages access to public records, and administers the local elections process

Mayor and Council

General Fund - supports meetings, special events, and training for the Mayor and City Councilors, the financial audit process, and hearings officer services

Non Departmental

General Fund - expenses that provide a Citywide benefit or that are not easily allocated to a specific department

Community-focused • Inclusive • Proactive • Accountable • Respectful

Good Governance

The enterprise is managed to be fiscally sustainable, provide quality services equitably across our community, proactively engage all residents, be forward thinking, and build capacity and partnerships to prepare for the future.

Ensures stewardship and sustainability of the City's financial, human, information, and physical assets

Clearly communicates responsive, accurate, and accessible information and services

Strengthens and encourages community and regional partnerships

Provides assurance of regulatory compliance to minimize and mitigate risk

Maintains transparent, ethical, equitable, and accountable leadership and inclusive collaboration

During the City's first year of implementing Priority Based Budgeting, programs in the result area of Good Governance were scored against the result area definitions noted at the top of this page along with program attributes of demand, mandate, reliance, cost recovery, and population served. The program pages of the Good Governance section of the budget document include a checkmark indicating in which of the Good Governance definitions a program was scored. The definition symbols in this section are: SS = Stewardship and Sustainability; CC = Clearly Communicates; SP = Strengthens Partnerships; RC = Regulatory Compliance; and LC = Leadership and Collaboration. Throughout the budget document, there are programs -- Operating and Technology Transfers, as an example -- that were not scored.

Good Governance FY 2024 Fund Overview

The City's financial activity is accounted for in various funds and are then grouped by the type of expenditure. The below table summarizes the result area expenditure budget by Fund, Department, and account group.

	Personal Services	Materials and Services	Capital	Interfund Transfers	Debt Service	Contingencies	Total
General Fund

<i>Total Number of Positions</i>	<i>227.45</i>			

Good Governance Result Area Expenditures by Department / Program

1. City Manager Summary of Services and Programs

Summary of Services

The City Manager’s Office (CMO) provides organization-wide administration, facilitates public communication, sustains community and neighborhood relationships, and coordinates Citywide special projects. To make our community a more diverse and welcoming place, the City ensures compliance with federal regulations pertaining to social justice and manages issues surrounding discrimination, prejudice, and human rights.

What's New in this Budget?

In FY 2023-24, the City Manager's Office will purchase new communications software that will work to increase public participation, diversity of participation and the City's volunteer base, outreach to Neighborhood Associations, advisory boards and other community groups. The City's Strategic Engagement and Communications Plan is anticipated to be completed at the end of this current fiscal year and the new software will allow for a jump start on plan recommendations and actions.

Work Force Changes

The City Manager's Office will have some positions and their allocations moving to the new Community Services Department. As a result, some of the programs displayed below demonstrate a decrease. In actuality, the variance between FY 2023 and FY 2024 are simply in another result area such as Welcoming and Livable Community.

Total General Fund	\$ 1,244,330	6.50	\$ 1,387,260	5.90						

2. Debt Service Summary of Services and Programs

Summary of Services

In 2005, the City of Salem bonded a portion of its PERS liability which has resulted in annual cost savings related to the City's full PERS obligation. To date, the City has saved approximately \$19.37 million from issuing this debt.

The funding source for the debt repayment is calculated as part of the City's personal services costs and is paid by funds / departments with employees. The debt service for the PERS pension obligation bond in FY 2024 is \$6,188,050.

For more information about the City's debt service obligations, see the Debt Service section of the budget document.

Debt Service Fund Program

	FY 2023 Program Budget	FY 2024 Program Budget
Pension Obligation Bond	5,949,470	6,188,050
Total Debt Service Fund	\$ 5,949,470	\$ 6,188,050

3. Enterprise Services Department Summary of Services and Programs

Summary of Services

The Enterprise Department was formed in FY 2022-23 in support of internal services, business continuity and Citywide strategic initiatives including: Information Technology, Human Resources, Payroll, Self Insurance Benefits, Employee Development and Training, Enterprise Strategy, Customer Service Center, Document Services, Fleet, Facilities and Risk services.

Department Mission: Connect and unify City services through technology solutions, employee development, strong partnerships, and exceptional customer experience with a focus on providing a safe, secure and inclusive environment for the City of Salem employees.

Department Vision: People and Technology Shaping the Future Together

Facilities and Information Technology arms of the Enterprise Services Department often work together to complete projects Citywide. A recent cross divisional project included audio / visual upgrade to the Council Chambers at City Hall. This new technology was available for the first meeting in January 2023. (Photo above)

Customer Service Center

The Customer Service Center is designed to be a central location where the community can access a comprehensive menu of services. The goal of the center is to provide an improved and streamlined customer service experience. While the Customer Service Center is open for virtual services and currently in a temporary location, the renovated physical space on the first floor of the Civic Center is scheduled to be operational in summer 2023. Our mission is to provide customer experience through professionalism, collaboration, inclusiveness, positive culture, and innovation. Our vision is to provide a positive customer experience through consistency, efficiency, and resourcefulness.

Fleet Services

The Fleet Services division provides preventive maintenance, inspections, remedial repairs, road calls and vehicle and equipment modifications / rebuilds. Fleet Services also provides fueling services, bidding, purchasing and upfitting new replacement fleet inventory.

Fleet Services follows the program methodologies of asset management, strategic management and user services. Asset management includes addressing the full life cycle of the City's fleet through cost efficiencies, preventative maintenance, inspections and remedial repairs to the City's fleet. User services includes making road calls, vehicles and equipment modifications / rebuilds and a complete fueling station. Strategic management is the long-term planning, administration and business operations which includes procuring goods and services, contractors of record, developing policies and procedures and creating and monitoring the annual budget.

3. Enterprise Services Department Summary of Services and Programs

Human Resources, Payroll and Self Insurance

Human Resources provides professional administrative support to all City staff through employee relations, policy development, analyses, records management, and payroll services. Staff also coordinate and manage negotiation activities with each of the five collective bargaining groups. The Self Insurance Benefits program area manages and coordinates all employee benefit and wellness activities, including the Health Hub, PERS eligibility, and deferred compensation, and ensures compliance with state and federal laws.

Risk Services

The Risk Division oversees two general program areas: workers' compensation and liability programs (auto, property, general liability). Under the liability program, staff manage and coordinate claims made against the City. Liability services also include analysis of risk and exposure, recovering costs and expenses directly and through restitution, negotiating insurance contracts, and consultation with the City departments on various risk issues including insurance requirements for contractors, vendors, and business partners. The workers' compensation program includes claim oversight, early return to work programs, and safety compliance and training.

Enterprise Strategy and Employee Development

Enterprise Strategy and Employee Development Division focuses on fostering the strategies that emphasize relationships, partnerships, and efficiencies. The division is comprised of five program areas: Business Analysis and IT Portfolio Management Office (PMO); Budget, Procurement, and Analysis; Employee Talent Acquisition; Employee Retention which includes DEI and Wellness initiatives; and Enterprise Training.

The Business Analyst team and the PMO provide support for IT projects and workflow improvements for Citywide initiatives. This structure provides additional oversight and resource planning to a long list of projects initiated throughout the City to provide increased efficiencies and operating cost reductions for the delivery of services to the community. Centralized budget, procurement, and analysis across the department creates standards, increases transparency, and supports data-driven decisions. The Employee Talent Acquisition, Retention, and Training sections provide a focus on the employee experience, specifically on onboarding, hiring, skill development, career enhancement, and focused attention on diversity, equity, and inclusion. These efforts allow the division to focus on strategies that improve recruitment success, develop employees in their current role as well as assist in meeting career path objectives, and provide for succession.

Work Force Changes

Human Resources, Risk, and Facilities will each be adding new positions in this budget. Human Resources will add four-full time employees including two senior HR analysts that will focus on labor negotiations and general human resources needs, a HR specialist to help with recruitment, and a program manager II that will continue work for Diversity, Equity and Inclusion began by a limited duration position.

Facilities Services is adding four new positions including two security officers for Civic Center Campus and two custodial workers which will primarily work on the new Public Works administration building.

3. Enterprise Services Department Summary of Services and Programs

Facilities Services

The primary function of Facilities Services is to maintain and preserve the City's assets while providing a clean and safe work environment for City employees and departments.

Facilities Services is comprised of three primary program areas: asset management, user services, and strategic management. The asset Management team focuses on addressing the full life cycle of City assets through cost efficiency and preventive maintenance. This includes design, construction, installation, and management of new and existing building operating systems (heating, ventilation, and cooling (HVAC); lighting; electrical; and plumbing systems), structures, repairs, and modifications. Staff also perform preventive maintenance and minor system repairs such as repair to concrete, roofs, overhead doors, damage/vandalism, elevators, and floor covering, among other trade disciplines.

User services is defined as work performed to keep the building safe, secure, and hygienic with aesthetic appeal. This includes custodial services, which provides 6-day-per-week service to clean and sanitize areas occupied by City staff and public areas utilized by the community. Requests by facility users, such as moving office furniture, building walls, hanging shelves, painting, adjusting keyboard trays, etc. are also included in user services.

Strategic management is the long-term planning, administration, and operations management of managing contracts, developing policies and procedures, and managing the annual budget.

Facilities Services works on projects at all City buildings, including Fire Stations. Station 1 had an HVAC replacement in the spring of 2022 using reallocated budget savings from the Pringle Parkade facilities improvements.

3. Enterprise Services Department Summary of Services and Programs

Summary of Services

Information Technology

The Information Technology (IT) Division is dedicated to keeping existing technology infrastructure operational and functional, maintaining a secure and malware free network environment, applying best practices and standards for application development and support, and providing devices and systems to allow City staff to conduct daily business and deliver high quality services to the Salem community. The IT Division focuses on delivering innovative, creative, and effective solutions to meet the needs and requirements of City departments, partnering with customers to meet their operational goals and strategic objectives, and being good stewards of City funds through active contract management, vendor negotiations, and proactive management and oversight of equipment, infrastructure, software, and application lifecycles.

The FY 2024 budget supports the IT Division's current portfolio of applications, infrastructure, and services. The strategic emphasis of this fiscal year's budget is automating business processes, implementing operational efficiencies, increasing and streamlining digital service delivery to the community, continuing application modernization and consolidation, improving security infrastructure and standards, and providing a consistent, professional service delivery to internal and external customers.

As an industry, annual costs for software licensing, hardware, and technology services continue to increase at higher levels than previous years. To mitigate the impact, the IT Division continues to modernize and enhance the City's portfolio of software solutions and expand functionality to meet internal and community needs. This is done through strategic infrastructure management, life cycle extensions, systems and solutions consolidations, and process improvements and efficiencies. This strategy has allowed the IT Division to increase technology efficiencies through the modernization of legacy systems, adopting an enterprise first approach, reducing redundant solutions, managing licensing structures, negotiating contracts, and updating and streamlining procedures.

Work Force Changes

The FY 2024 budget includes four new full time positions including one supervisor II, two administrative analyst I's, and one department tech support analyst II. The new Supervisor will oversee department tech support analysts. One of the administrative analyst positions will focus on procurement while the other will provide centralized departmental support. The department tech support analyst II position will support the Community Development Division of the Community and Urban Development Department.

3. Enterprise Services Department Summary of Services and Programs

Document Services

Document Services provides copy, mail, print production, graphic design, messenger / courier, and image / archive services to all City departments. This City service helps to reduce overall costs, control timelines, and provide high-quality services with little lead time. If you are reading a physical copy of this document, it was made by staff in this section.

The Citywide fleet of multi-function devices are contracted and managed centrally in Document Services. Several imaging and record archiving projects have been completed to support departments as they move from paper to digital records and processes. Document Services continues to support this work as more departments are transitioning to a paperless record storage environment.

Budget Fun Fact!

If you are holding a physical copy of the 2024 Budget Book in your hands, you have just one example of the work that the Document Services staff produce! While City financial reports are posted online, physical budget and reporting books are still in demand by both City staff and community members. Document Services provide timely and exacting printing and binding services that are relied on by many. (Photo at right - binding machine, photo below - multi functioning printer).

4. Equipment Replacement Reserve Summary of Services and Programs

Summary of Services

Considered a financial best practice, a reserve is the set aside of funding designated for a specific purpose to support City operations. To fund the Equipment Replacement Reserve, City departments are assessed charges to cover the cost of vehicle replacement. For more information about vehicles and equipment scheduled for replacement in fiscal year 2024, see the equipment replacement list in the Equipment Replacement Reserve Fund pages of the Financial Summaries section.

Long-term forecasting for vehicle replacement is employed in this fund to help plan for future expenses and balance those costs in department operational budgets against the goal of maintaining adequate reserves for the future.

Replacement Reserve Program

	FY 2023 Program Budget	FY 2024 Program Budget
Equipment Replacement Reserve	3,246,190	5,408,000
Reserve - Fleet	7,014,150	6,843,940
Total Equipment Replacement Reserve Fund	\$ 10,260,340	\$ 12,251,940

5. Finance Department Summary of Services and Programs

Summary of Services

The Budget, Finance, and Purchasing divisions collectively make up the Finance Department. In FY 2021, the Municipal Court was added to the department as a separate functional division. The Department maintains the City's financial operations, efficiently manages public funds, budgets for the City and URA, and provides transparent financial reporting information. To accomplish these goals, staff ensures there is an annual spending plan, produces financial forecasts, manages citywide purchasing activities, and creates long-term strategies for the financial health of the organization. Daily financial operations of the City include banking and payment reconciliations, financial analysis, managing investment portfolios, and assistance with purchasing requirements. Services also include creation of financial statements and monthly reports, issuance of payment to the City's vendors and suppliers, financial audits, annual contracting, and issuing bond debt.

Work Force Changes

With recently provided State and Federal monies including from the American Rescue Plan Act (ARPA), the Coronavirus Aid Relief and Economic Security Act (CARES) and various sheltering grants, there emerged a need for a position to handle all grant reporting. For the FY 2024 fiscal year, a management analyst II position has been added that will focus on this reporting. In future years, the position will work to seek out new grants and aid departments in researching for and obtaining grants. A senior fiscal analyst has also been added to provide needed financial planning and analysis support.

6. Legal Department Summary of Services and Programs

Summary of Services

The Legal Department supports the City Council and City departments in achieving policy goals, while ensuring compliance with the law, through providing excellent and timely legal advice and representation. Attorneys collaborate with departments to draft ordinances, administrative rules, real estate documents, contracts, and agreements. The City's attorneys also prosecute crimes in the Salem Municipal Court, represent and defend the City in civil rights actions, and property and personal injury claims. The City Recorder supports City Council, the Urban Renewal Agency and Salem Housing Authority meetings, manages the public record request process, acts as the custodian for all City records and serves as the City elections officer.

What's New in This Budget

The Legal Department will be replacing the case file management system that supports its prosecution unit. The system for Prosecution is a module with the Municipal Court system. The implementation process will begin at the end of FY 2023 with an anticipated launch date of June 2024.

Work Force Changes

A vacant staff assistant has been reclassified to a management analyst I and had additional authority added to create a .50 full time equivalent position that will focus on software replacements and special projects including replacing the agenda management system and implementation of a new prosecution file maintenance system. An additional assistant city attorney II was also added to support the City's growing general counsel needs.

7. Mayor and Council Summary of Services and Programs

Summary of Services

The Mayor and Council budget supports community activities, partnerships, meetings, and training for the City Council. It also funds a Citywide financial audit and hearings officer services. Comprised of the Mayor and eight City Councilors elected by residents, the City Council develops and decides on policies that affect the City government and Salem. All members of Council are unpaid volunteers who give their time to serve the community.

The FY 2024 Mayor and Council budget includes funding for a federal lobbyist to assist the City in obtaining additional federal support.

Total Mayor and Council	\$ 259,790	\$ 413,760						

8. Non Departmental Summary of Services and Programs

Summary of Services

Non Departmental expenses are not easily attributable to specific departments within the City. Several expenses in the Non Departmental budget are distributed among other service areas. As an example, the City's support for the Salem Housing Authority's Homeless Rental Assistance Program and the continuum of care homeless initiative are included in the result area, Welcoming and Livable Community.

The balance of expenses in Non Departmental, which are not distributed to other service areas, are noted below, and contribute to the outcome of Good Governance. Some expenses include: \$625,000 for the Housing Rental Assistance Program (HRAP); \$410,000 for unsheltered program programs like Safe Park, and the Warming Network, \$100,000 for environmental and hazardous waste clean-up, \$190,000 for climate action activities, and \$45,000 for community surveying. Also included in Non Departmental is the annual allocation to support cable television public access channels, a total of \$700,000.

The Non Departmental budget includes the General Fund's debt service payment of \$375,000 for the internal loan from the Utility Fund for Civic Center Campus capital needs including replacement of two transformers, security upgrades, renovation of the Civic Center first floor, elevator modernization at both the Salem Public Library and Civic Center, and lower parking lot lighting upgrades at Civic Center.

Good Governance *At Your Service*

Human Resources - You Can Sit with Us!

The Talent Acquisition arm of the Human Resources Division was hard at work this past year to fill vacant positions with high performing individuals. Outreach included multiple job fairs and events including the Goodwill job fair, Spanish Resource fair (2022 Expo Negocio), the 50th Anniversary of Civic Center and the Salem / Keizer Public School Youth job fair. There are more events planned through the rest of the year. The team's efforts to be more present on social media is also paying off! The photo to the left was used on the City's Facebook page to promote a recent event at Salem Center in March 2023.

Facilities Services - Let There be Light!

The project included installation of additional LED luminaries that distribute light evenly across perimeter sidewalks, providing more uniform lighting and better safety around the Parkade. Below pictures the final result at Marion Parkade.

Technology Updates and Services

In 2022, the Information Technology (IT) division of the Enterprise Services Department focused on continued infrastructure, application, and security improvements in support of the City's constantly evolving technological and business needs. This effort has continued to be critical to maintaining flexibility when responding to everchanging occupational safety and health needs for a great number of City staff. IT also focused on improving the City's operational efficiencies and meeting the community's expectations by supporting expansion of digital services, new applications, improving processes, and enhancing functionalities of various systems.

To improve technological solutions available to the community, the IT Division implemented the new City of Salem website in coordination with the City Manager's Office. IT also continued the partnership with the Human Resources Division to expand enterprise-level training solutions for various levels of organizational membership to assist with talent retention and employee growth initiatives.

IT continues to strategically replace and consolidate infrastructure and systems when possible to reduce the costs. Disaster recovery and business continuity continues to be a challenge. Off-site data backups were evaluated and maintained to ensure data integrity and efficient information transfer. Data storage capacity was a continued focus to support the City's growing digital support needs while maintaining security expectations.

To maintain adaptability and stay ahead of newly-emerging security threats, IT has continued work on Security Programs in conjunction with Citywide cyber security training. IT continues to improve the security of existing applications, network, and infrastructure through secure protocols and monitoring system performance.

The IT Division deployed, or is in the process of deploying, several systems to improve our constituents' service experience.

Successful implementation of GIS data management, analysis, and software to enable new solutions for asset management, 911 computer aided dispatch, demographics, transportation, utility billing, and open data updates on DataSalem. IT partnered with other departments for improved financial reporting, application interfaces, external KPI matrix delivery, and transparency in the data-driven decision making process.

The IT Leadership team continued evolving the City of Salem IT strategy roadmap that includes key initiatives designed to improve service delivery, application ownership and deployment, and process improvements. IT is also working to deliver several workflow improvements to support service and records digitization of HR, Payroll and Finance.

In an effort to align technology initiatives and projects with enterprise and community needs, the IT Technical Governance Committee continued focus on technical project prioritization. The work of this committee brings together effective use of project funding with the needs of our organization and community members.

Good Governance *At Your Service*

Name is Bond, GO Bond

During fiscal years 2022 and 2023, the Finance Department staffed a City Council sub-committee board to develop the 2022 Salem Safety and Livability Bond package for voter consideration in November 2022. In addition to this committee, Finance Department staff worked closely with financial advisors, bond counsel and other departments to provide timely and accurate information to the committee as the package was developed. Additionally, City staff went out to discuss the package with the community and receive feedback. In late 2022, the Finance Department was asked to speak at the Oregon Government Finance Officer's Association (OGFOA) fall conference on the bonding strategy. (Photo at right).

Budget Team Outreach

The Budget Office is comprised of five full-time staff who work with departments and the City Manager on the creation of the annual City and URA budgets, ongoing monitoring for spending Citywide and provide special project management / research. In the past year, the Budget Office has gone to several community events such as the Civic Center 50th Anniversary event, Spanish Resource Night at Center 50+ and the Salem Cloth Project to share news and information about the budget and how community members can get involved. The team looks forward to more events in the next year. (Photo at left).

Good Governance

At Your Service

Human Resource Operations Accomplishments

The Operations section in the past year made several changes to ensure the City remains competitive and desirable workplace as well as improve employee culture. Some of these accomplishments include:

Reviewed 190 classifications for market position/ compensation analysis,

Created new Ethics Manual and an alternative method for confidential ethics violations reporting,

Expanded health care with expanded mental health, Employee Assistance Program (EAP), and provider networks,

Juneteenth holiday adoption - acknowledging contributions of African Americans to our nation's history,

Revamped recruitment process to reduce the number of days to hire,

Offering more frequent performance evaluations with personalized feedback to probationary employees to encourage successful completion,

Expanding developmental opportunities to be more inclusive and providing more career development for staff to promote internal professional growth, and

Developed Citywide training program in addition to a training program for developing the City's next leaders.

Budget Fun Fact!

In a testament to the caliber of staff within the City, promotions within the City hit an all time high in 2022. Human Resources aids in these recruitments and the administrative work of transitioning of the employees to their new positions.

Good Governance *At Your Service*

EV Phone Home

Fleet and Facilities have recently installed its first electric vehicle (EV) charging station at the City Shops Complex. The EV station is the first as the group plans to transition to an electric fleet as vehicles are due for replacement. Additional chargers are forthcoming with the expanding EV fleet. (Photo at left).

Budget Fun Fact!

Did you know that Fleet Services sells used fleet and equipment through surplus? In 2022, \$184,520 in revenue was gained through the sale of aged equipment. These funds are used to replace the sold equipment with new and more efficient equipment.

Government Finance Officers Association

Certificate of Achievement for Excellence in Financial Reporting

Presented to

**City of Salem
Oregon**

Another year, another financial reporting award!

In the fall of 2022, the City's Finance Department was notified by the Government Financial Officers Association that they were the recipient of the Certificate of Achievement for Excellence in Financial Reporting for the 24rd time for their work on the fiscal year 2021 audit. This award is the highest honor for government accounting and demonstrates the thoroughness, accuracy and diligence in Finance accounting staff to maintain the City's finances. The City has applied for this award again for their work on the fiscal year 2022 audit and expects to receive a response on this application in the fall of 2023.

Natural Environment Stewardship

Supporting City Departments

Community Services

Public Works

Non Departmental

Protect natural resources including all waterways, tree canopy, and our natural ecosystem, and reduce the impact from the built environment and City operations on both the environment and all residents.

Summary of City Services

Cities impact the environment and natural resources directly through operations, services, and infrastructure (such as transportation, pathways, urban nature, and walkable neighborhoods), through development, and resident and business use of water, energy and waste systems. Many Salem activities protecting our environment, drinking water, flooding, stormwater, and wastewater treatment are the subject of state or federal laws to which the City must comply and may incorporate into local regulations. Salem also prepares and works to reduce flooding; supports an education program to keep streams clean; invests in parks, open spaces, and the urban tree canopy; balances land use needs today and into the future; plans for infrastructure needs as the community grows and changes; encourages Brownfield clean up and development; invests in energy efficient operations; and plans for resiliency of services to our community.

Bush's Pasture Park

Water testing (2018)

Pringle Creek restoration (2019)

Natural Environment Stewardship

Public Works

Utility Fund - operates and maintains the wastewater treatment processes at Willow Lake Water Pollution Control Facility, samples and tests water quality, manages stormwater to reduce pollutants entering local waters, monitors the flood warning system, and provides environmental education

Trust Fund - donations to offset the cost of environmental programs such as watershed, wetlands, and fish ladder projects; outreach; and education

Non - Departmental

General Fund - Climate Action Plan and activities, promotes and implements environmental best practices

Community-focused • Inclusive • Proactive • Accountable • Respectful

Natural Environment Stewardship

Protect natural resources including all waterways, tree canopy, and our natural ecosystem, and reduce the impact from the built environment and City operations on both the environment and all residents.

Reduces the carbon footprint of City operations in line with the City's climate goals and conserves energy and natural resources

Protects and enhances watersheds, natural areas, and natural resources

Plans and designs the City's growth to achieve the City's climate goals and minimize harmful environmental impacts

Provides leadership and education to the community to protect and preserve the natural environment

Mitigates and abates natural and human caused threats to the environment

Public Works	Stream gauges used for flood forecasting	18	

Natural Environment Stewardship

Protect natural resources including all waterways, tree canopy, and our natural ecosystem, and reduce the impact from the built environment and City operations on both the environment and all residents.

Reduces the carbon footprint of City operations in line with the City's climate goals and conserves energy and natural resources

Protects and enhances watersheds, natural areas, and natural resources

Plans and designs the City's growth to achieve the City's climate goals and minimize harmful environmental impacts

Provides leadership and education to the community to protect and preserve the natural environment

Mitigates and abates natural and human caused threats to the environment

Service Area Statistics

Service Provider Department	Statistic Description	The Number
Public Works	Water quality monitors used for modeling water quality trends	10
Public Works	Number of wastewater flow monitors	80
Public Works	Billion gallons of wastewater treated	15.2
Public Works	Mechanical, electrical, instrumentation and facility corrective work orders	617
Public Works	Mechanical, electrical, instrumentation and facility preventive maintenance work orders	7,481
Public Works	Dry tons of biosolids products produced	3,280
Public Works	Laboratory analyses conducted	44,352

During the City's first year of implementing Priority Based Budgeting, programs in Natural Environment Stewardship were scored against the result area descriptions and definitions for all five community-facing result areas along with program attributes of demand, mandate, reliance, cost recovery, and population served. The Natural Environment Stewardship section has been identified as the "home" result area for the programs on the succeeding pages. Adjacent to program budgets and FTE counts is a matrix of checkmarks indicating scoring in the other four community-facing result areas. This same matrix will be featured throughout the result area sections. Also, throughout the budget document, there are programs -- Operating and Technology Transfers, as an example -- that were not scored.

Natural Environment Stewardship FY 2024 Fund Overview

The City's financial activity is accounted for in various funds and are then grouped by the type of expenditure. The below table summarizes the result area expenditure budget by Fund, Department, and account group.

	Personal Services	Materials and Services	Capital	Interfund Transfers	Total
General Fund					
Non Departmental	\$ -	\$ 190,000	\$ -	\$ -	\$ 190,000
Community Services	31,720	770	-	-	32,490
General Fund Total	\$ 31,720	\$ 190,770	\$ -	\$ -	\$ 222,490
Utility Fund					
Public Works	\$ 14,024,380	\$ 8,919,770	\$ 320,000	\$ -	\$ 23,264,150
Utility Fund Total	\$ 14,024,380	\$ 8,919,770	\$ 320,000	\$ -	\$ 23,264,150
Transportation Services Fund					
Public Works	\$ 873,680	\$ 546,780	\$ -	\$ -	\$ 1,420,460
Utility Fund Total	\$ 873,680	\$ 546,780	\$ -	\$ -	\$ 1,420,460
Trust Fund					
Public Works	\$ -	\$ -	\$ -	\$ -	\$ -
Trust Fund Total	\$ -	\$ -	\$ -	\$ -	\$ -
Result Area Total	\$ 14,929,780	\$ 9,657,320	\$ 320,000	\$ -	\$ 24,907,100

Natural Environment Stewardship FY 2024 Department Overview

The City's financial activity is accounted for in various funds and are then grouped by the type of expenditure. The below table summarizes the result area expenditure budget by Department and account group.

	Personal Services	Materials and Services	Capital	Interfund Transfers	Total
1. Public Works	\$ 14,898,060	\$ 9,466,550	\$ 320,000	\$ -	\$ 24,684,610
2. Non Departmental	-	190,000	-	-	190,000
2. Community Services	31,720	770	-	-	32,490
Result Area Total	\$ 14,929,780	\$ 9,657,320	\$ 320,000	\$ -	\$ 24,907,100

Natural Environment Stewardship FY 2024 Budget Overview

The City is required to display all phases of the budget - the initial proposal from the City Manager, the recommendation of the Budget Committee, and the result adopted by the City Council. The columns in the numeric table (below) will be populated with numbers when each phase of the budget process is completed. Capital projects appear in the Capital Improvements section of the budget document.

Expenditures	Mgr Rec FY 2024	BC Rec FY 2024	Adopted FY 2024	% of Total
Result Area - All Funds				
Personal Services	\$ 14,929,780			59.9%
Materials and Services	9,657,320			38.8%
Capital Outlay	320,000			1.3%
Interfund Transfers	-			0.0%
Total Expenditures - All Funds	\$ 24,907,100			
<i>Total Number of Positions</i>	<i>104.65</i>			

Natural Environment Stewardship Result Area Expenditures by Program Grouping

1. Public Works Department Summary of Services and Programs

Summary of Services

The Public Works Department is dedicated to environmental stewardship and preservation through responsible wastewater treatment, careful natural resource management, and community-wide educational outreach. To protect Salem's natural environment, Public Works staff ensures environmental compliance with state and federal permits, completes water quality monitoring, detects and eliminates illicit discharges, implements industrial pretreatment programs, and provides 24-hour incident response to support the City's Public Works, Fire, and Police departments on environmental issues.

Environmental Compliance

Wastewater Treatment Operations. The Willow Lake Water Pollution Control Facility serves an area that comprises more than 60 square miles, including the cities of Salem, Turner, Keizer, and the urbanized areas of east Salem. The Wastewater Biosolids section ensures that all residual biosolids generated by wastewater treatment processes are beneficially reused in a manner consistent with regulatory guidelines as fertilizer and soil amendments on non-food chain crops. The Willow Lake Laboratory provides laboratory analyses for operation of the wastewater plant and collection system, drinking water plant and distribution system, stormwater system, and environmental compliance. The data generated is utilized to monitor compliance with regulatory requirements, analyze drinking water quality, identify unknown substances, complete process control and determine wastewater rates.

Erosion Prevention and Sediment Control. The City's Engineering Division implements the Department of Environmental Quality (DEQ)'s 1200-C construction stormwater general permit, which oversees the application, inspection, and enforcement of erosion control requirements. This program exists to ensure that groundbreaking development does not negatively impact natural resources in the city.

Stormwater Management. The Oregon Department of Environmental Quality issues Municipal Separate Storm Sewer System (MS4) permits and the 1200-Z Industrial Stormwater Permits to cities to ensure municipalities are following the federal Clean Water Act to reduce the number of pollutants entering waters of the state. The Stormwater Management section ensures that Salem remains in compliance with MS4 permit requirements throughout the City and 1200-Z Industrial Stormwater Permit requirements at the Salem Municipal Airport. Staff maintain a network of wetlands, natural areas, and green stormwater infrastructure, and conduct water quality sampling and environmental assessments. In addition, environmental monitoring personnel operate and maintain a network of rain and stream gauges as part of the early flood warning system.

1. Public Works Department Summary of Services and Programs

Environmental Compliance, continued

Bird Conservation. The City's Natural Resources Planning section is tasked with ensuring compliance with the federal Migratory Bird Treaty Act (MBTA) and protection of avian species included under the Endangered Species Act and the Bald and Golden Eagle Protection Act. Compliance is largely accomplished through implementation of the City's 2017 Bird Conservation Strategy, permits from the US Fish and Wildlife Service and cooperative agreements with the US Department of Agriculture Animal and Plant Health Inspection Service. (Photo below).

Wetland and Waterway Conservation. City projects and maintenance of City assets sometimes occur within wetlands, waterways and waterbodies that are under the jurisdiction of various state or federal agencies such as the Oregon Department of State Lands and the US Army Corps of Engineers. The Natural Resources Planning section works closely with the City's Engineering Division to ensure that proper permits are obtained and unavoidable impacts to wetlands and waterways are minimized during implementation of City projects. (Photo above).

Environmental Monitoring

Water Quality Monitoring and Analysis. Technical Services implements technologies to monitor water quality and watershed health, particularly for harmful algal blooms, including remote monitoring, data analytics, and visualization. The section provides the Water Quality workgroup with cutting-edge tools and techniques for monitoring the community's vital resources.

Sewer Flow Monitoring Network. Responsible wastewater management is achieved through a network of real-time flow monitoring gauges within the wastewater collection system to optimize system capacity and reduce sanitary sewer overflows. This network enables collection system operators to observe and forecast potential sewer flows during rain events, which allows adjustments to the treatment process at both Willow Lake Water Pollution Control Facility and North River Road Wet Weather Facility.

1. Public Works Department Summary of Services and Programs

Environmental Monitoring, continued

Stormwater Quality Monitoring. The City's environmental permits require ongoing monitoring of in-stream and in-pipe water quality. Monitoring staff collect monthly in-stream samples at multiple sites on local streams and the Willamette River, maintain a system of continuous water quality monitoring stations, and conduct storm event sampling as well as dry-weather outfall sampling.

Early Flood Warning System. The early flood warning system consists of rain gauges and stream gauges throughout the City and into the upper Mill Creek watershed. This network of gauges provides the City, its partners, and residents with valuable information and lead time to prepare for an anticipated flood event. This system allows staff to establish thresholds for a variety of storm intensities and associated response actions. Together, the City's early flood warning system and flood response plan contribute to a discount in the City's flood insurance program through the National Flood Insurance Program's Community Rating System. (Photo at left).

Emerging Contaminant Monitoring. The U.S. Environmental Protection Agency (EPA) published the proposed Fifth Unregulated Contaminant Monitoring Rule (UCMR 5) in March 2021. UCMR 5 will provide new data that is critically needed to improve EPA's understanding of the frequency that 29 per- and polyfluoroalkyl substances (PFAS) are found in the nation's drinking water systems and at what levels. The City conducted sampling and testing of our finished drinking water under the UCMR 5 requirements in January 2023 and will continue to follow the monitoring schedule for other rounds of testing. No PFAS were detected above laboratory minimum reporting limits in the City's treated drinking water in this round. In December 2022, EPA issued a memo to all the EPA's regional directors about addressing PFAS discharges in Wastewater NPDES permits through the pretreatment program and monitoring programs. There are no PFAS advisory levels or regulations for wastewater in Oregon, yet. The City is taking steps to learn more about PFAS at the wastewater treatment plant and is working closely with the Oregon Association of Clean Water Agencies and State and Federal agencies to find long-term solutions. To understand the magnitude of the issue the City will be facing, the City has voluntarily collected samples of the wastewater entering the wastewater treatment plant (influent), treated wastewater leaving the treatment plant (effluent), solids that are generated after treating the wastewater (biosolids), upstream and downstream from our discharge location on the Willamette River and will continue doing so quarterly going forward. The City has also sampled and is in the process of testing any leachate (wastewater from landfills and similar sources) that is received into its sewer collection system from permitted industrial users disposing their waste into the City's system for treatment.

1. Public Works Department Summary of Services and Programs

Environmental Monitoring, continued

Tree Canopy and City Tree Inventory. Salem Revised Code Chapter 808 requires the City to conduct an urban tree canopy assessment every ten years. The last tree canopy assessment was completed in 2019 and found that Salem had 24 percent tree canopy cover. The current goal is to attain 28 percent canopy by 2030, and the City has implemented a variety of tree planting programs designed to support this objective. Since 2018, the City's Urban Forestry section has been surveying street trees in Salem to gain a more detailed understanding of Salem's urban forest structure and to help ensure the long-term health of City-owned trees. (Photo at right).

Environmental Education

Youth Education. The City's youth environmental education programs strive to build environmental stewardship in the community through education, engagement, and action. Youth education programs also include the Adopt-A-Stream program, environmental STEM (science, technology, engineering, and math) afterschool programs, and Water World events. (Photo at left).

Clean Streams Initiative. The Clean Streams Initiative is the overarching program for many stormwater-related programs and projects including the Free Tree program, the riparian enhancement program, the storm drain marking program, and riparian site visits. The Outreach and Education staff are involved in many communication opportunities including in-person community outreach events, in-school education, and in-person riparian assessments.

Natural Resources Education. Natural Resources Planning staff develop informational resources and share information about natural resource challenges and current priorities with the public, City staff, and businesses. Current focus areas for natural resources education include coexisting with beavers, bald eagle nesting, pollinator habitat, integrated pest management, planting and caring for trees, and preparing for the arrival of the Emerald Ash Borer.

Workforce Changes. The 2024 budget includes three new positions; one limited duration and two permanent. The Stormwater Quality section includes the addition of a limited duration administrative analyst I to support the renewed DEQ-issued Stormwater permit and a stormwater / parks maintenance operator to assist with the increasing maintenance needs of the City's vegetative stormwater infrastructure and natural areas asset portfolio. The Technical Services section includes a new GIS analyst to provide dedicated support to the City's stormwater utility.

1. Public Works Department Summary of Services and Programs

What's New in This Budget?

Willow Lake Water Pollution Control Facility Plant Improvements. Several improvements to the Willow Lake Water Pollution Control Facility Plant are scheduled for the next fiscal year. These include:

-  South Secondary Clarifier Rehabilitation,
-  Primary Digester Recoating and,
-  Biosolids Storage Expansion.

Renewed Municipal Stormwater Permit and Stormwater Master Plan Adoption. The City's renewed stormwater permit went into effect in October 2021. The Stormwater Quality workgroup and Engineering Division will be engaging a consultant team to revise stormwater codes and design standards in conformance with the new National Pollutant Discharge Elimination System (NPDES) Municipal Separate Storm Sewer System (MS4) Permit. In addition, the Utility Planning Section will be bringing the completed Stormwater Master Plan before City Council for adoption by the end of the year.

Wastewater Monitoring System Pilot Project. In the upcoming months, the City will begin a sewer system monitoring pilot project by adding three organic consumption sensors. If the pilot is successful, the City will install additional sensors to create a network of streaming online monitors in the sewer system. This network will help protect workers and Salem residents, manage the impact of wastewater on the collection system pipes, and serve as an early warning system for any unusual pollutants discharged into the system that could disrupt the wastewater treatment process. By providing real-time insight into the characteristics of wastewater, the sensor system will ensure that the most appropriate treatment options are implemented, and the City remains in compliance with Department of Environmental Quality standards and requirements.

Temperature Total Maximum Daily Load (TMDL) Plan - Tree Planting. In FY 2024, work toward meeting goals from the City's Total Maximum Daily Load (TMDL) Plan 2021-2026 will continue through updating and implementation of a riparian outreach plan, development of a backyard buffer program, and planting of native trees and shrubs along streams on City-owned properties

Park Tree Inventory. The City of Salem tree inventory currently has 36,000 asset points, primarily in the City's rights-of-way. The Urban Forestry workgroup will be focusing on inventorying trees in high use park areas in 2023. Parks Planning will hire an intern to work with the Urban Forestry section for the summer of 2023 with a primary focus of tree data collection in park areas.

Emerald Ash Borer Monitoring. Emerald Ash Borer (EAB) is a highly destructive invasive tree pest that made its first appearance on the west coast on June 30, 2022, in Forest Grove, Oregon. It may be years before EAB reaches Salem, or it could already be here. City staff are working closely with the Oregon Department of Forestry on a readiness and response plan to prepare for the insect's inevitable arrival. In spring 2023, the City will start monitoring ash trees for EAB using a combination of visual surveys and strategically placed traps.

Natural Environment Stewardship

At Your Service

Environmental Compliance

Willow Lake Cogeneration System. The energy cogeneration system was put into service in June 2020 and has consistently provided 52 percent of the power consumed at the treatment facility since warranty repairs were completed in March 2022. The engine-generator is fueled by bio-gas produced through the anaerobic digestion solids stabilization process. In addition, heat from the engine is used to keep the anaerobic digesters at optimum operating temperature and provide space heating for the administration and maintenance buildings. The project was funded with utility rates and grants from Portland General Electric, Energy Trust of Oregon, and the Oregon Department of Energy. (Photo at right).

Willow Lake Water Pollution Control Facility Improvements. In FY 2023, the Willow Lake Water Pollution Control Facility continued the design phase for increasing secondary treatment capacity. Two projects will be initiated in FY 2024: the North Secondary Clarifier replacement and the Aeration Basin Hydraulic Improvements. Over the next five years, secondary capacity is projected to increase by 60 million gallons per day at a cost of less than \$4 million.

Willow Lake Biosolids Program. The Willow Lake Biosolids program achieved its goal of 100 percent local application of residual biosolids for the second consecutive year. Through onsite dewatering of the material, use of internal drivers for hauling, and onsite storage improvements, the workgroup realized a reduction in transportation, storage, and labor costs. Willow Lake is continuing to promote its biosolids program moving into FY 2024 and is seeking to add more local acreage to its current application area. (Photo at left).

Natural Environment Stewardship

At Your Service

Environmental Compliance, continued

Willow Lake Laboratory. The laboratory at Willow Lake Water Pollution Control Facility maintained its accreditation by the Oregon Environmental Laboratory Accreditation Program (ORELAP) for cylindrospermopsin and microcystin analyses in 2022. The lab performed 38,026 water and wastewater analyses on samples collected throughout the city and will continue to support NPDES permit sampling per DEQ requirements.

Willow Lake Operations & Maintenance. The Willow Lake Operations and Maintenance workgroup continues to see increased equipment and process reliability due, in part, to the completion of 7,417 preventative maintenance work orders, which contributed to a 7 percent decrease in corrective maintenance work orders over the previous year. The workgroup has also improved the ultraviolet disinfection system at the River Road Wet Weather Treatment Facility, which provides for more reliable permit compliance.

2021 Stormwater Permit Implementation. The City of Salem’s revised National Pollutant Discharge Elimination System (NPDES) Municipal Separate Storm Sewer System (MS4) Permit went into effect October 2021. As part of the permit requirements, staff completely revised the Stormwater Management Program (SWMP) Document and the Stormwater Monitoring Plan and submitted them to the DEQ. In January 2023, the Department of Environmental Quality approved these new documents which guide many Stormwater Quality section tasks and goals. (Photo at left).

Stormwater Inspections Program. The Stormwater Quality section’s inspection staff have a regulatory directive to inspect approximately 5,000 public and private stormwater facilities every five years. Staff also inspect approximately 400 detention basins annually as part of the requirements necessary to maintain the City’s favorable Class 4 designation in the National Flood Insurance Program’s Community Rating System. (Photo at left shows before cleaning and the right shows after)

Natural Environment Stewardship

At Your Service

Environmental Compliance

Mercury Implementation Plan. The Mercury Implementation Plan guides many Stormwater Quality section goals and tasks to reduce mercury in stormwater to the maximum extent practical. The plan was submitted to the Oregon Department of Environmental Quality in October 2022.

Natural Area Management. Stormwater Quality staff removed invasive weeds using herbicide and mechanical methods, replanted native species, fixed irrigation systems, and monitored site conditions for permit requirements at several large natural area / mitigation projects, including the Pringle Creek Mitigation area, the Waln Creek Mitigation area, and the Gaia Oak Savanna. The Gaia Oak Savanna project, funded by a Landowner Assistance Program Grant from Marion Soil and Water Conservation District, included treating and removing blackberries and reed canary grass and planting native plants. Staff worked with local tribes and obtained an archeological survey before the ground was disturbed. The grant was closed out in February 2023 and requires 10 years of maintenance.

Photo to the left shows overgrowth in the Gaia Oak Savanna prior to mitigation. The photo to the right shows easy creek flow after removal and maintenance.

Stream Crew. In FY 2023, the nine-member Stream Crew inspected approximately 61.5 miles of streams identified in the FEMA (Federal Emergency Management Agency) Community Rating System, inspected additional creek miles categorized as Minimal Flood Potential, removed 75 cubic yards of green waste, and picked up over 20,000 pounds of trash. (Photo below).

Salem Climate Action Plan. In February 2022, City Council accepted the Salem Climate Action Plan which provides actions and initiatives designed to reduce greenhouse gas emissions and to increase the community's resilience to the potential adverse impacts of climate change.

Natural Environment Stewardship

At Your Service

Environmental Compliance, continued

Public Works Operations Greenhouse. The Public Works Operations Greenhouse grows many plants needed for City stormwater facility plantings. In 2021, the greenhouse produced thousands of plants including camas, checker mallow, asters, rushes, sedges and two species of milkweed. In 2022, the greenhouse produced over 10,000 rushes and sedges which would have cost around \$8,000 to purchase through a nursery. (Photo at left).

Trees and Shrubs Planted. Through City-sponsored programs, over 160,000 trees and shrubs were planted in 2022. Many of these were native species planted along Salem streams in parks and within the Minto Island Conservation Area. City-provided grant funding supporting areas impacted by the 2020 Beachie Creek wildfire resulted in the planting of over 94,000 stems (native trees or shrubs) in February and March of 2022. (Photo below).

Oregon's First Community Microgrid. In partnership with Portland General Electric, the City received a \$1 million grant from the Oregon Department of Energy through the Community Renewable Energy Grant Program to construct Oregon's first-ever community microgrid in Southeast Salem. This small-scale electric grid will collect excess solar power from the new Public Works Operations Building and store it at the Salem Smart Power Center to provide a backup power supply during emergencies.

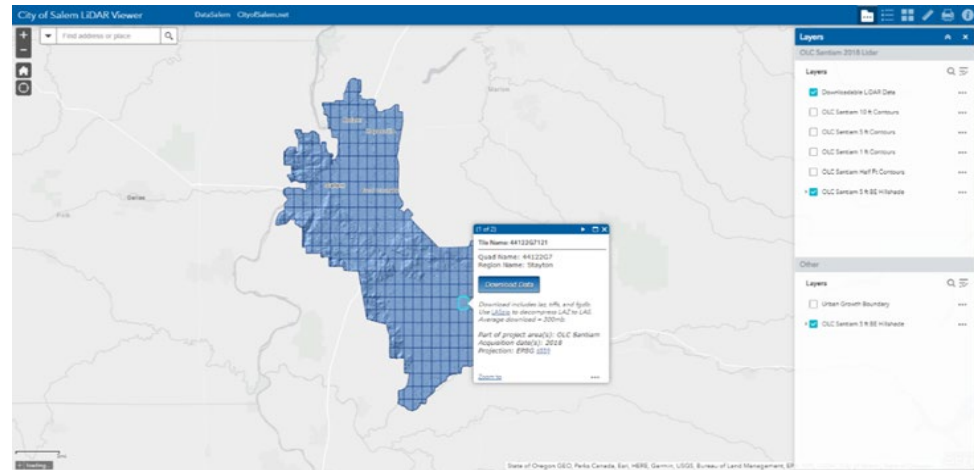

Natural Environment Stewardship

Environmental Monitoring

Open Data Elevation Products Online Portal. Elevation information requests are routinely submitted to the City by the public and professional consulting companies. The previous process to respond to these information requests was complicated, slow, and outdated. Technical Services has created a new application in which customers can request different elevation data by grid. Selecting a grid presents a button to download elevation data. (Snapshot at right).

Unmanned Aircraft Systems (Drone) Support. In FY 2022, Technical Services flew 29 drone missions supporting a wide range of projects and needs. Some noteworthy projects include collecting marketing and promotional pictures and videos for the new Gerry Frank | Salem Rotary Amphitheater, landslide mitigation investigation for South River Road, and Minto-Brown Slough Ludwigia (an aquatic invasive plant) monitoring. (Photo at left).

Image Server and Digitizing. Technical Services and Information Technology set up a new GIS image server that allows imagery products to be easily accessible via web browsers. Technical Services is also actively digitizing all projects into the City's GIS database; 558 construction plans were digitized this fiscal year.

Natural Environment Stewardship

Environmental Education

[Clean Streams Initiative \(Environmental Outreach Programs\)](#). The Dump No Waste, Drains to Creek program resulted in 390 storm drains being marked, far exceeding the 100-mark goal. The program has benefitted from the contact-free platform and the online interactive map that allows volunteers to input drain locations that have been marked and locate drains that need to be marked. The annual Erosion Control and Stormwater Management Summit, hosted virtually in 2022, provided a learning opportunity for 117 registered attendees. Volunteers coordinated through Friends of Trees, continue to remove invasive vegetation species and plant native Oregon plants as part of multi-year projects at Orchard Heights Park and McKay Park. Staff returned to more in-school and in-person outreach and education events. In 2022, staff attended 17 events with a total audience of 13,342 and 13 educational events with a total student population of 854. The workgroup looks forward to the return of the Youth Environmental Education Program (YEPP) for the 2023-24 school year. (Photo at right).

[Emerald Ash Borer Web Content](#). Press releases and news articles went out across the state in July 2022, alerting the public to the arrival of Emerald Ash Borer (EAB) to Oregon. Staff acted quickly to issue a news release on the City's website and develop a webpage to share important information about this pest with residents. The EAB webpage will be updated as new information becomes available, and the City plans for its arrival.

[Mayor's Monarch Pledge](#). In February 2023, Mayor Hoy reaffirmed the City's commitment to increasing awareness and habitat for monarch butterflies and other pollinators in Salem through continued participation in the National Wildlife Federation's Mayors' Monarch Pledge. Pollinator habitat has now been established at six Salem parks and the Civic Center, as well as in multiple roadside green stormwater facilities and rights-of-way. Each year new locations for pollinator habitat are identified and planted on City property, and City staff continue to raise private landowners' and residents' awareness about pollinator habitat establishment through social media outreach, volunteer planting events, and seed and milkweed giveaways.

Natural Environment Stewardship

Environmental Education, continued

Neighborhood Tree Program. FY 2023 was the second year of the City's tree canopy pilot program, which focused on the North Lancaster and East Lancaster neighborhoods. Residents were notified of the opportunity to obtain free street trees and low-cost yard trees through focused mailers from the City and Friends of Trees, social media posts, and canvassing in select areas. As a result, 43 new trees were planted at 23 residential addresses. In FY 2024, staff will continue efforts to improve outreach and web content related to this and other tree programs. (Photo below).

Coexisting with Beaver Web Content. The beaver population in Salem appears to be growing, and City staff and residents are reporting an increase in beaver foraging and dam building. Beaver are native animals whose activities are often highly beneficial for the natural environment, but, in an urban setting, they can cause damage and create challenges for property owners. Many of these conflicts can be resolved or minimized by implementing coexistence strategies. The City's website now provides useful information that will help residents better understand our state animal and learn how to coexist with them. This website has been featured in multiple outreach materials to streamside residents.

Bald Eagle Nest Monitoring Program. The Bald Eagle Nest Monitoring program, which started in February 2022, is a citizen science program that engages volunteers in collecting observational data about active bald eagle nests located in or near City parks. Information gathered is used to ensure compliance with the Federal Bald and Golden Eagle Protection Act and to adaptively manage areas of City parks in close proximity to the nests. In winter 2022, staff provided training to over 100 volunteers and created a series of webpages to share information about bald eagles and the volunteer monitoring program, including an Eagle Nest Watch News page that is updated weekly with observations collected from volunteers. (Photo above).

Safe and Healthy Community

Salem provides emergency services while proactively addressing the impact of crime, fire, natural disasters, and health emergencies to residents, businesses, and property owners.

Summary of City Services

Public safety is a critical function of local government. In Salem, our 9-1-1 call center sends Police, Fire, and emergency medical services to those in need and keeps Salem safe by protecting residents, visitors, and properties from harm in the event of a natural disaster or other emergency. In addition to responding directly, we plan and prepare our community for situations that may threaten health or safety. Salem also has a Municipal Court, responsible for protecting the rights of individuals and prosecuting crimes that impact the quality of life in Salem.

Bomb detection robot tour (2019)

Drinking water distribution (2018)

Fire Department -
"Take your Child to Work" Day (2018)

Safe and Healthy Community

Finance

General Fund - municipal court administration, judicial resources, criminal adjudication, and violations bureau

Community and Urban Development

Building and Safety Fund - building permits, plans review, and construction inspection to meet State Building Codes, on-site evaluation of dangerous buildings

Equipment Replacement

Equipment and Asset Replacement Reserve Fund - supports the purchase of new vehicles and equipment Citywide

Fire

General Fund - fire administration, emergency operations, and fire and life safety

Emergency Medical Services Fund - administration, advanced life support, emergency medical transport, and EMT training

Fire Trust Fund - fire prevention / education / donations

Kingwood Water Tower used for mounting telecommunications and radio equipment

Radio Communications, City Services Fund - operation and maintenance of the City's radio communication infrastructure

Willamette Valley Communication Center (WVCC) Fund - 9-1-1 call-taking and dispatch for 29 Police, Fire, and EMS agencies

Non Departmental

Traffic Safety Fund - new fund for the expansion of photo red light enforcement and the addition of "speed on green" photo enforcement

Police

General Fund - police administration, support, investigations, and patrol

Police Trust Funds - Property income for police purposes from unclaimed and abandoned property, evidence funds transferred through court order / donations received for the support of the Police Department's "K9" unit / restitution and other revenue dedicated to law enforcement use / donations to purchase materials for students participating in the D.A.R.E Program / donations for installation of neighborhood watch signs / proceeds from forfeited assets

Regional Records Management System Fund - automated police records field reporting and management system for 14 law enforcement agencies

Community-focused • Inclusive • Proactive • Accountable • Respectful

Safe and Healthy Community

Provide emergency services while proactively addressing the impact of crime, fire, natural disasters, and health emergencies to residents, visitors, businesses and property.

Fosters a climate of safety and inclusivity for all individuals where they live, work and gather

Plans for and provides timely and effective response to emergencies and natural disasters

Actively engages with the community to proactively prevent crime, provide education on personal and community safety, and strengthen community preparedness

Encourages sustainable community redevelopment and rehabilitation practices

Investigates and endeavors to solve crimes and address the needs of crime victims

Service Area Statistics

Police Department	Reported society crimes (annual / average per month)	2,727 / 227

During the City's first year of implementing Priority Based Budgeting, programs in Safe Community were scored against the result area descriptions and definitions for all five community-facing result areas along with program attributes of demand, mandate, reliance, cost recovery, and population served. The Safe Community section has been identified as the "home" result area for the programs on the succeeding pages. Adjacent to program budgets and FTE counts is a matrix of checkmarks indicating scoring in the other four community-facing result areas. This same matrix will be featured throughout the result area sections. Also, throughout the budget document, there are programs -- Operating and Technology Transfers, as an example -- that were not scored.

Safe and Healthy Community FY 2024 Fund Overview

The City's financial activity is accounted for in various funds and are then grouped by the type of expenditure. The below table summarizes the result area expenditure budget by Fund, Department, and account group.

1. Community & Urban Development Department Summary of Services and Programs

Summary of Services

Building and Safety Division

Building codes are enacted to protect public health, safety, and general welfare related to the construction and occupancy of buildings. The Building and Safety Division works with the construction industry, other City departments, and the State Building Codes Division to ensure safe building construction.

The division administers State of Oregon building codes and City of Salem revised codes, which provide uniform standards that ensure newly constructed residential and commercial buildings are safe.

The division performs a comprehensive structural plan review for all permitted construction within Salem's city limits. Adherence to the approved plans after review is verified during all phases of construction by one of the division's certified inspectors. (Photo below).

All plans examiners and inspectors are certified in multiple disciplines, which provides efficient processing of construction projects and ensures a detailed and well-rounded review and inspection in all areas.

Additionally, the division provides specialized coordination for construction projects with valuation over \$10 million by providing clients with a single point-of-contact and coordination between other City departments and the State of Oregon. This service allows for all details of large project plan review and inspection to be routed and coordinated through one person to ensure a very high level of oversight during all phases of construction.

What's New in this Budget?

The Building and Safety section along with other Community Development sections will be merging along with the Urban Development Department. While there is no direct impact on the services provided by the division, it is a change to note in overall organizational structure.

1. Community and Urban Development Department Summary of Services and Programs

Building and Safety Fund Programs and FTE

2. Equipment Replacement Reserve Summary of Services and Programs

Summary of Services

Establishing reserves for future costs is considered a financial best practice. The City maintains both a fleet reserve for replacement of vehicles and motorized equipment and a reserve for non-motorized or unique motorized equipment. Examples of reserves for non-motorized equipment include specialized software system replacements or safety equipment for police officers and firefighters.

Equipment Replacement Reserve Programs

	FY 2023 Program Budget	FY 2024 Program Budget
Permitting System Replacement Reserve	2,897,870	3,766,320
Police Equipment Reserve	83,760	111,860
Fire and EMS Equipment Reserve	166,450	482,910

Mobile Data Computer Equipment Reserve	610,250	646,340
Police Technology Reserve	34,000	104,240
Total Equipment Replacement Reserve	\$ 8,699,540	\$ 13,421,120

3. Finance / Municipal Court Department Summary of Services and Programs

Summary of Services

As a separate arm of City government, the Municipal Court’s mission is to provide fair and accessible justice services that protect the rights of individuals, preserve a safe and livable community, and inspire public confidence. The Court's role and purposes are to do individual justice in individual cases; provide a neutral forum for the resolution of legal disputes within the scope of the Court’s limited jurisdiction; protect individuals from the arbitrary use of government power; provide a formal record of legal status; and deter criminal behavior.

The City Charter, Salem Revised Code, and the constitution of the State of Oregon establish the range of offenses heard by the court. Cases are filed with the court by the City's Legal Department, Salem police officers, code enforcement officers, and parking enforcement officers. The Municipal Judge is an elected officer of the City of Salem, who serves full time and is assisted by pro tempore judges, who preside over courtroom dockets and serve in the elected judge’s absence. The Violations Bureau also has authority granted by judicial order to adjudicate certain parking and minor traffic citations and reduce fines according to a reduction table based on an individual’s driving record. Court staff interact with defendants and the public in person, by telephone, and by mail.

4. Fire Department Summary of Services and Programs

Summary of Services

Salem Fire Department's mission of "[p]rotecting lives, property, and the environment, placing safety and result above all" supports the service area of Safe and Healthy Community."

Work Force Changes

The Fire Department is adding a new training officer position to have two full-time Fire training officers for the management of the Department's training requirements. Additionally, three firefighter / medics were added mid FY 2022-23 in support of commercial air service.

WVCC added three positions to help with increasing needs. The three positions include two 911 call takers and one shift supervisor.

Salem Fire is an all-hazard response agency that provides continuous 24-hour fire suppression, rescue, special hazard mitigations, emergency management, and emergency medical response to situations that threaten life, property, and the environment.

The Fire Department also houses the Willamette Valley Communications Center which provides emergency 911 call answering and dispatch services for 29 police, fire and ambulance services providers. The service area covers 400,000 residents in Marion, Polk and Lincoln counties. The City Radio Shops operates and maintains the City's radio communication infrastructure and provides radio services to support departments of the City as well as technical assistance to Falck Ambulance Northwest, City of Keizer Police, City of Keizer Rural Fire Protection District and Marion County Fire District #1.

Emergency response services are delivered from 11 fire stations strategically placed throughout the community's service area. Mutual aid agreements with neighboring communities increase Salem Fire's capacity to respond during times of peak demand.

The Fire Marshal's Office investigates and determines the cause of fires and promotes fire and hazard prevention through public education, code enforcement, and building plans review.

Ambulance transport services, supporting pre-hospital advanced life support (ALS) operations, are provided through a public / private partnership with Falck Ambulance while additional backup ambulance transport services are provided by Salem Fire. As the primary emergency medical service provider in the City of Salem, the Fire Department actively administers all patient care activities, and develops and implements protocol to ensure the best and highest level of emergency medical care is provided to Salem residents and visitors. The Emergency Medical Services and Training Division offers cutting-edge in-house training to all paramedics and emergency medical technicians to ensure that all educational requirements are current and that our staff has the latest information on medical practices and pre-hospital patient care.

4. Fire Department Summary of Services and Programs

Response Time Forecast

The chart to the left is based on an estimated annual call volume growth of 6.1 percent. The department has experienced an average annual call growth of 6.1 percent since 2016 and a 6.4 percent growth in the last 10 years. With the department's current emergency response resources, based on estimated call growth, in 2027 the ability to meet the current City Council response time standard will fall to 51.8 percent. This response time percentage means over 9,400 emergency calls for services will not receive assistance within the 5.5-minute response time.

What's New In This Budget

Salem Safety and Livability Bond Funds New Fleet & Fire Stations

In November 2022, voters approved a comprehensive \$300 million bond of which a portion was for a new Fire Department fleet to serve the community into the next decade. The Department has ordered 16 new fire engines, two new ladder trucks, two brush vehicles, two advanced life support ambulances, one heavy rescue vehicle, and one air rig. Delivery of the fleet will happen over the next couple fiscal years with some being delivered this summer. Between these vehicles and the previously leased ladder truck and fire engine, the Fire Department will have a full fleet to respond to community needs.

The Department is also working with partners in Community and Urban Development to look for potential parcels of land to purchase for the building of two new Fire Stations.

5. Non Departmental Summary of Services and Programs

Summary of Services -

The City has several cameras at key intersections across the City that capture red light and speeding violations. This program aids in improvement of the safety of roadways in a cost effective manner. Expenses from this service cover the electricity of the cameras and the photo / video system.

General Fund Programs	FY 2023	FY 2024

Total General Fund	\$ 485,000	\$ 423,000
Total Non Departmental	\$ 485,000	\$ 423,000

6. Police Department Summary of Services and Programs

The men and women of the Salem Police Department are dedicated to keeping Salem safe by providing superior police service while enhancing trust. These men and women provide emergency response 24 hours a day, every day to keep the community safe. Specialty units such as the Community Action Unit (photo below), the police section of the Salem Outreach and Livability Services Team and others help to supplement the efforts of officers on patrol. Moreover, many officers perform additional duties outside primary work assignments such as serving as an instructor for one of the many instructional disciplines or emergency operations team such as Special Weapons and Tactics (SWAT).

The Department has more than 50 professional, non-sworn staff that provide a variety of support services, such as evidence and property control, forensic technology, as well as the maintenance of all police records. The section also maintains a police records management system for 14 police agencies and three counties.

In furtherance of the department's mission in support of the Safe and Healthy Community result area, the Salem Police Department is organized into three divisions which work cohesively to provide high caliber and timely police services to the public: Field Operations, Investigations, and Support.

Work Force Changes

The FY 2024 budget adds one new position and increases the position authority (part time to full time) for two positions in the Investigations Division. Specifically, a new crime analyst position has been added to increase the Department's analytical capacity and support Salem Police Department Strategic Plan's Smarter Policing planned objective. Additionally, a Domestic Violence Response Team advocate has been reclassified from a community service officer to an administrative analyst I and made full time. Finally, one lab / evidence technician in the crime lab is going from part time to full time. The Salem Police Crime Lab provides support services to surrounding agencies, and the increase in FTE will allow for more expedited processing of crime scenes and evidence.

During mid-year of FY 2023 an additional police officer was added to support commercial air service.

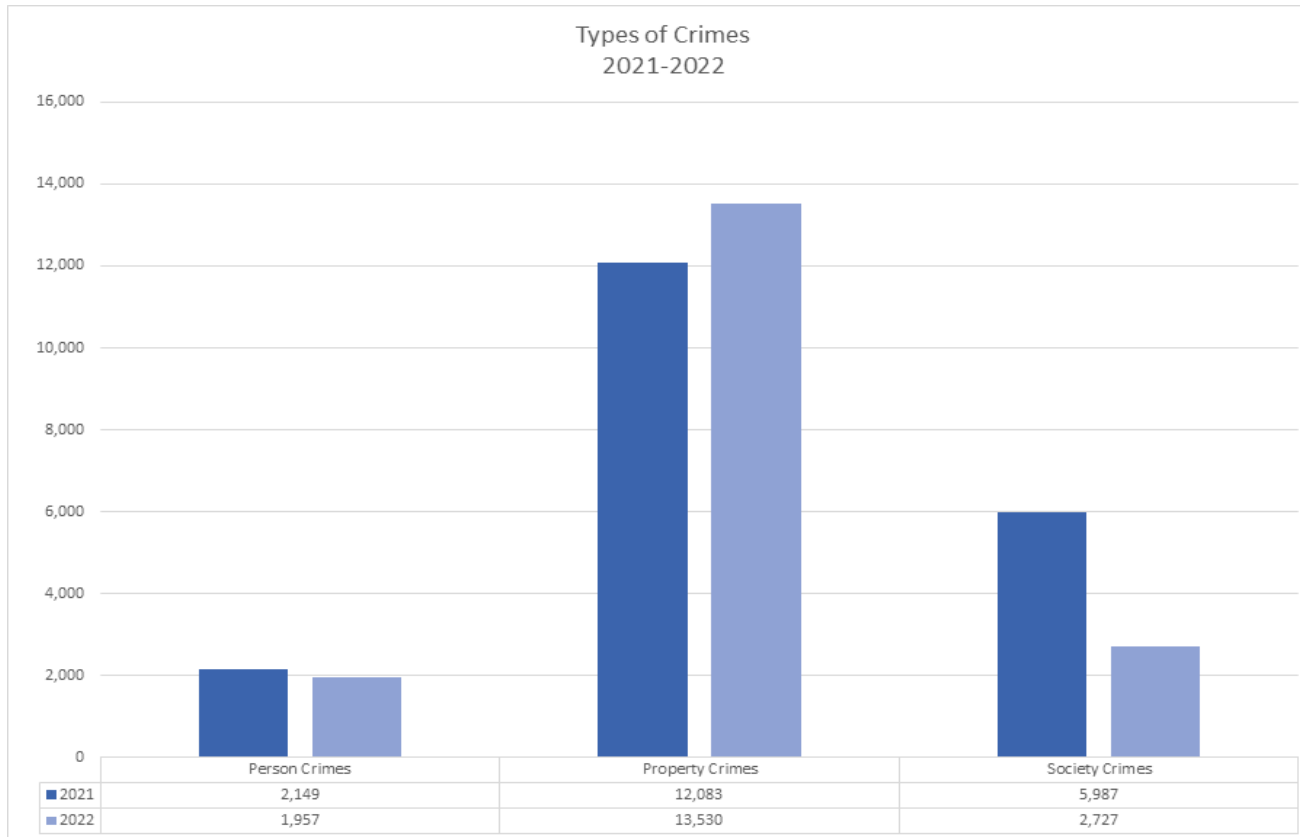

OFFICERS OF THE SALEM POLICE COMMUNITY ACTION UNIT

6. Police Department Summary of Services and Programs

Challenges

Staffing continues to be a challenge for Salem Police Department. Subsequently, an independent staffing study conducted by Hillard Heintze was prepared for use by Council in October 2021. Page 35 of that report states, "[b]ased on our analysis, the Patrol Division has a significant gap in capacity." Later on in the report, it states, "[b]ased upon a workload analysis; we estimate that the SPD needs between 27 and 83 additional officers assigned to patrol, depending on the amount of time made available for discretionary activity and community engagement." Over the past 10 years, Salem's population has grown from approximately 155,700 to over 177,600, a 14% increase. The number of sworn police positions has not kept up proportionately with the rate of population increase. With population growth comes increasing service demands, which require prioritization and determination of resource availability by staff.

The graphic to the left demonstrates the various types of crimes reported in the past year between 2021 and 2022. These statistics are reported to the Federal Bureau of Investigation's National Incident Reporting System (NIBRS).

7. Trust Funds Summary

The City's trust funds are special accounts that hold donations and other revenue sources for various purposes or for the temporary holding of funds for which the City acts as a collection or escrow entity.

The trust accounts in the Safe Community result area are organized by department with the account name serving as the descriptor. More information about the City's trust accounts can be found in the Financial Summaries section of the budget document.

Vitae Springs Fire

On Sept. 9, 2022, at approximately 8:15 a.m., a fire near Vitae Springs Road in South Salem was reported. Multiple local and state resources were called to respond to the initial fire, with City resources being an organizational effort including the Salem Fire Department, Salem Police Department, Public Works and the Willamette Valley Communications Center (WVCC). More than 30 agencies responded with different types of assistance, including various firefighting assets (trucks and personnel), equipment, livestock storage, transportation, evacuation assistance, and more. Over a period of two weeks, fire crews from the Salem Fire Department, the Oregon Department of Forestry, and Marion, Polk, and Linn Counties contained one of the largest wildland fires to happen in the City of Salem. The fire impacted approximately 164 acres, but no lives or structures were lost.

Fire Department Medic Service

The Fire Department oversees the franchised (or exclusive) contract for Falck Ambulance Northwest to serve the Salem community. When necessary to balance staffing needs of Falck, the City activates its own medic unit under the Fire Department. Over the last year, this medic unit has been active to ensure the City has the minimum of 15 ambulances around the City at peak service times and accommodate the emergency 911 system. This medic unit has been essential to maintain a level of service expected in the community when a medical emergency

COVID-19 Pandemic

The Fire Department has been a primary responder to COVID-19 patients daily since the beginning of the pandemic. When mask regulations were lifted, the members of the Fire Department, along with other front line workers, wore necessary personal protective equipment (PPE) which included masking on every medical call ensuring the continued health and wellness of staff and those they come in contact with. Requirements on the masking for first responders concluded April 3, 2023, with the State fully lifting the masking mandate for all health care workers.

Contract Negotiations

In partnership with the Enterprise Services and Finance Departments, the City is actively negotiating for successor contracts with the International Association of Firefighters (IAFF), Local 314 and the 911 Professional Communications Employees Association (PCEA).

Safe and Healthy Community *At Your Service*

Police Department: Safety, Legitimacy and Excellence

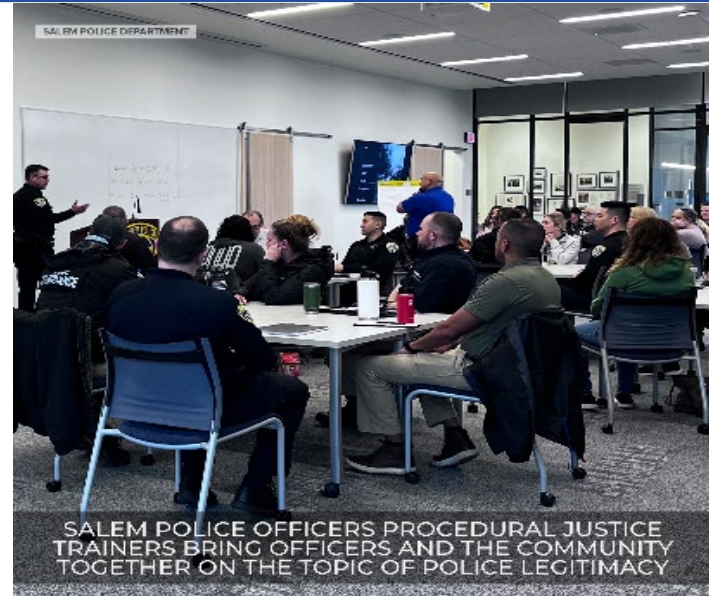

From June 2021 through January 2022, Chief Womack led the development of a three-year Strategic Plan for the Salem Police Department, with three overarching priorities: Safety, Legitimacy, and Excellence. One aspect of the *Legitimacy* strategic priority area is standardizing procedural justice training for all Salem Police employees, both sworn and professional. This has been accomplished through annual in-service training modules. All staff will have annual training renewals in order to further advance the department's principled policing work to create a new, deeper connection with residents which emphasizes relationships, collaboration, and trust-building. (Graphic and photo below).

SALEM POLICE DEPARTMENT

PROCEDURAL JUSTICE TENETS

Doing the work to build trust with every member of our community is a priority.
— Salem Police Chief Trevor Womack

Another element accomplished in the last year under the strategic priority area of Legitimacy, was the completion of a training course titled Integrating Communications, Assessments & Tactics (ICAT) for several department instructors. The ICAT training emphasizes crisis recognition and response, and the use of decision-making, tactical communications, and operational safety tactics. In addition to crisis response, the tenets of the training are now being weaved into various training disciplines.

Safe and Healthy Community

At Your Service

Building and Safety

-  Salem's Building and Safety division provides exceptional customer service to the community and works to promote a positive business climate within the City and the State. In a recent audit by the International Accreditation Services, BAS stakeholders described the division as: *service oriented, positive in their approach to issues, flexible without compromising code requirements, and problem solvers.*
-  Salem's Building and Safety Division remains the only building department in Oregon to be accredited by the International Accreditation Services. This accreditation signifies that the division operates in full conformance with recognized best practices in building departments.
-  Building and Safety established plan review service goals in collaboration with industry partners and stakeholders and met the goals at a rate of 100 percent for residential projects and 99 percent for commercial projects in FY 2022.
-  City of Salem maintains an Insurance Services Organization (ISO) rating of 2 for both residential and commercial property code enforcement.

CITY OF *Salem*
AT YOUR SERVICE

Safe, Reliable, and Efficient Infrastructure

An integrated municipal asset system of streets, bridges, bike paths, sidewalks, civic buildings, technology, and utility infrastructure.

Supporting City Departments

- Community & Urban Development
- Enterprise Services
- Public Works

Summary of City Services

Salem owns and operates a valuable network of infrastructure including buildings, streets, pipes, dams, properties, parking garages, recreation facilities, airport runways and taxiways, and equipment. Our proposed Capital Improvement Plan identifies \$444 million in infrastructure construction projects, with 73.0 percent of the project funding dedicated to the City's utility and transportation system. A large number of critical infrastructure projects are known—most are listed in the City's infrastructure master plans—but are not yet funded. In addition to the needs of existing infrastructure, the City needs to provide for new residents as the community grows and changes.

Gerry Frank | Salem Rotary Amphitheater under construction (2021)

Safe, Reliable, and Efficient Infrastructure

Non Departmental

Debt Service Fund - debt service payments for infrastructure projects funded by tax-supported general obligation bonds

General Fund - transfers from the General Fund supporting Information Technology and Facilities Services infrastructure projects

Public Works

Streetlight Fund - operation, maintenance, modernization, and expansion of the City's streetlight system

Transportation Services Fund - operation and maintenance of the City's transportation infrastructure

Utility Fund - operation and maintenance of the City's stormwater, water, and wastewater utility; management of infrastructure projects

Trust Funds - for donations and funds held in trust for localized public improvements, reservoirs, and the Mill Creek Corporate Center

Community-focused • Inclusive • Proactive • Accountable • Respectful

Safe, Reliable, and Efficient Infrastructure

An integrated municipal asset system of streets, bridges, bike paths, sidewalks, civic buildings, technology and utility infrastructure.

Uses City property and infrastructure for the public good

Manages water, stormwater, and wastewater safely and responsibly

Supports a balanced, accessible transportation system that reflects effective land use and reduces traffic congestion

Designs, constructs, and maintains an interconnected and multimodal transportation network that is safe, accessible, and sustainable for all travelers

Plans, operates, and maintains infrastructure networks

Public Works	Traffic signals	266

During the City's first year of implementing Priority Based Budgeting, programs in Safe, Reliable, and Efficient Infrastructure were scored against the result area descriptions and definitions for all five community-facing result areas along with program attributes of demand, mandate, reliance, cost recovery, and population served. The Safe, Reliable, and Efficient Infrastructure section has been identified as the "home" result area for the programs on the succeeding pages. Adjacent to program budgets and FTE counts is a matrix of checkmarks indicating scoring in the other four community-facing result areas. This same matrix will be featured throughout the result area sections. Also, throughout the budget document, there are programs -- Operating and Technology Transfers, as an example -- that were not scored.

Safe, Reliable, and Efficient Infrastructure FY 2024 Fund Overview

The City's financial activity is accounted for in various funds and are then grouped by the type of expenditure. The below table summarizes the result area expenditure budget by Fund, Department, and account group.

<i>Total Number of Positions</i>		287.02		

Safe, Reliable, and Efficient Infrastructure Result Area Expenditures by Program / Type

1. Non Departmental Summary of Services and Programs

Summary of Services

Payment of debt in this result area accounts for general obligation (GO) bonds, which must be approved by voters. The bonds are repaid with property tax levies, which cover annual debt service payments. Infrastructure projects funded through GO bonds include multi-year streets and bridges improvement projects, construction of the new police station, and seismic upgrades and other improvements to the Salem Public Library.

The transfers noted in the General Fund support engineering services provided by Public Works for projects with a General Fund nexus. An example of the type of project work from the recent past would be the initial planning for the seismic work at the Salem Public Library. Also included are transfers for information technology and facilities capital improvement projects.

Debt Service Fund Programs

	FY 2023 Program Cost	FY 2024 Program Cost
Debt Service - General Obligation	16,802,600	18,084,840

Total Non Departmental	\$ 17,485,080	\$ 19,359,360

2. Public Works Department Summary of Services and Programs

Summary of Services

The Public Works Department through the Transportation Services and Streetlight Funds provides safe, reliable, and efficient infrastructure to Salem residents through operation, maintenance, and improvement of the transportation, and streetlight systems.

Transportation – Traffic Engineering and Signal Operations

The Traffic Engineering section provides transportation planning and engineering services and performs analysis of traffic flow for development and land use proposals. The section operates and maintains the regional traffic control center, traffic signals, school speed zone flashers, and streetlights to ensure safety of all users of the City's transportation systems. The budget includes transfers of state highway revenue for transportation system improvement projects and reimbursements to the General Fund and Utility Fund for services provided.

Transportation – Street Operations & Maintenance

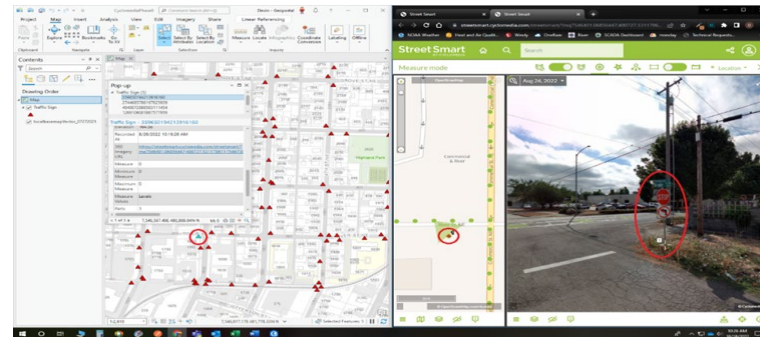

The Streets section maintains the signage, striping, markings, pavements, shoulders, streets, alleys, curbs and sidewalks in the City. Thousands of pounds of leaves are removed annually from the street system. In addition, the section responds to weather events, provides street sweeping and right-of-way mowing services, and coordinates the Adopt-A-Street litter collection program.

Streetlight Operations & Maintenance

The Traffic Engineering Section works in conjunction with PGE and Salem Electric to operate, maintain, modernize, and expand the streetlight system. Lower electricity expenses resulting from conversion to light emitting diode (LED) lamps allow funding to be directed toward the installation of new streetlights in under lit areas of the City.

What's New in this Budget

Transportation Data Collection and Management: Light Detection and Ranging (LiDAR) and 360 degree imagery data is being used to populate transportation assets in the Geographic Information System (GIS) for sidewalks, signs, striping, ADA ramps, and pavement condition to support the management of work orders, service requests and inspections in Cityworks, the new asset management system. To manage all the new transportation GIS data, GIS staff are implementing Esri's Roads and Highways system which utilizes a catalogue of record and a linear referencing system for transportation assets. This schema and set of tools will allow more accurate management and reporting of data on transportation assets. Salem will receive a Special Achievement in GIS (SAG) Award at the 2023 Esri User Conference. This award is given to user sites around the world to recognize outstanding work with GIS technology. (Snapshots below).

Work Force Changes: One new maintenance operator reimbursed by stormwater rate revenue has been added to Streets Maintenance to support nighttime street sweeping activities. When the position is filled, the Street Sweeping program will have three daytime operators and three nighttime operators.

2. Public Works Department Summary of Services and Programs

What's New in this Budget, continued

Pedestrian Safety Improvements: Design of improvements that include crosswalks, pedestrian refuge islands, overhead lighting, pedestrian signage, and Americans with Disabilities Act (ADA) ramps. Salem has identified intersections through the City's Safer Crossings Programs in need of improved pedestrian crossing facilities. Activities planned for FY 2024 include:

- Development of intergovernmental agreements to install marked crosswalks, overhead lighting, and additional safety feature improvements on Market Street NE at Aguilas Court NE; and on Silverton Road NE at Sedona Avenue NE.

- Pedestrian crossing safety improvements at Sunnyview Road NE and Hollywood Drive NE; Broadway Street NE and Locust Street NE; Macleay Road SE and Caplinger Road SE; and Lancaster Drive NE and Watson Avenue NE.

Signal Improvements:

- Design and construction of signal improvements in South Salem to replace old substandard signal heads and outdated signal controllers to increase safety for vehicles and pedestrians.

- In cooperation with the City of Keizer, greater interconnectivity projects will include the modification to the signal hardware at all ten signalized intersections on River Road N and conversion to flashing yellow arrow at Glynbrook Street N, Sam Orcutt Way NE, Sunset Avenue N, Cummings Lane N, Claggett Street NE, and McNary Estates Drive N, Manbrin Drive NE, and Dearborn Avenue NE to aid in reducing congestion and improving air quality.

Pavement Slurry Sealing: Design and construction of slurry seal asphalt resurfacing on various City collector and residential streets.

Union Street Family Friendly Bikeway: Construction will begin this spring on the first phase of this critical east-west mobility project that will extend buffered bike lanes from Commercial Street to Summer Street. The portion of the project between Summer Street NE and 12th Street NE will be funded with Salem Safety and Livability Bond funds in 2027. The remaining phase of the project between the Union Street Pedestrian Bridge and Front Street NE will be funded with Urban Renewal funds.

THANK YOU SALEM

Safety and Livability Bond

Street Improvements / Widening:

- Roadway / street improvements on Orchard Heights Road NW and McGilchrist Street SE.

- Safety improvements on Broadway Street NE from Spruce Street NE to Dr. Martin Luther King Jr. Parkway.

Street Sweeping Program: With the addition of one new street sweeper operator position, the workgroup (when fully staffed) has set a target of increasing street sweeping by 67 percent in FY 2024, with the goal of improving stormwater quality, safety for bicyclists, and the appearance of downtown and neighborhood streets.

New Streetlight Installations: Design, right-of-way / easement acquisition, and installation of new streetlights and / or in areas that have deficient lighting.

3. Public Works Department Summary of Services and Programs

Summary of Services

Summary of Services

The Public Works Department through the Utility Fund provides safe, reliable, and efficient infrastructure to Salem residents through operation, maintenance, and improvement of the water, wastewater, and stormwater systems.

Public Works Administration

This division provides overall direction and support services to the department and all program areas through coordination of financial processes, legislative review, department policies, intergovernmental agreements, administrative rule and code changes, code enforcement, emergency preparedness planning, warehouse, utility billing, Public Works dispatch services, and communications. The division budget also includes expenses not directly related to a specific program in the Utility Fund such as reimbursements to the General Fund for services provided, debt service payments, transfers of utility rate funds for capital improvement projects, and contingencies.

Engineering and Project Management

The Public Works Engineering Division prepares and manages the annual construction budget, develops the five-year capital improvement program, administers design standards and construction specifications, and completes construction plan approval. Division staff perform full-service project management of all City capital improvement projects from inception to completion including design, surveying, construction management, and inspection.

Planning and Development

Serving as the primary interface between the community and private development activities, the Planning and Development Division coordinates review of development applications to ensure adequacy of public works infrastructure and verify compliance with applicable regulations. The division determines development requirements for land use applications, public facilities construction, and site work for building permit projects. The division also supports key development-related activities for Public Works, including urban growth management, major project realization, franchise utility permitting, system development charge assessment, permit fee determination, floodplain management implementation, and revisions to associated codes and administrative rules. In addition, the division applies for funding for capital projects through regional, state and nationally competitive grant programs. The planning staff of this division develop and refine master plans for water, wastewater, stormwater, and transportation systems; coordinate natural resource planning, permitting, and project management; and manage the Climate Action Plan. (Icon below).

3. Public Works Department Summary of Services and Programs

Summary of Services

Workforce Changes

Engineering Division: The FY 2024 budget includes the addition of five new positions: an assistant city surveyor and a senior inspector to support development workload and capital improvement projects and and an engineer 1, engineer 3 and engineer 4 to support the increased project workload that will result from coordinating design and construction of the 2022 Safety and Livability Bond projects.

Planning and Development Division: Mid-year in FY 2023, an existing vacant position was converted to a dedicated Climate Action Plan manager allowing the position to be filled early in FY 2024.

What's New in this Budget

Utility Master Planning

In FY 2024, funding will continue for both the wastewater conveyance system master plan and the stormwater basins master plan. Funding is also continued for monitoring and analysis to address inflow and infiltration (I/I) into the wastewater collection system.

2022 Safety and Livability Bond Projects

Design is underway on multiple projects funded with the 2022 Safety and Livability Bond including:

- ✦ McGilchrist Street SE widening with sidewalks and bike lanes from 12th to 25th Streets SE,
- ✦ Bridge rehabilitation projects over Mill Creek at 15th, 17th and Liberty Streets and Mission Street at Pringle Creek,
- ✦ Pavement rehabilitation on Liberty Street SE, Mill Street SE to Trade Street SE and Commercial Street SE, Fabry Road SE to the I-5 ramp,
- ✦ Parking lots 2 and 3 at Minto-Brown Island Park, and
- ✦ Sidewalk replacement and sidewalk infill.

3. Public Works Department Summary of Services and Programs

Summary of Services

What's New in this Budget?

Utility Operations

The Water, Wastewater, and Stormwater Utility Operations group constructs, repairs, operates, and maintains all of the water, wastewater, and stormwater infrastructure within the City. Water Services treats and delivers safe drinking water from the Geren Island Treatment Facility to customers in the City of Salem, City of Turner, Suburban East Salem Water District, and Orchard Heights Water District. Water staff also maintains water transmission mains, distribution lines, water meters, fire hydrants, and pump stations. Wastewater Services operates and maintains wastewater collection lines and pump stations throughout the metropolitan area. Stormwater Services manages City stormwater pipelines, manholes, catch basins, drainage ditches, streams, and local and regional detention facilities.

Workforce Changes

The Water Quality section includes one new program coordinator to support implementation of the Environmental Protection Agency's (EPA) new Lead and Copper Rule. (Photo below).

EPA Lead and Copper Rule Inventory and Data Collection

On January 15, 2021, the Environmental Protection Agency (EPA) issued Lead and Copper Rule Revisions (LCRR). The rule revisions include a provision to develop an inventory of the water service line materials on both the City and customer side of the water meter by no later than October 16, 2024. The FY 2024 budget includes funds to develop the inventory, which includes a substantial public information campaign. Additional improvements to the LCRR will focus on sampling, school and daycare testing, and public notification in the next phase of this regulation. The City's geographic information systems (GIS) will be vital for collecting, analyzing, and storing data, and reporting on the Lead and Copper Rule requirements.

Slow Sand Filter Renovation Project at Geren Island

The \$27 million slow sand filter renovation project will provide Salem with additional resiliency for its drinking water system. The State of Oregon also provided \$20 million toward this important project.

Water Projects

- ◆ Replacement of water main in Ewald area and waterlines on Boice Street S and Silverton Road NE,
- ◆ Design for waterline on Marine Drive NW,
- ◆ Installation of Fairmount Reservoir seismic valves and other related upgrades. (Photo below).

3. Public Works Department Summary of Services and Programs

Summary of Services What's New in This Budget?

Wastewater Projects

Installation of Emergency Generators at Sewer Lift Stations: The FY 2024 budget includes the purchase and installation of permanent emergency generators at the Mahrt and Jade Street sewer lift stations. During a loss of power event staff must deploy portable emergency generators to several sewer lift stations that do not have permanent generators. Over the next several years, all of the sewer lift stations that do not have permanent generators will be evaluated for the feasibility to install permanent generators. (Photo below).

Willow Lake Water Pollution Control Facility Improvements:

- ◆ Rehabilitation of the existing south secondary clarifiers.
- ◆ Recoating of the north primary digester's roof and interior ceiling and walls.
- ◆ Construction of a second structure for winter storage of biosolids.

Stormwater Projects

- ◆ Design of larger culverts on the West Fork of Pringle Creek at McGilchrist Street SE and the Union Pacific Railroad.
- ◆ Detention basin installation and stormwater main replacement on Mountain View Drive S.
- ◆ McGilchrist Street SE Corridor Stormwater Improvements near 22nd Street SE.

4. Trust Funds Summary

The City's trust funds are special accounts that hold donations and other revenue sources for various purposes or for the temporary holding of funds for which the City acts as a collection, escrow, or custodial entity.

The trust accounts in the Safe, Reliable, and Efficient Infrastructure service area are organized by department with the account name serving as the descriptor. More information about the City's trust accounts can be found in the Financial Summaries section of the budget document.

Public Works	FY 2023 Budget	FY 2024 Budget
Street Right-of-Way	335,000	350,000
Future Public Works Projects	206,300	207,280
Total Public Works	<u>\$ 541,300</u>	<u>\$ 557,280</u>

Safe, Reliable, and Efficient Infrastructure *At Your Service*

Transportation - Streets

Sidewalk Repair Program: In FY 2022, the City of Salem's in-house sidewalk repair program replaced a total of 1.6 miles of damaged sidewalks, equivalent to 1,744 sidewalk panels of 43,612 square feet of concrete sidewalk.

Americans with Disabilities Act (ADA) Improvements: Completion of pavement, sidewalk and ADA improvements at:

- ◆ Intersection of Commercial Street SE and Baxter Road SE.
- ◆ Gerth Street NW corridor from Edgewater Street NW to 8th Street NW.
- ◆ McKinley School at the intersection of McGilchrist Street SE and High Street SE. (Photo below).

Street Signs

New stop signs are in place at Liberty Road S and Mildred Lane S. The new 30-inch edge-lit solar-powered stop signs will flash eight bright LED lights continuously to warn drivers on Mildred Lane to stop and look both ways for oncoming traffic on Liberty Road S. The light emitting diode (LED) flashing system is designed to draw attention to the intersection and reduce running through the intersection. (Photo at right).

Safe, Reliable, and Efficient Infrastructure

At Your Service

Neighborhood Solutions

An edge-lit audible pedestrian crossing signal has been installed on Kale Street NE and Bayne Street NE in the Northgate Neighborhood. The signal will help alert motorists, through flashing LED lights, to those who wish to cross the street, making it easier for everyone including children and those with mobility issues to cross the intersection safely. (Photo at right).

Public Works Administration

Utility Assistance Program Funding: The FY 2024 budget contains \$300,000 in Utility Fund support for the City of Salem's Utility Assistance programs. In July 2022, City Council extended the Utility Assistance programs through December 31, 2024, and authorized up to \$300,000 of Utility Fund program support each fiscal year. The Utility Assistance programs are coordinated through community partners like St. Vincent DePaul, the Salvation Army, and the Mid-Willamette Valley Community Action Agency.

Asset Management System: Phase 1 configurations for wastewater, stormwater, parks, water quality, wastewater treatment, and warehouse are underway with user testing planned for summer 2023. Phase 2 configuration for transportation, water meters, and remaining groups will follow in FY 2024. The application provides for enhanced use of mobile devices in managing work orders, service requests and inspections for all asset groups in the GIS including water, wastewater, stormwater, transportation, and parks. Labor, materials, and equipment will be recorded in Cityworks and integrated with other systems to achieve an efficiency and prevent duplicate data entry.

New Streetlight Installations

Each year the City issues a contract for the installation of lights and poles in underserved areas. The most recent contract calls for the installation of 52 new lights and 21 new poles with construction scheduled for summer 2023.

Utility Billing System

Configuration of the SpryPoint utility billing system is underway with implementation scheduled at the end of 2023, replacing the existing aging system and providing enhancements to improve the customer experience. The system will also provide new functionality for backflow device management.

Safe, Reliable, and Efficient Infrastructure *At Your Service*

Customer Service Center at City Hall

Construction of the new Customer Service Center at City Hall began in 2022 to provide a central location at the Civic Center to transact all types of business with the City such as paying bills, reserving parks, and signing up for youth programs. Renovation of the former first floor café area will provide a new public entrance with service counter, private meeting spaces for customers to meet with staff, and new restrooms. Construction will be completed, and the center will open to the public in summer 2023. (Photo at right).

Navigation Center

Renovation of 18,400 square feet of former State office space began in 2022 to create the new Salem Navigation Center, an 89-bed facility that will provide transitional housing and services for our unsheltered neighbors. Improvements include interior renovations to provide day and night-time residence areas, new restrooms and showers, kitchen and laundry facilities, new HVAC systems, and office spaces for service providers. The facility is planned to become operational in April 2023. (Photo at left).

Safe, Reliable, and Efficient Infrastructure

At Your Service

Planning and Development

Floodplain Management

Salem is ranked among the top communities in the nation for floodplain management and has maintained its Federal Emergency Management Agency (FEMA) Community Rating System Class 4 rating which puts it among the top two percent of over 1,740 communities participating in the program nationwide and gives all of our residents a 30 percent discount on flood insurance premiums.

McGilchrist Street Improvements

Through a competitive, nationwide grant process, the City received \$13.2 million through the Rebuilding American Infrastructure with Sustainability and Equity (RAISE) program to make substantial improvements on McGilchrist Street. This funding along with funds included in the Salem Safety and Livability Bond Measure, Urban Renewal Agency funds, and other grants will allow the City to complete this important project.

Engineering and Project Management

Aquifer Storage and Recovery System: Completion of the \$11 million improvement project to the Aquifer Storage and Recovery (ASR) system in Woodmansee Park provides a supplemental water supply for the City. This project is part of the City's continuing commitment to provide safe and resilient drinking water to the public. Work included construction of a new ASR water treatment facility for improved water quality, water pipeline capacity upgrades, and an updated master plan with park improvements for Woodmansee Park.

Seismic Resiliency Assessment for Water System: A detailed seismic resiliency assessment was completed on the critical components of the water system. The assessment identified the water system backbone, established levels of service goals for operation after a major earthquake, and developed a list of needed seismic retrofit projects to increase the resiliency of critical water supply infrastructure.

Safe Drinking Water for Sleepy Hollow Neighborhood: The City, with financial assistance from the State of Oregon, replaced aged infrastructure in the northeast Salem neighborhood of Sleepy Hollow. The residents were disconnected from arsenic-contaminated well water provided by the privately-operated Sleepy Hollow Water District. They are now receiving fresh, safe drinking water from the City of Salem. In addition to replacing the water pipes, new streets and sidewalks were constructed in the project area.

Downtown Streetscape Improvements: The City continued to invest in the downtown core by improving portions of Court Street and Commercial Street with sidewalk and streetscape improvements. Additional phases of work will continue along Commercial Street in 2023 and 2024.

Safe, Reliable, and Efficient Infrastructure *At Your Service*

Court Street Two-Way Street Conversion - High Street NE to Commercial Street NE

Court Street (between Commercial Street NE and High Street NE) was reconfigured into a two-way street to address mobility and usability issues within the City's core. In addition to creating two-way traffic, the project included new medians and islands, traffic signals, and lighting. The changes were made as part of the Central Salem Mobility Study. (Photo at right).

Utility Operations

Public Works Operations Building: In fall 2023, construction of the new Public Works Operations Building that will serve as the headquarters for Public Works Operations, Engineering, and Administration staff at the City Shops Complex will be complete. The two-story, 50,000 square foot, locally-sourced wood structure will provide a new public lobby to access City services and a large training room available for public meetings. (Photo at right).

Water and Wastewater Accomplishments: The Willow Lake Wastewater Treatment Plant treated 14.6 billion gallons of wastewater and had zero water quality permit violations during calendar year 2022. Meanwhile, over 10.1 billion gallons of water were produced for consumption at Geren Island Water Treatment Plant.

Strong and Diverse Economy

- Urban Renewal Agency

Summary of City Services

Salem is home to a wide range of industries and private employers. As the state's capital, the local economy is relatively stable with strong agricultural production, manufacturing, and distribution. The addition of high tech to the local economy has provided steady growth. Major employers, in addition to government and Salem Health, include Kettle Foods, Garmin, Yamasa, West Salem Machinery, Gilgamesh Brewing, and Amazon. In economic development and job creation, our role is to provide infrastructure and development services, support the area's business climate, and promote programs, services, and economic incentives offered by the City of Salem and Urban Renewal Agency. We leverage these funds and work with economic development partners and the development community to actively promote investment in our community.

During the City's first year of implementing Priority Based Budgeting, programs in Strong and Diverse Economy were scored against the result area descriptions and definitions for all five community-facing result areas along with program attributes of demand, mandate, reliance, cost recovery, and population served. The Strong and Diverse Economy section has been identified as the "home" result area for the programs on the succeeding pages. Adjacent to program budgets and FTE counts is a matrix of checkmarks indicating scoring in the other four community-facing result areas. This same matrix will be featured throughout the result area sections. Also, throughout the budget document, there are programs -- Operating and Technology Transfers, as an example -- that were not scored.

Strong and Diverse Economy FY 2024 Fund Overview

The City's financial activity is accounted for in various funds and are then grouped by the type of expenditure. The below table summarizes the result area expenditure budget by Fund, Department, and account group.

1. Community Services Summary of Services and Programs

Summary of Services

Salem has maintained a lodging tax since 1974. The tax, which is currently nine percent, is charged on overnight rental accommodations in the City. Salem Revised Code Chapter 37 governs the management of the tax collection. The City receives the tax from lodging operators and accounts for it in the Cultural and Tourism Fund. The tax revenues, which the City refers to with the acronym, TOT (for transient occupancy tax), support cultural activities, City-owned historic properties, Convention Center marketing, the promotion of tourism in Salem, and landscape maintenance at significant City parks like Bush's Pasture Park and Riverfront Park.

The Salem Cultural and Tourism Promotion Advisory Board, an advisory board to the City Council, encourages development of a unified approach to promoting Salem for tourism, recommends an annual budget in the Cultural and Tourism Fund to implement tourism activities, and reviews the performance of facility and special event operators funded by TOT collected from overnight stays.

2. Community and Urban Development Department Summary of Services and Programs

Summary of Services

The Urban Development Division administers and oversees a variety of programs and services aimed at strengthening Salem's economy including eight urban renewal areas. These programs are managed within multiple City and Urban Renewal Agency funds.

In addition, the department facilitates economic opportunities and reinvestment; invests in economic empowerment for individual prosperity and small business growth; issues commercial loans and grants; performs real property management, acquisition, sales and leasing services for the City; manages downtown parking services and revitalization; and functions as the liaison to community organizations, businesses, and City Council and Agency Board appointed advisory groups.

The Urban Development Division helps to achieve the outcome of a Strong and Diverse Economy by:

Pursuing activities identified in the City's Strategic Plan, updating the City's economic development strategy to support the community's recovery from COVID-19, and contracting with the Strategic Economic Development Corporation (SEDCOR) to serve as the primary recruitment contact and enterprise zone manager for Salem;

Continuing efforts to support business retention and expansion, and grow BIPOC-owned (black, indigenous, people of color) businesses with targeted outreach efforts and align resources to meet their needs;

Strengthening efforts to support and facilitate business start-up and incubator networking activities in the community, and pursuing continued and new partnerships to support this work;

Continuing to fund micro-enterprise technical assistance programs for those seeking to start their own business with a goal of creating long-term economic sustainability, profitability, and self-sufficiency;

Administering \$400,000 annually in social service support contracts with local community partners.

Work Force Changes

The Community Development and Urban Development departments will be merging under one department in 2024 fiscal year. This will provide depth to resources and administration of services provided.

3. Community and Urban Development Department Summary of Services and Programs Summary of Services

Community Renewal Fund

The Community Renewal Program holds the City's Community Development Block Grant (CDBG) and HOME Investment Partnership Grant funds allocated annually by the US Department of Housing and Urban Development (HUD); the City receives regular grants from both programs. The CARES Act (CDBG-CV) and the American Rescue Plan Act (HOME-ARP), provided additional funds for the City to provide locally needed housing and social service work. Funding sources are used to support community partners delivering services to low / moderate income residents as well as to subsidize construction of affordable housing.

Downtown Parking Fund

Management of the City's parking system is performed by staff in the General Fund. In the Downtown Parking Fund, daily and monthly parking permits along with downtown parking tax revenues support maintenance and operation of three City-owned parking garages, and a variety of cleanliness and beautification services for the downtown area.

Leasehold Fund

The City manages tenant lease spaces on the ground floor of the Chemeketa and Liberty parking garages. Revenues in the fund are derived from tenant lease payments and payment for shared expenses - electricity, utility fees, taxes, and janitorial services. In addition to the general management of leased space, the budget also assumes expenses for tenant improvements as occupancy changes in the two buildings.

4. Public Works Department Summary of Services and Programs

Summary of Services

Salem's Municipal Airport - McNary Field - is owned and operated by the City of Salem and supports more than 45,000 airport operations annually. The 751-acre airport has more than 130 aircraft hangars, several businesses, and the Oregon National Guard's Army Aviation Support Facility.

In fiscal year 2023, the City Council approved plans to proceed with commercial air service at the airport which included support from the City's General Fund. This funding will include monies for terminal construction and security construction improvements, five additional staff and equipment.

Air traffic control tower at Salem Municipal Airport

What's New in this Budget

The five newly approved positions at the airport will bring the total employee count in the Airport Fund to 9.0 full time employees. New employees will focus on commercial air service impacts like security, maintenance, program management and administration.

In fiscal year 2024, the Airport will also organizationally move under the Public Works Department in part due to the reorganization and merger of Community and Urban Development.

Downtown Redevelopment

Demolition of the former Union Gospel Mission, Saffron Supply and ABC Music Building block was completed in early 2023. Outreach to the development community for project ideas for the site is proposed in 2023. Selection of a project team will be established through a disposition and development agreement. The selected project will include the element of affordable and / or workforce housing (Photo at right).

Grant Funding for New Downtown Hotel

Construction of a new hotel on the former Marion Auto Garage began in July 2021, with help from a \$749,000 Riverfront Downtown Urban Renewal grant. The Hilton Tapestry hotel called the Holman Riverfront Park opened on March 23, 2023, and has 129 rooms over seven stories.

(Photo on left shows construction of the hotel with the photo on the

Rivenwood Apartments

Construction is underway for the Rivenwood Apartments! The 162-unit complex is being built on the site of the former Nordstrom's building downtown. The project is scheduled for completion in 2024 and will provide studio, one and two bedroom units. The Riverfront URA contributed \$749,000 to the project and \$200,000 for the removal of the old skybridge connecting the former retail site to the mall. (Photo at right).

Strong and Diverse Economy

At Your Service

Economic Development Progress

- Completed building demolition and lot line replat at the Union Gospel Mission and Saffron Supply sites.
- Continued to engage local business retention and expansion program and made 60 retention visits to local businesses.
- Responded to 10 inquiries from site selectors with information about locating businesses in Salem and the region.
- Continued flexibility in meeting the needs of local Salem businesses as they recovered from the impacts of the COVID-19 pandemic.

Downtown Mixed-Use Development

With support from the Riverfront Downtown Urban Renewal Area through grant funding, final renovations of the historic 440 State Street building were completed. In addition to the main floor of the various food options, four rental housing units were added. (Photo at left).

Promoting Salem for Tourism

Tourism Grants

Annually, the TOT fund provides grants for local cultural, historic and museum locations. Some recipients in past years have included:

- ★ Elsinore Theatre
- ★ World Beat Festival
- ★ Salem Art Fair & Festival
- ★ TEDxSalem
- ★ Bush House Museum
- ★ Riverfront Carousel

Although heavily impacted by the COVID-19 pandemic, the Cultural and Tourism (TOT) fund has seen significant improvement in the last completed fiscal year. Revenues moved higher than pre-pandemic levels with more than \$4.3 million in hotel and motel taxes.

This revenue funds various local and cultural events, parks operations and maintenance, historic building maintenance and tourism promotion with Travel Salem.

Strong and Diverse Economy *At Your Service*

Affordable Housing - Yaquina Hall Opens!

In April 2023, tenants started moving into Yaquina Hall which has been a multi-year effort with the Salem Housing Authority to renovate the former nurses' dormitory at the Oregon State Hospital North Campus. The renovation resulted in 52 affordable, one bedroom units. The City contributed \$1.7 million from the Community Renewal Fund with federal Housing and Urban Development (HUD) dollars. (Photos at right).

Affordable Housing - More to Come!

In addition to Yaquina Hall, additional affordable housing projects have been a top priority of the Urban Development Division for many years.

★ Sequoia Crossings Apartments, which will have 60 permanent housing units, is supported with \$2 million in funding from the Community Renewal Fund with federal Housing and Urban Development (HUD) dollars.

★ Mahonia Development on Battle Creek Road in South Salem will provide 184 multifamily affordable units (in the first phase). The Macleay Community Land Trust Development on Macleay Road will be 24 single family affordable units, receiving building subsidy and downpayment assistance through federal Housing and Urban Development dollars.

Social Services

Food service funding helped assist 27,000 low-income individuals, purchase 161,000 pounds of emergency food for distribution, serve 140,000 meals to Salem residents through pantries, meal sites and after-hour boxes, and serve approximately 600 home-delivered meals. The crisis hotline assistance program with Northwest Human Services supported 7,000 individuals in need of service referrals, crisis intervention, suicide assessment, and support. Funding for the Northwest Human Services (NWHHS) Youth Health, Outreach, Shelter, and Transitions (HOST) program assisted approximately 150 youth through transitional housing, permanent housing, laundry, showers, and meals and other support. Funding to The Center for Hope and Safety served approximately 2,000 individuals experiencing domestic violence with counseling, temporary safe housing, and other support. The City assisted approximately 200 individuals with retaining or obtaining housing through tenant based rental assistance and other support.

Develop Salem to be a safe and well-maintained City with a mix of quality housing for all residents, access to parks, recreation, historic and cultural resources, and the arts.

Summary of City Services

To ensure Salem residents have access to parks, recreation, and historic and cultural opportunities, we're actively working with our community today to build a long-term vision for future growth and development. We also work with the private and non-profit sectors to develop a diverse range of housing options. Together, we create and maintain public spaces to offer activities that connect, benefit, and reflect our community, and support the arts, historically, and culturally significant buildings and sites, and community events.

Expenditures by Program / Department Grouping (In Millions)**

1. City Manager's Office Summary of Services and Programs

What's New In This Budget

Summary of Services

The City Manager's Office provides a range of services with a Citywide benefit. Within the Welcoming and Livable Community area, the program is Homeless and Sheltering Coordination.

Homeless and Sheltering Coordination

This program provides the coordination and outreach of resources for our unsheltered residents. It encourages partnerships between local agencies to increase support for sheltering and affordable housing needs in the Salem community.

In fiscal year 2024, the City Manager's Office will be moving four positions to the new Community Services Department. Community Services will focus on programs involving a variety of aspects including: parks and recreation, homeless and sheltering coordination, neighborhood association outreach, youth development, and the Salem Public Library.

With this transition, some administrative, Citywide resources from the City Manager's Office will still be attributed to the Homeless and Sheltering Coordination program.

2. Community and Urban Development Department Summary of Services and Programs

Summary of Services

To accommodate the wide variety of services provided by the Urban Development Division, programs are shown in multiple City funds and service areas.

Programs managed in the General Fund provide assistance to low-income individuals and families, funding for social service and other aid programs serving low-income individuals, help with emergency food baskets, homeless education and case management services, services for homeless youth, and utility support.

Activities in the downtown such as grants for building improvements, historic asset rehabilitation, circulation of vehicles and multimodal transportation options, and marketing of the Salem Convention Center are also supported by staff in the General Fund.

Community Development Block Grant

Federal grants support small business creation and expansion; fund social service agencies that provide services to homeless, near-homeless, and low-income families; and help stabilize affordable housing units.

HOME Investment Partnership

Federal grants provide rental assistance to low-income individuals and families, support rehabilitation of affordable housing units, and help fund local organizations to create more affordable housing.

Low Income Housing Tax Exemption Program

The City grants property tax exemptions to non-profit corporations operating affordable housing developments. There are currently 11 properties representing 384 units in the program, with two properties exempted while in the pre-development phase.

Work Force Changes

The Urban Development Division has reclassified a position from a program manager I to a program manager III to focus on the City Council priority of housing and affordable housing. The position will oversee housing centric initiatives such as federal Housing and Urban Development (HUD) funded grants, the Low Income Housing Tax Exemption program and the Multi-Unit Housing Tax Incentive program.

With the consolidation of Urban Development and Community Development into one department, and the movement of three positions to newly formed Community Services Department, additional need for administrative support was identified. As a result, a new administrative analyst II has been included in the FY 2024 budget.

2. Community & Urban Development Department Summary of Services and Programs

Summary of Services

The Community Development Division provides a wide range of services to keep our community moving forward and thriving. From providing code enforcement, to reviewing structural plans and inspecting buildings, to supporting neighborhoods through the park ranger program, these services make Salem more livable and vibrant.

Planning

City planners enhance the quality of life for residents by ensuring current development proposals align with the community's overall vision for Salem. Long-range projects help guide future growth and development. Planning staff educate and engage the community about planning projects and processes and assist applicants during the land use process. Upcoming projects include revising land use regulations to comply with new State climate rules, developing strategies to promote housing development, and helping update Salem's Transportation System Plan. (Photo at right).

Code Enforcement

With a focus on education and compliance, Code Enforcement provides administration of the Park Ranger, Multifamily Inspection, and Code Compliance programs addressing nuisances, housing, and other property maintenance issues.

Park Ranger

The Park Ranger and associate program works within the City of Salem park system to ensure a safe and welcoming park for visitors.

What's New In This Budget

Work Force Changes. For the Planning section, \$21,480 have been allocated to fund planning interns. These interns will be college students and the program will provide them real world planning and urban development experience as well as enhance capacity for the Planning section.

Additionally, four new code enforcement officers are being included in this budget. Two will be functioning as park rangers and two will be traditional code enforcement officers. These positions are being funded with an increase to the City Operations Fee.

3. Non Departmental Summary of Services and Programs

Summary of Services

Non Departmental expenses benefit all result areas or cannot be easily allocated to a particular department. The Non Departmental programs highlighted below support the result area of a Welcoming and Livable Community.

Supported by the [General Fund](#), the Homeless Rental Assistance Program uses a housing first strategy designed to house and provide supportive services to chronically homeless individuals in Salem. The FY 2024 budget includes \$625,000 for this program. Assistance under the program will continue to include up to 12 months of rental assistance and funding for security deposits, utilities, basic personal care items, and medical services. It also includes funding for the Police Department portion of the Salem Outreach and Livability Services team at \$907,230.

The [Public Art Fund](#) supports the public art collection and is funded by donations and grants, and through the dedication of one-half of one percent of eligible publicly-funded capital improvement project costs. The Public Art Commission oversees the public art collection, approves new art acquisition, and manages, maintains, and deaccessions current pieces in the collection. The FY 2024 budget includes the continuation of \$25,000 for maintenance of the City's art collection through a transfer from the Cultural and Tourism Fund. Salem's public art collection is valuable, includes well-known local and northwest artists, and reflects a historical progression of the Salem area. Public art brings beauty and unique character to our public spaces, and positively impacts quality of life.

Grants to area non-profits for operating tourist attraction facilities, cultural facilities, or special events that attract tourists and enhance the quality of life for Salem residents are included in the result area of Welcoming and Livable Community. The grants are supported by the [Cultural and Tourism Fund](#). The fund also has programs in the result area of Strong and Diverse Economy.

4. Community Services Department Summary of Services and Programs

Summary of Services

The Community Services Department provides opportunities to participate in sports and outdoor activities, enjoy the beauty of nature in public green spaces, attend classes that teach arts or craftsmanship, and connect people with similar interests. The department also provides sheltering services and coordination, activity coordination at the Salem Public Library, neighborhood services and youth development.

Recreation Services

The Recreation Services section manages the use of parks, streets and open spaces, and coordinates City resources to support community events in Salem. Staff directs overall operations of Salem's softball programs at the Wallace Marine Park Softball Complex and coordinates youth recreation programs provided by the City including sports camps, Summer in the Parks, and COUNTRY Kids Relays.

Parks Planning

Parks Planning provides services such as developing park master plans for urban, community and neighborhood parks, engaging the public in the master planning process, writing grants, allocating funding for park development and assisting the Engineering Division in the delivery of park improvement projects.

Youth Services

The goal of the Youth Services programs is to engage Salem youth in civic leadership, create a positive environment for youth through community programs and partnering with providers to meet these goals. Popular programs include the ILEAD teen summit which is held annually and hosted by Youth Services. (Photo at right).

Center 50+

As a nationally accredited senior center, Center 50+ provides programs and services to thousands of community members. Every dollar of City funding is matched with nearly four dollars in program fees, volunteer labor, in-kind contributions, and financial support from partners such as Friends of Center 50+, businesses, and residents.

Parks Operations

Salem's park system and street trees are maintained by Parks Operations. Services also include landscaping for tourist attractions, historic properties, and cultural facilities, and set-up and clean-up for special events. Parks Operations programs benefit greatly through the coordination of volunteer programs and supplemental labor programs.

Salem Public Library

The Main Library and West Salem Branch Library provide access to books, DVDs, audiobooks, and magazines in physical and electronic format, public-use computers, meeting spaces and a wide variety of programs for youth and adults.

4. Community Services Department Summary of Services and Programs

Summary of Services, Continued

Neighborhood Services

Salem proudly has seventeen active neighborhood associations, each with their own governing boards, elected board members and meeting procedures. Although not governed or directed by the City, maintaining and providing resources to the neighborhood associations enriches civic involvement and engagement. Neighborhood Services programs help neighborhood associations build connections among neighbors, tailored to their ideas for action and need. This can range from coordinating meetings to hosting large annual events, such as the Civic Center 50th Anniversary event this past year. (Photo at right).

Work Force Changes. For the next fiscal year, there were the addition of seven new positions and the movement of positions from other organizations into this new department. Of the new positions, there was the inclusion of a new Library supervisor for the West Salem branch, a new program manager for Recreation Services that is transitioning from a limited duration position and will focus on programming at Riverfront Park (photo at right), and a new management analyst I to assist with various budgeting and analytical needs of the new department. Additionally, three park maintenance operators and a parks project coordinator were added expand the Salem Outreach and Livability Services team which were funded by an increase in the City Operations Fee.

A total of 10 positions moved from Community Development, the City Manager's Office and Public Works Support Services. A vacant director position has been reclassified to a Deputy City Manager who will oversee the department.

4. Community Services Department Summary of Services and Programs

What's New In This Budget

Center 50+

Age Friendly Initiative

Center 50+ Advisory Commission will be pursuing zero-budget impact options to move forward the Age Friendly Initiative. Through a partnership with American Association of Retired Persons (AARP) of Oregon and the World Health Organization (WHO), an action team will identify and remove barriers for older adults living in their homes, neighborhoods, and community for their lifetime. The largest barrier being addressed this year is the limited mobility / transportation for seniors that do not utilize a personal vehicle. Partnering with Friends of Center 50+ will allow the Center to offer a transportation access fair, technology training, and to pilot a volunteer operated transit buddy program and volunteer ride program to assist with personal errands and medical appointments. The second barrier to focus on this year will be creating an Age Friendly Communication Plan in which marketing strategies and technology usage will be examined.

Comprehensive Park System Master Plan Update

A planning process to update to the Comprehensive Park System Master Plan will be in late 2023 or early 2024. The project will seek to align the park system plan with new Comprehensive Plan goals adopted in 2022, at the conclusion of the Our Salem project. This planning work will include robust and broad community engagement with many different opportunities for public participation. (Photo below).

Bailey Ridge Park

As the first step toward implementing the 2022 Bailey Ridge Park Master Plan, planning and design will begin for a project to address active erosion along Chambers Swale and drainage issues associated with a rill (spring) in the western portion of the neighborhood park property. Aside from addressing soil erosion and drainage issues, this project may include habitat restoration along Chambers Swale, accessible pathways, and Douglas Fir grove management (i.e., thinning) to improve tree health, light, and visibility.

4. Community Services Department Summary of Services and Programs

Some of the new construction projects and acquisitions for [parks](#) and [recreation](#) facilities include:

Acquisitions

Fabry Natural Area Park - land acquisition for natural area park located near Fabry Road SE and Reed Lane SE. The property is in Phase 2 of the Headwaters Subdivision.

Fairground Area Neighborhood Park - the City will begin exploring options for acquisition of land for a proposed neighborhood park property to serve residents south and east of the State Fairgrounds.

Misty Morning Neighborhood Park - land acquisition of a proposed neighborhood park property, located in Phase 1 of the Willamette Valley View Estates Subdivision.

Parks Development and Construction Projects

Geer Park Improvements

Multiple improvements to Geer Park will be provided by the bond include the development of, a fenced off-leash dog park, full renovation of two baseball fields and two soccer fields, and a picnic shelter. In addition, a combination of System Development Charges (SDCs) and grant potential grant funds will provide funding for accessible paved pathways, a 19,500 square-foot skate park and an accessible spectator viewing plaza, a second picnic shelter, and installation of new site furnishings and landscaping that includes native and native-adaptive species. (Photo at right).

Park Paths and Trails

The 2022 Safety and Livability Bond provides funding for improvements to paths and trails. Outreach will continue in 2023 to prioritize existing park pathway and trail sections to be rehabilitated and replaced.

5. Trust Funds Summary

The City's trust funds are special accounts that hold donations and other revenue sources for various purposes or for the temporary holding of funds for which the City acts as a collection or escrow entity.

The trust accounts in the Welcoming and Livable Community result area are organized by department with the account name serving as the descriptor. More information about the City's trust accounts can be found in the Miscellaneous section of the budget document.

Beep Beep! Salem Public Library on the move!

The Salem Public Library continues to reach people around the community, both at the physical library and through the new outreach vehicle that was funded by an American Rescue Plan Act (ARPA) grant via the State of Oregon. With the use of this bright and colorful new van, the Salem Public Library is able to reach more neighborhoods and folks that may not be able to make it to the physical branch for various reasons. This integral service helps connect the community to resources that they otherwise may not be able to reach. (Photo at right).

Opportunities at the Library

In November of 2017, the City of Salem community passed an \$18.6 million bond to fund seismic, safety, accessibility and system improvements to the Main Salem Public Library and parking structure. In October of 2021, the new doors of the Main Salem Public Library reopened to patrons.

A year and a half since opening, study and meeting rooms continue to be a very popular and high demand offering in the building. In person programming has resumed including storytime in English and Spanish, teen programs sponsored by the Teen Advisory Board and a variety of programs for adults. An example of a program in the past year was a family game night playing Loteria. (Photo at left).

Welcoming and Livable Community *At Your Service*

Salem Outreach and Livability Services

Launched in fiscal year 2023, the Salem Outreach and Livability Services (SOS) Team has been integral in providing needed coordination and resources addressing unsheltered members of the community. Funding for this team came from a one time State of Oregon grant. The cross departmental team includes individuals from Parks Operations, the City Manager's Office, and the Police Department. In the SOS Team's first week of operation, seven tons of garbage and waste were properly disposed of and connections with individuals experiencing homelessness were made. In fiscal year 2024, the team will be consolidated under the new Community Services Department except for Police Department members. (Icon at left).

Recreation Services - Softball & Kickball

Leagues: Continuing the long tradition of softball in Salem, 160 teams (115 softball teams and 45 kickball) participated in softball and kickball leagues in 2022. The weeknight leagues take place at the Wallace Marine Park Softball Complex from April through the first of October.

Tournaments: The City of Salem won the bid to host the USA Softball / Alliance Fast Pitch Girls' 12A / 16A Western National Tournaments in July 2023. Recreation anticipates registering more than 45 teams for these two age divisions. The City also won the bid to host the USA Softball Men's D/E Slow Pitch Western National and Women's C/D/E NIT in August 2023. Recreation anticipates over 40 teams to play in these tournaments. (Photo at right).

Recreation Services, continued

Recreation Programs

During the past calendar year, Recreation programming continued to operate under a few COVID restrictions. As the year progressed, Recreation was able to provide a variety of camps and classes that served 2,200 youth and families. Additionally, programming for the Movies in the Park returned and was well attended throughout the summer season.

Gerry Frank | Salem Rotary Amphitheater

In the summer of 2022, the Gerry Frank | Salem Rotary Amphitheater welcomed its first guests to gather and celebrate at a wide variety of events. From private wedding receptions, yoga in the park, comedy shows, and cultural events to music festivals, Movies in the Park, IRONMAN, and major ticketed concerts, thousands of attendees experienced the wonder and awe of this new and iconic venue. In the future, events will continue to be a mix of local, regional, and national acts. The number of events will increase over time as staff are able to insert professionally organized high-profile acts, along with hourly and weekday rentals between the popular weekend show times. (Photo below).

Parks Developments and Construction Projects

Minto-Brown Island Park Restoration Projects

Three restoration projects are currently underway in the Minto-Island Conservation Area (MICA):

★ A four year grant funded collaboration with the Willamette Riverkeeper group to control the invasive aquatic plant, [water primrose \(Ludwigia spp\)](#) in the Willamette Slough. The project is in its final year of grant funding.

★ A five year grant project aimed at restoring 48 acres of floodplain forest and shrubland along the west side of MICA. In its fourth year of implementation, work now focuses on ensuring successful establishment of the over 77,000 native plants that have been planted in the restoration area. (Photo below).

★ A project focused on establishing a 25-foot-wide native plant buffer along both sides of the MICA paved trail to help protect the conservation area, preserve wildlife habitat, and enhance the public experience in the park.

Parks Developments and Construction Projects, Continued

Woodmansee Park

The first phase of improvements from the 2021 Woodmansee Park Master Plan are nearly complete. Improvements include reconstructed tennis courts with new fencing and striping for tennis and pickleball, new irrigated multi-use sports field, and paved trails. A reservable shelter for picnicking and group gatherings will be installed in spring 2023. (Photo below).

Over 90 City Parks

Salem now has 91 public parks and natural areas. The most recent addition to Salem's park system is an extensively wooded 14-acre property in south Salem. This new land is now one of 11 natural areas managed by City Parks Operations.

Bill Riegel Park

Bill Riegel Park, a four-acre neighborhood park in southeast Salem, has several new features including additional paved pathways, a second playground for school-aged children, irrigation system upgrades, picnic tables, benches, and bike racks. A new picnic shelter will open in spring 2023. (Photo above).

Welcoming and Livable Community *At Your Service*

Parks Operations

Parks Volunteers

This past year through service opportunities in the parks, community members provided over 64,524 volunteer hours to the City, or the equivalent of 31 full-time equivalent (FTE) employees. Supplemental labor crews provided approximately 25,016 hours, or the equivalent of 12 FTE. (Photo below).

Continued Recovery and Restoration from 2021 Ice Storm Damages

Three limited duration parks maintenance operators were added in 2022 to Parks Operations in support of the tree replanting program funded with insurance proceeds from the February 2021 ice storm. The City's Urban Forestry Program has replanted 450 trees to replace those removed after being damaged from the storm. The workgroup has ground out over 700 tree stumps and will ultimately replant 1,400 trees to replace those damaged from the storm and subsequently removed. These limited duration employees will continue to support this effort into the new fiscal year. (Photo below).

Welcoming and Livable Community *At Your Service*

Center 50+

Connection Center and the Connection Café

To help customers navigate Center 50+ programs, activities, and services with ease, a new customer service center was created. The Connection Center and Connection Café provides a single point of entry for customers to register for a class or a trip, sign up to be a volunteer, reserve a computer or receive technical support from the lending library, access resources, and connect to Center 50+ Outreach Services. This year the Connection Center processed 65,436 registrations, answered 6,500 information and assistance calls, and provided one-on-one technology tutoring to 62 seniors. (Photo at right).

Outreach Services

In an effort to address senior isolation and loneliness Center 50+ continued to deliver programs and services virtually and to seniors in their homes. Thanks to volunteers and community partners, Outreach Services delivered the following support programs and activities to more than 3,800 homebound seniors:

- Food / care box emergency delivery
- Fitness and wellness programs, nutrition education, personal and mobility training, and more
- Activities such as arts and crafts, brain health and lifelong learning resources, puzzles, games, and more
- Fix-it Brigade, fall prevention, and home safety inspections
- Friendly Visitor program (front door / front porch short visits / frequent reassurance phone calls)
- Technology tutoring (front door / front porch service)
- Canine Corp - friendly dog visitor program
- Information and assistance
- Fall leaf haul and winter storm cleanup projects

Welcoming and Livable Community *At Your Service*

Expanded Outreach Programs at Center 50+

Center 50+ successfully expanded service delivery methods during the pandemic and the transition that followed by focusing on outreach services to combat senior loneliness and social isolation. With support from Salem Health, United Way of the Mid-Willamette Valley, P3 Healthcare Partners, and Home Instead Home Care, Center 50+ has gone mobile and is even more outward facing as a "Center without walls". The outreach programs reach seniors with mobility and technology barriers who were previously unable to connect with the community and their peers. Pop-Up programming and Wellness on Wheels deliver fitness, nutrition, mobility and wellness programs, activities, lifelong learning, friendly visits, and technology tutoring. Outreach services are helping older residents remain in their homes and neighborhoods as long as possible, fully connected to the village that surrounds them, further creating a City for all ages - An Age Friendly Community. This past year, the Wellness on Wheels (WOW) Van served 7,350 people, and Center 50+ had more than 65,000 in-person visits. (Photos below).

2022 Safety and Livability Bond

Salem residents approved the 2022 Safety and Livability Bond measure in November of 2022, which allows the City to implement a ten-year plan to increase funding for street upgrades, sidewalk construction and repair, construction of bicycle facilities, replacement of aging fire apparatus and equipment, park improvements, updating information technology and cybersecurity tools, acquiring property for future affordable housing developments, two fire stations, and two branch libraries, and earthquake safety upgrades to the Civic Center.

The bond will be paid off over 30 years, and will maintain the City of Salem bonded tax rates at the current levels.

Project No.	Budget / CIP Year	Neighborhood and Ward	Sources of Funding			Funding Notes	
			GO Bond	Other Revenue	Total		
FY 2024 Building Projects							
1. Civic Center Seismic Improvements	723600	2023	CAN-DO Ward 2	\$ 1,200,000	\$ -	\$ 1,200,000	
Planning and design of seismic improvements to reinforce the Civic Center structure; hazardous materials abatement; atrium seismic reinforcement and skylight replacement; replacement of windows, roof, and generator; waterproofing and concrete repairs to the parking structure; and Peace Plaza renovations. Full funding for construction of this project will follow in future fiscal years.							
2. Affordable Housing / Library Branch Northern Site	TBD	2023	TBD	1,000,000	-	1,000,000	
Planning for site acquisition for mixed used affordable housing and a branch library in the northern part of Salem. Full funding for construction of this project will follow in future fiscal years.							
3. Affordable Housing / Library Branch Southern Site	TBD	2023	TBD	1,000,000	-	1,000,000	
Site acquisition for mixed used affordable housing and a branch library in the southern part of Salem. Full funding for construction of this project will follow in future fiscal years.							
4. New Fire Station - Northeastern Site	TBD	2023	TBD	1,000,000	-	1,000,000	
Site acquisition for a new fire station in northeast Salem to replace existing Station 8. Full funding for design and construction will be included in future fiscal years.							
5. New Fire Station - South Salem	TBD	2023	TBD	1,000,000	-	1,000,000	
Site acquisition for a new fire station in south Salem. Full funding for design and construction will be included in future fiscal years.							
				\$ 5,200,000	\$ -	\$ 5,200,000	

	Project No.	Budget / CIP Year	Neighborhood and Ward	GO Bond	Other Revenue	Total	Funding Notes
FY 2024 Information Technology							
6.	Enterprise Resource Planning (ERP) Replacement	TBD	2023	Citywide / All Wards	\$ 500,000	\$ -	\$ 500,000
	This system will replace individual applications used to manage the City's financial reporting and accounting functions, timekeeping, timecard management, employee benefits, performance management, project management, and customer relationship management. The full integration of this suite of functions will allow the City to replace obsolete system operating costs, provide an uninterrupted and secure flow of information, and allow staff to capitalize on efficiencies reducing the cost of ownership. Full funding will be included in future fiscal years.						
7.	Redundant Fiber	TBD	2023	Citywide / All Wards	\$ 500,000	\$ -	\$ 500,000
	Completion of a redundant fiber ring to reduce the risk of service interruption and address critical infrastructure concerns within the City's disaster recovery plan. Full funding will be included in future fiscal years.						
					\$ 1,000,000	\$ -	\$ 1,000,000
FY 2024 Park Upgrade Projects							
8.	McKay School Park Improvements - Restroom Facility, Shelter, and Sports Field Renovation	722410	2023	NOLA Ward 6	\$ 488,500	\$ -	\$ 488,500
	Design of a new 4-stall restroom facility with utility connections and user access path; picnic shelter located between the new playground and basketball courts; and renovation of two soccer fields and surrounding warm-up areas with sub-drainage, new irrigation, and natural turf. Full funding for construction of this project will follow in future fiscal years.						
9.	Minto-Brown Island Park - Parking Lots No. 2 and 3 Pavement	722411	2023	Citywide / All Wards	\$ 1,500,000	\$ -	\$ 1,500,000
	Design and construction to fully pave both parking lots to increase parking lot sizes, improve parking efficiency, and increase the availability of spaces serving the off-leash dog area and trailhead staging for the Peter Courtney Minto Island Pedestrian Bridge path, the reservable picnic shelter, picnic tables, playground, fishing dock, and trails.						
10.	Parks System-wide Park Path and Trails	722412	2023	Citywide / All Wards	\$ 506,000	\$ -	\$ 506,000
	Design and construction for the rehabilitation and replacement of park paths and trails. Priority will be given to address safety issues and provide accessible routes to park facilities.						

	Project No.	Budget / CIP Year	Neighborhood and Ward	GO Bond	Other Revenue	Total	Funding Notes
11. Geer Park Improvements - Shelter, Sports Field, and Dog Park Design of a picnic shelter located west of Baseball Field No. 2; renovation of two baseball fields and two soccer fields to extend seasonal use including sub-drainage, new irrigation, and natural turf; and development of off-leash dog areas with separated small- and large-dog sections with paved, double-gated entry with seating, a small shelter, drinking fountain, shade trees, pet waste bag dispenser, and waste receptacle. Full funding for construction of this project will follow in future fiscal years.	722413	2023	Other Ward 2	\$ 358,500	\$ -	\$ 358,500	
12. Brush College Park Playground Facility Improvements Design for the replacement of manufactured play equipment and rehabilitation of playground facilities, including curbing, user access routes, surfacing, and drainage. Full funding for construction of this project will follow in future fiscal years.	723400	2024	West Salem Ward 8	\$ 120,000	\$ -	\$ 120,000	
13. McRae Park Playground Facility Improvements Design for the replacement of manufactured play equipment and rehabilitation of playground facilities, including curbing, user access routes, surfacing, and drainage. Full funding for construction of this project will follow in future fiscal years.	723401	2024	NEN Ward 1	\$ 120,000	\$ -	\$ 120,000	
14. Minto-Brown Island Park Playground Facility Improvements Design for the replacement of manufactured play equipment and rehabilitation of playground facilities, including curbing, user access routes, surfacing, and drainage. Full funding for construction of this project will follow in future fiscal years.	723402	2024	Citywide / All Wards	\$ 120,000	\$ -	\$ 120,000	
15. Woodmansee Park Playground Facility Improvements Design for the replacement of manufactured play equipment and rehabilitation of playground facilities, including curbing, user access routes, surfacing, and drainage. Full funding for construction of this project will follow in future fiscal years.	723403	2024	Faye Wright Ward 3	\$ 120,000	\$ -	\$ 120,000

16. Athletic Courts at Highland, Hoover, Morningside, River Road, and Sumpter Parks	723404	2024	Highland, Morningside, NESCA, South Gateway Wards 1, 3, 4, 5, 6	600,000	-	600,000	
Design of new or replacement multi-use athletic sport courts. Typically, these are L-shaped courts with a tennis court and overlapping full basketball court. Additional options can include, and may not be limited to half-court basketball, pickle ball striping, and futsal / soccer mini-pitch, new pavement, surfacing, and fencing. Full funding for construction of this project will follow in future fiscal years.							
				\$ 3,933,000	\$ -	\$ 3,933,000	
FY 2024 Transportation Projects							
17. McGilchrist Street SE Corridor Improvements: 12th Street SE to 25th Street SE	722513	2023	SCAN, SESNA Ward 2	\$ 2,980,000	\$ -	\$ 2,980,000	
Partial funding for the design and construction of street improvements to arterial street standards, including new curbs, sidewalks, multi-use path, stormwater treatment, and streetlights. The full project includes realignment and a new traffic signal at 22nd St SE, upgrades to two creek crossings, and rail crossing improvements.							
18. Marine Drive NW, Phase 1: Harritt Drive NW to Taybin Road NW	722514	2023	West Salem Wards 1, 8	1,010,000	-	1,010,000	
Planning of street improvements to collector street standards to the special Transportation System Plan cross section (two travel lanes), including new curbs, a sidewalk on the westerly side, 12-foot multi-use path on the easterly side, stormwater treatment, and streetlights. Includes connector streets at Harritt Dr NW, Beckett St NW, and 5th Ave NW.							
19. 2022 Safety and Livability Bond Bridge Rehabilitation Projects	722515	2023	CAN-DO, NEN, SESNA, SCAN Wards 1, 2	610,000	-	610,000	
Design of bridge improvements to strengthen the existing bridge members to remove the current load restriction on the 15th St SE, 17th St NE, and Liberty St NE bridges over Mill Creek and the Mission St SE bridge over Pringle Creek. Work may also include replacement of a portion of the existing asphalt pavement surface with a reinforced concrete surface. Full funding for construction of this project will follow in future fiscal years.							

	Project No.	Budget / CIP Year	Neighborhood and Ward	GO Bond	Other Revenue	Total	Funding Notes
20. 2024 Pavement Repair and Rehabilitation Design and construction for pavement rehabilitation including curb ramp replacements to comply with the Americans with Disabilities Act (ADA) requirements on Commercial St SE (Fabry Rd SE to the Interstate 5 ramp and on Liberty St SE (Mill St SE to Trade St SE).	722519	2023	CAN-DO, South Gateway Wards 2, 4	2,980,000	-	2,980,000	
21. Pringle Creek Path - Civic Center to Riverfront Park Planning and design of a pedestrian bridge crossing of Pringle Creek under the Commercial St SE bridge, construction of a new path along Pringle Creek from Commercial St SE under the existing railroad bridge to Riverfront Park. Work also includes creek overlooks and an art wall. Pending grant funding availability, full funding for construction of this project will follow in future fiscal years.	722521	2023	CAN-DO Wards 1, 2	500,000	-	500,000	
22. Union Street NE Family Friendly Bikeway: Summer Street NE to 12th Street NE Design to extend bicycle facilities along Union St from Summer St NE to 12th St NE. Full funding for construction of this project will follow in future fiscal years.	722522	2023	CAN-DO Ward 1	1,290,000	-	1,290,000	
23. Safer Pedestrian Crossings Planning and design of new pedestrian crossings that include median islands, lighting, rectangular rapid flashing beacons (as needed), and new curb ramps and sidewalks to comply with Americans with Disabilities Act (ADA) requirements. Locations will be determined at a later date after a public outreach process and approval by Council. Full funding for construction of this project will follow in future fiscal years.	722523	2023	Citywide All Wards	703,000	-	703,000	
24. Sidewalk Infill Design and construction of missing sidewalks to provide pedestrian connectivity. Locations will be determined at a later date after a public outreach process and approval by Council.	722524	2023	Citywide All Wards	1,190,000	-	1,190,000

Parks Capital Improvements

The City of Salem operates and maintains a diverse system of parks for Salem residents and visitors that includes over 90 park properties and 2,335 acres of total park land. Funds in this section are allocated to plan, design, acquire property, and construct projects that improve or expand Salem's public parks system. Projects are funded from Parks System Development Charges (SDC), Transient Occupancy Tax (TOT) funds, Oregon Parks and Recreation grants, Oregon Watershed Enhancement Board (OWEB) grants, Salem Parks Foundation donations, other State and local agencies, donations, or a combination of funding sources.

Parks improvement projects support the service area of Welcoming and Livable Community.

Historic City-Owned Structures Capital Improvements

The City of Salem owns and maintains several historic structures - the Bush House and Barn, Deepwood Estate, and the Gilbert, Parrish, and Rockenfield houses on the A.C. Gilbert Discovery Village campus. The primary source of funding for capital improvement projects at these sites is lodging tax revenue (known as TOT) from the Cultural and Tourism Fund.

The result areas of Welcoming and Livable Community and Strong and Diverse Economy are both represented with these projects. The funding source of lodging tax and the tourism it represents is an economic driver in the community. While the historic locations are considered tourist attractions, ongoing maintenance and repair of the structures and surrounding grounds contributes to the livability of the community.

Airport Capital Improvements

Salem's municipal airport - McNary Field - is owned and operated by the City of Salem. The 751-acre airport has more than 130 aircraft hangars and businesses as well as the Oregon National Guard's Army Aviation Support Facility. The primary funding source for capital improvement projects at the airport is Federal Aviation Administration grants. The operations fund for the airport supplies the required grant match through an interfund transfer.

The result areas of Strong and Diverse Economy and Safe, Efficient, and Reliable Infrastructure are both represented with airport capital improvement projects. McNary Field is part of the City's infrastructure; however, emphasis is placed on the airport as it contributes to the local economy.

Civic Center and Other Municipal Building Capital Improvements

Salem’s City Hall is one of three buildings, including the Salem Public Library and City Council Chambers, that comprise the Civic Center campus. The campus was constructed in 1972 and is the seat of the municipal government with many City services centrally located on site. Projects for other locations reflect the City's obligation for improvement and upkeep of all municipal buildings.

The result areas of Good Governance and Safe, Efficient, and Reliable Infrastructure are both represented with these projects. Municipal buildings are considered part of the City's infrastructure. The Good Governance icon acknowledges the access to government services afforded the community within these locations.

Navigation Center Capital Improvement

A navigation center is a low-barrier shelter with intensive case management to connect houseless individuals to public benefits, health services, and permanent housing. In May 2021, the State of Oregon awarded an operating grant for a navigation center in Salem. In addition, the City is receiving a grant from Marion County and the State Legislature totaling \$4.9 million for tenant improvements at the purchased building.

The service area symbols of Welcoming and Livable Community and Safe, Efficient, and Reliable Infrastructure are both represented with this project. Major capital projects, like this building, are considered part of the City's infrastructure. The addition of the Welcoming and Livable Community icon is acknowledgement of the purpose of the building.

Police Station Capital Improvement

In May of 2017, the residents of Salem passed a bond measure to finance the development of a police station where the Salem Police Department can conduct business efficiently and safely. The site selected for the new facility is on the corner of Commercial and Division Streets NE, formally the location of the O'Brien Auto Group. Construction is complete and the building is operating. There are some outstanding expenses before the project is closed.

The service area symbols of Safe Community and Safe, Efficient, and Reliable Infrastructure are both represented with this project. Major capital projects, like this new building, are considered part of the City's infrastructure. The addition of the Safe Community icon is acknowledgement of the purpose of the building.

Shops Complex Capital Improvements

The City's Shops Complex, located on 22nd Street SE, is used primarily by the City of Salem to operate and maintain its infrastructure, including streets, parks, and utilities. Also located within the complex are employees and buildings focused on the maintenance and repair of the City's inventory of vehicles, motorized equipment, historic buildings, municipal buildings, and radio communications infrastructure and equipment.

The result areas of Good Governance and Safe, Efficient, and Reliable Infrastructure are both represented with Shops Complex projects. The complex is considered part of the City's infrastructure and many of the services co-located there focus on maintenance of the infrastructure. The Good Governance icon reflects the importance of the City's stewardship of these resources.

Information Technology Capital Improvements

The City's Information Technology (IT) Department is responsible for the central services and technological infrastructure required to support the multiple "lines of business" operated by nine City departments. IT provides network services, PC support, business application development and maintenance, geographic information systems, and telecommunications.

The result areas of Good Governance and Safe, Efficient, and Reliable Infrastructure are both represented with IT projects. IT's various services and programs align with the outcomes defined for the Good Governance result, while the infrastructure icon acknowledges the access to government services supported by technology.

Parking Structure Capital Improvements

The City of Salem owns and maintains six parking structures in downtown Salem. Three "parkades" - Chemeketa, Liberty, and Marion - consist of 764,000 square feet of parking, tenant occupied spaces, and nine elevators. Operation of these parkades is managed within the Downtown Parking Fund. The projects budgeted here will help preserve and maintain the overall functionality and condition of the structures and operating systems. The remaining three parkades - Pringle, City Hall, and main Salem Public Library - have more than 350,000 square feet of parking space with two elevators. Operations and maintenance are managed within the General Fund.

The result areas of Strong and Diverse Economy and Safe, Efficient, and Reliable Infrastructure are both represented with parking structure projects. While the parking structures are part of the City's infrastructure, parking services contribute to the economic outcomes defined in the Strong and Diverse Economy result area.

Pringle Creek Capital Improvements

The geographic area for this project group mirrors the now-closed Pringle Creek Urban Renewal Area. Funds remaining in the capital improvement cost center of the urban renewal area were transferred to the City. Projects will continue to be identified and funded using proceeds from a loan repayment.

Capital projects in this area support the outcomes noted in the Welcoming and Livable Community result area.

Safe Community Technology Improvements

The projects in this display include replacing the City's radio communications infrastructure and peripheral components to provide a fully interoperable and accessible system, as well as replacing the City's 9-1-1 computer-aided dispatch (CAD) system.

The result areas of Safe Community and Safe, Efficient, and Reliable Infrastructure are both represented with the radio system and CAD system capital improvements. The systems are part of the City's communication infrastructure where reliability and effectiveness have significant implications for services represented in the result area of Safe Community.

Salem Business Campus

The Salem Business Campus, comprising 80 acres of industrial land, is subdivided into a mixture of small (2 to 5 acre) and mid-size (10 acre or larger) lots for industrial, technology, and corporate office use. The site is certified as permit ready.

The result areas of Strong and Diverse Economy and Safe, Efficient, and Reliable Infrastructure are both represented with projects at the business campus. The projects funded here reflect infrastructure improvements to support development, while development of the campus is intended to be an economic driver.

Transportation

The City of Salem operates and maintains an extensive system of streets, traffic signals, and supporting infrastructure. Funds in this section are allocated to plan, design, acquire property, and construct projects that improve or expand Salem's transportation system. Projects are funded with State Highway Revenue, System Development Charges (SDC), Federal Highway Administration grants, Oregon Department of Transportation grants, other State or local agency funds, or a combination of funding sources.

Transportation improvement projects support the service area of Safe, Reliable, and Efficient Infrastructure.

Water

The City of Salem provides potable water services to a service area that comprises more than 55 square miles, with a peak demand of approximately 50 million gallons per day. Funds in this section are allocated to plan, design, acquire property, and construct projects that improve or expand Salem's water source and delivery systems. Projects are funded with water rate revenue, system development charges (SDC), grants from state or local agencies, or a combination of funding sources.

Water improvement projects support the service area of Safe, Reliable, and Efficient Infrastructure.

Stormwater

The City of Salem owns and maintains an extensive system of stormwater collection, treatment, and detention systems to control and treat stormwater for 13 urban watersheds that cover more than 48 square miles. Funds in this section are allocated to plan, design, acquire property, and construct projects that improve or expand Salem's stormwater systems. Projects are funded with stormwater rate revenue, system development charges (SDC), grants from state or local agencies, or a combination of funding sources.

Stormwater improvement projects support the service area of Safe, Reliable, and Efficient Infrastructure.

Wastewater

The City of Salem provides wastewater collection and treatment services to an area that comprises more than 60 square miles, including the City of Salem, City of Turner, and City of Keizer. Funds in this section are allocated to plan, design, acquire property, and construct projects that improve or expand Salem's wastewater collection and treatment systems including the Willow Lake Water Pollution Control Facility (WLWPCF) and the River Road Wet Weather Treatment Facility. Projects are funded with wastewater rate revenue, system development charges (SDC), grants from state or local agencies, or a combination of funding sources.

Wastewater improvement projects support the service area of Safe, Reliable, and Efficient Infrastructure.

Development Districts

The City has two development district cost centers - Sustainable Fairview and Mill Creek. Both support infrastructure improvements in specific geographic areas that are funded through fees paid by developers / builders. The Mill Creek cost center is used to provide funding for infrastructure improvements at the Mill Creek Corporate Center that are not eligible for urban renewal funds. (See the Urban Renewal Agency FY 2024 Budget for more information about the Mill Creek Urban Renewal Area.)

Sustainable Fairview and Mill Creek development districts support the result area of Safe, Reliable, and Efficient Infrastructure.

CITY OF *Salem*
AT YOUR SERVICE

City of Salem Debt Service Summary of Activity

The majority of the City's debt service obligations are categorized in the result area of Safe, Reliable and Efficient Infrastructure. Proceeds from internal loans, revenue bonds, and general obligation bonds support streetlight replacement, multi-year streets and bridges improvement projects, rate-supported replacement and rehabilitation of the utility infrastructure, construction of a new police station, and seismic upgrades and other improvements to Salem Public Library. This is the first year that the Salem Safety and Livability Bond is appearing on the debt services schedule. The total of Safe, Reliable and Efficient Infrastructure debt service is \$35,639,490.

Debt service expense that supports the result area of Strong and Diverse Economy includes a Section 108 loan funded construction of the Salem Convention Center in 2005. The debt payment, which has been supported by the Community Renewal Fund, is \$1,000 resulting in a remaining principal balance of \$0 and pay off by fiscal year end.

In 2005, the City of Salem bonded a portion of its PERS liability which has resulted in annual cost savings related to the City's full PERS obligation. The funding source for the debt repayment is calculated as part of the City's personal services costs and is paid by funds / departments with employees. The debt service for the PERS obligation bond in FY 2024 is \$6,188,050.

Note: Debt service for the utility, streetlights, and parking technology is paid from, respectively, the Utility Fund, Streetlight Fund, and General Fund. All general obligation bond and pension obligation bond debt service payments are managed in the General Debt Fund.

The Proposed FY 2024 Budget *Wayfinding*

The Proposed FY 2024 Budget book offers two displays of financial data; one which is more traditional in format and another that utilizes Priority Based Budgeting to display the City budget. In the page immediately following this Budget Wayfinding section, there is a table that combines both formats to offer a unique display of fund expenditures by Result Area.

Financial Summaries

After the result area summary, there is the more traditional presentation of financial information, both in an enterprise level and individual fund level. This portion of the financial summaries section provides a roll up view of the City's revenues and expenditures by funds in comparison to other City funds. Then, there are individual, fund level one page summaries for the funds, a graphic and a brief summary of changes between the FY 23 Budget, and the FY 24 Proposed Budget for the individual expenses and/or revenues of that particular fund. This allows the reader an opportunity to compare funds as well as provide a deeper dive in fund metrics

In this section, and elsewhere in the budget document, abbreviations are used when space is limited. In numeric and graphic displays the fiscal year is displayed, as an example, FY 2024, meaning the 2023-24 fiscal year. In graphs, the letter, A, is used with the fiscal year - *FY 2021 A*, meaning 2020-21 fiscal year actual results. *FY 2023 B* means the 2022-23 fiscal year budget, and *FY 2024* means the 2023-24 fiscal year budget. The abbreviation, *Mgr Rec*, is used to describe the City Manager's Proposed FY 2024 Budget. *BC Rec FY 2024* and *Adopted FY 2024* represent the Budget Committee's recommendation and the City Council's budget adoption, respectively.

Graphs in the fund summaries display with two axes. The legend on each graph provides clues that the left axis defines revenues and expenditures, while the right axis defines working capital.

City of Salem Budget Airport Fund Assumptions and Trends FY 2024

Account	Assumption	Amount	Account	Assumption	Amount
	Proceeds from airport sales and fees			Proceeds from airport rental	
32646	Fuel Fee: sale of fuel, estimating a 65.9% increase over the FY 2023 Budget	\$ 66,340	34110	Land / Room Rental: commercial lease space, estimating a 0.4% decrease from the FY 2023 Budget	\$ 1,174,530
32648	Tie Down Fee: storage for transient aircraft (tie down), estimating 548% increase over the FY 2023 Budget	\$ 16,200	34148	Parking Rent - Meters: revenue from the Airport surface lot, estimating a 1176.7% increase from the FY 2023 Budget	\$ 410,470
32650	Landing Fee: private and commercial aircraft landing, estimating a 513% increase over the FY 2023 Budget	\$ 28,200	34295	Parking Rent - Other: revenue from the vehicle per day parking rate of \$5.00, estimating a 55.8% increase over the FY 2023 Budget	\$ 16,200

Not all revenues included on the next page are highlighted here.

See the result area of *Strong and Diverse Economy* for more information about Airport Fund program expenses.

Airport Fund Revenues, Expenditures, and Working Capital - Multi-Year View

In millions

Large increases in budgeted revenue in FY 2024 budget compared to the adopted FY 2023 budget are due to the anticipated start of commercial air service.

City of Salem Budget City Services Fund Assumptions and Trends FY 2024

Account	Assumption	Amount	Account	Assumption	Amount
Proceeds from the various "lines of business" in the City Services Fund					
35105	Internal Usage Revenue: Internal charges from City Services provided to departments. Estimated to increase 20.4% over the FY 2023 Budget	\$ 11,182,470	34120	Radio Rent: Radio rental rate revenue charged to various funds and users, a 2.0% increase over the FY 2023 Budget	\$ 1,186,270
35213	Intrafund Budgeted Transfers: Shops Facilities Maintenance, Telecommunications Services, and Document Services revenues received from benefitting funds, a 32.5% increase over the FY 2023 Budget	\$ 609,550			

Not all revenues included on the next page are highlighted here.

See the result areas of *Good Governance*; *Safe Community*; and *Safe, Reliable, and Efficient Infrastructure* for more information about City Services Fund programs.

City Services Fund Revenues, Expenditures, and Working Capital - Multi-Year View

Multiple internal services are housed in the City Services Fund - fleet, radio communications, telecommunications and communications interconnectivity, document services, shops facilities maintenance, the City's warehouse, and a new cost center for building security. The significant expense in FY 2022 and subsequent drop in working capital for FY 2023 is the result of an \$3.97 million transfer from the radio communications operations cost center in the City Services Fund to related cost centers in the Equipment Replacement Fund for the ongoing replacement of each department's radio equipment. Revenue increases in FY 2023 and FY 2024 reflect an increase in radio communications radio rent rates associated with increased replacement costs and system needs.

City of Salem Budget Equipment Replacement Reserve Fund Assumptions and Trends FY 2024

Account	Assumption	Amount	Account	Assumption	Amount
35105	Internal Usage Revenue: for fleet equipment replacement charges collected from departments, a 145.7% increase over the FY 2023 Budget	\$ 3,861,810	39110	Interfund Transfer: operating budget transfers into the reserve, a 10.4% increase over the FY 2023 Budget	\$ 1,641,750

Not all revenues included on the next page are highlighted here.

See the result areas of *Good Governance*, *Safe Community*, and *Strong and Diverse Economy* for more information about this fund's program expenses.

Equipment Replacement Reserve Fund Revenues, Expenditures, and Working Capital - Multi-Year View

In millions

The disparity between budgeted expenditures and revenues is the result of fully appropriating the reserve balance.

Long-term forecasting for vehicle replacement is employed in this fund to help plan for future expenses and balance those costs in department operational budgets against the goal of maintaining adequate reserves for the future.

General Fund Property Tax Revenue - Multi-Year View

In millions

City of Salem Budget
General Fund Assumptions and Trends
FY 2024

Category	Account	Description	Amount	% Chg from FY 2023 B
Taxes				
	31110	Property Taxes: the General Fund's single largest revenue source, estimating a 4.0% increase or an additional \$3.26 million over the FY 2023 Budget. The City's permanent operating tax rate is \$5.83 per \$1,000 of assessed value. Under Measure 50, assessed property values are allowed to increase a maximum of 3 percent per year. In addition, new construction and annexations can increase the City's assessed property values.	\$ 84,007,940	4.0%
	31120			
	31130			
	31140			
	31410	Marijuana Sales Tax: 3 percent on sales within the City limits, estimating an 11.1% decrease from the FY 2023 Budget.	\$ 1,656,000	-11.1%
Franchise Fees				
	32110	Electric Franchise Fee: paid by both Portland General Electric (PGE) and Salem Electric representing 5% of their gross revenues to Salem, estimating an 11.8% increase over the FY 2023 Budget.	\$ 8,200,390	11.8%
	32120	Telecommunications Franchise Fee: paid by eighty-four telecommunications providers to the City of Salem. While the largest telecommunication franchise providers are CenturyLink and Comcast, other telecommunication providers, including Advanced Telecom, Clearwire, Integra, and Level 3 pay 7 percent of gross revenues for franchise fees. Some telecommunications providers do not serve customers within the City and pay a flat, per foot fee annually. Estimating a 13.6% decrease from the FY 2023 Budget.	\$ 1,666,670	-13.6%
	32130	Natural Gas Franchise Fee: paid by Northwest Natural Gas to the City of Salem and represents 5 percent of their gross revenues, estimating a 25.6% increase over the FY 2023 Budget.	\$ 2,470,450	25.6%
	32140	Refuse Franchise Fee: paid by the six refuse collection services – or haulers – operating under franchise agreements in Salem that pay a franchise fee of 7 percent on gross revenue, estimating an increase of 6.5% over the FY 2023 Budget.	\$ 3,033,190	6.5%
	32150	Cable TV Franchise: Comcast currently pays a franchise fee of 5% on gross revenues from services provided over its cable network. The revenue estimate for FY 2023 anticipates that cable rates will remain steady. The City receives the entire payment from Comcast, then pays the equivalent of 40 percent to the Mid-Valley Cable Regulatory Commission (MVCRC). The budget reflects the total to be received from the cable services at \$1,743,760 with \$1,064,260 retained by the City, and \$709,500 budgeted as an expense to be paid to the MVCRC. Estimating a 0.5% increase over the FY 2023 Budget.	\$ 1,773,760	0.5%
	32160	Stormwater / Wastewater / Water Franchise Fees: received from the City's Utility Fund and are assessed at 5 percent of water, wastewater, and stormwater receipts. Estimated to increase 6.9% over the FY 2023 Budget.	\$ 4,428,560	6.9%

City of Salem Budget
 General Fund Assumptions and Trends
 FY 2024

Category	Account	Description	Amount	% Chg from FY 2023 B
Fees for Services				
	32305	City Operations Fee: The fee was implemented in 2020 to help support existing General Fund services. In July 2023 the monthly rate is expected to increase to \$14.43 per residential account, \$11.54 per multifamily unit, and \$69.55 per commercial account. Estimating a 71.1% increase over the FY 2023 Budget.	\$ 13,573,690	71.1%
	32315	Community Events: park use fees and charges for event special use permits, estimating a 9.6% increase over the FY 2023 Budget.	\$ 46,380	9.6%
	32320	Document Sales: copies of City documents to requesting individuals. Most document fees occur within the Police Department when providing records requests. Estimating a 31.5% decrease from the FY 2023 Budget.	\$ 150,340	-31.5%
	32335	Fire Protection: paid by the Salem Suburban Rural Fire Protection District (SSRFPD) to the City of Salem for fire protection. There is a contract in place for these services, which bases the SSRFPD payment to the City on its total revenues for the fiscal year, which are primarily property taxes. Estimating a 3.0% increase over the FY 2023 Budget.	\$ 1,146,900	3.0%
	32345	Code Compliance Cost Recovery: penalties paid by property owners for City elimination of nuisances or improper care of vacant and abandoned buildings. Also included in this revenue are fees for inspecting and enforcing remediation of buildings deemed dangerous. Estimating a 0.1% decrease from the FY 2023 Budget as it is a base amount; actual receipts can fluctuate significantly from year to year. Additionally, civil penalties associated with derelict buildings are accounted for in the revenue account, 36130.	\$ 22,500	-0.1%
	32350	Planning Fees: collected for processing and reviewing various land use planning applications, estimating a 32.1% decrease from the FY 2023 Budget.	\$ 47,540	-32.1%
	32351- 32353	Site Plan Review, Dwelling Plan Review and Design Review: revenues that highlight specific functions within the broader category of planning fees, estimating a 2.9% decrease from the FY 2023 Budget.	\$ 994,870	-2.9%
	32356- 32361	Annexation Fees, Land Development Fees, Natural Resources Application Fees, Pre-application Fees, and Zoning fees: revenues that highlight specific functions within the broader category of planning fees, estimating a 10.5% increase over the FY 2023 Budget.	\$ 1,123,750	10.5%
	32365	Security Service: payments received for the provision of Salem police services for protective details and other security requests, estimating no change from the FY 2023 Budget.	\$ 20,000	0.0%
	32391	Ambulance: this revenue records funds received from Salem's subcontracted ambulance service provider. Funds received offset expenses associated with Advanced Life Support (ALS) engine response to medical emergencies. ALS responses assist the ambulance services provider in meeting its contract obligations for response times. Dispatch services are also offset with a portion of these revenues. Estimating a 100% increase over the FY 2023 Budget.	\$ 439,960	100.0%

City of Salem Budget
General Fund Assumptions and Trends
FY 2024

Category	Account	Description	Amount	% Chg from FY 2023 B
	32490	Lien Search Fee: accounts for funds received from title companies seeking property lien information from City records via the internet. The amount reflects total receipts, which are offset by expenses in the Budget, Finance, and Purchasing Division budget for services received from the vendor. Estimating a 0.5% decrease from the FY 2023 Budget.	\$ 199,680	-0.5%
	32610	Senior Center Fees: program charges at Center 50+, estimating a 7.8% decrease from the FY 2023 Budget.	\$ 214,400	-7.8%
	32615	Recreation Fees: collected from participants in recreation programs such as youth sports camps for basketball, soccer, and tennis, as well as the summer parks program, estimating no change from the FY 2023 Budget.	\$ 100,000	0.0%
	32621	Softball Program Fees: collected from participants for tournament fees and rentals, league fees, and concessions, estimating no change from the FY 2023 Budget.	\$ 268,000	0.0%
	32625	Parks Reservations: fee revenue from the reservation of City parks and Pringle Hall, estimating a 100% increase over the FY 2023 Budget.	\$ 200,000	100.0%
	32630	Library: grouping of Library fees includes collections made for overdue materials, art / book rental, and out-of-city library cards. No	\$ 3,680	0.0%
	32633	library fees collected since FY 2021 due to COVID-19. Estimating no library fee revenue from overdue materials in FY 2024 Budget.		
	32636	Towing: paid to retrieve vehicles towed when the driver is cited for lack of insurance, driving in violation of license restrictions, driving under the influence of intoxicants, or if the vehicle is used in violation of prostitution laws. Estimating no increase over the FY 2023 Budget.	\$ 95,000	0.0%
Licenses and Permits				
	32805	Marijuana Licenses: licensing involved with an allowed facility. Estimating a 59.1% increase over the FY 2023 Budget.	\$ 3,500	59.1%
	32806	Tree Permit: for planting, removal, pruning, and other activities related to trees on City property. Estimating a 2.7% increase over the FY 2023 Budget.	\$ 5,660	2.7%
	32810	Apartment Licenses: for multi-family housing of three or more units, estimating a 1.8% increase over the FY 2023 Budget.	\$ 407,990	1.8%

City of Salem Budget
General Fund Assumptions and Trends
FY 2024

Category	Account	Description	Amount	% Chg from FY 2023 B
	32825	Fire Safety: permits issued by the Salem Fire Department to businesses containing extra hazardous uses as required by the Uniform Fire Code, estimating a 112.1% increase over the FY 2023 Budget.	\$ 2,184,770	112.1%
	32830	Automation Surcharge: assessed on each building, public works, and parking permit for the purpose of offsetting the annual maintenance cost of software supporting permit issuance, estimating a 0.6% increase over the FY 2023 Budget.	\$ 96,030	0.6%
	32855	Sign Permits: revenue collected to cover the costs for approving, issuing, and inspecting all business signs to ensure safe installation and maintenance of signs, estimating a 22% increase over the FY 2023 Budget.	\$ 285,470	22.0%
Rents				
	34110	Land / Building: payments the City receives for rental of City-owned property. Most revenues are the result of Center 50+, Salem Public Library, and the Riverfront Park boat dock facility rentals, estimating a 10.3% decrease from the FY 2023 Budget.	\$ 69,420	-10.3%
	34132 34134	Parking Rent: collections from employee and monthly permit holder parking fees for their use of a parking space at the Civic Center, Library, and Pringle parking structures. Estimating a 1% increase over the FY 2023 Budget.	\$ 153,600	1.0%
	34146	Parking Carpool: revenue represents collection of fees derived from carpool parking permits in and around downtown Salem, estimating no change from the FY 2023 Budget.	\$ 92,100	0.0%
	34148	Parking Meters: Salem has coin-operated parking meters, electronic meters, or electronic pay stations located in four parking structures as well as the library, the downtown perimeter, and State Capitol area, estimating a 0.3% increase over the FY 2023 Budget.	\$ 796,500	0.3%
Internal Charges				
	35130	Support Services Charge (Indirect Cost Allocation or Allocated Overhead): includes funds received through use of the indirect cost allocation plan. This plan, updated annually, accounts for the value of services provided by General Fund departments in support of all other City funds, is estimating a 25.7% increase over the FY 2023 Budget.	\$ 11,318,100	25.7%
	35212	Intrafund - Direct Charge: generated when one department and / or fund performs work for another City department and / or fund. In particular, these revenues are captured when General Fund employees perform salaried work for other funds. For example, much of the work performed by the Urban Development Department for the Urban Renewal Agency is reimbursed through this labor charge. Estimating an increase of 34.7% over the FY 2023 Budget.	\$ 3,936,210	34.7%

City of Salem Budget
 General Fund Assumptions and Trends
 FY 2024

Category	Account	Description	Amount	% Chg from FY 2023 B
	35213	Intrafund - Budgeted Transfers: revenues received as budgeted and generally will bring in exactly the amount planned. One twelfth of the budget amount is recorded each month. Within the General Fund, these monies are received due to assessment of General Fund department administrative overhead charges reallocated to the particular funds for which the General Fund provides oversight.	\$ 4,028,350	28.7%
	35215	Intrafund - Interdepartmental Reimbursements: charges occur after all General Fund costs for a project are accumulated then assessed or "billed" to the benefiting department.	\$ 266,270	-88.0%
	39110	Interfund Transfers: accounts for financial activity between two funds.	\$ 2,774,060	-32.8%
State Shared Revenue				
	35315	Alcoholic Beverage: Each month Oregon cities receive 20 percent of the net proceeds from the Oregon Liquor Control Commission's (OLCC) sale of alcoholic beverages. These funds are distributed based on population, estimating an increase of 4.2% over the FY 2023 Budget.	\$ 3,544,710	4.2%
	35320	Cigarette Tax: Cigarette taxes are received by cities based on population through the state imposed tax on cigarette sales, estimating a 4.6% increase over the FY 2023 Budget.	\$ 136,720	4.6%
	35325	State Revenue Sharing: Each quarter, cities receive 14 percent of the total receipts collected by the OLCC on the sale of alcoholic beverages. Again, these revenues are allocated to cities based on population with an adjustment for local taxing effort. Estimating a decrease of 0.4% from the FY 2023 Budget.	\$ 2,374,380	-0.4%

General Fund Assumptions and Trends
FY 2024

Category	Account	Description	Amount	% Chg from FY 2023 B
	35326	State Marijuana Tax: A 17 percent sales tax is imposed by the State on recreational marijuana sales, cities receive a 10 percent share of the net tax revenue based on population and number of licensees in their jurisdiction, estimating an increase of 1.6% over the FY 2023 Budget. Measure 110, passed in November 2020, diverted a large portion of the City's State-shared marijuana revenue to State-funded drug treatment programs.	\$ 315,000	1.6%
	35330	State 911: Cities receive proceeds from a \$1.25 per month assessment on each telephone subscriber receiving local telephone services. These receipts are dedicated to funding emergency telephone and dispatch services provided by the Willamette Valley Communications Center. HB 2449 increased the tax from \$.75 to \$1.00 on January 1, 2020, and again to \$1.25 on January 1, 2021. Estimated to increase 8.9% over the FY 2023 Budget.	\$ 1,619,530	8.9%
Other Agencies				
	35350	Chemeketa Community College: reimbursement to Salem for the Chemeketa Cooperative Regional Library Service (CCRLS). Estimated to increase by 48.8% over the FY 2023 Budget.	\$ 689,300	48.8%
	35355	Housing Authority: costs for legal and payroll services provided to the Housing Authority. Estimating a no change from the FY 2023 Budget.	\$ 60,000	0.0%
	35361	State Reimbursement: costs incurred for hazmat regional team training, estimating no change from the FY 2023 Budget.	\$ 450,000	0.0%
	35370	Marion County: reimbursement from Marion County for costs associated with the Mobile Crisis Response Team, estimating a 14.9% decrease from the FY 2023 Budget.	\$ 275,000	-14.9%
	35385	Payment in Lieu of Taxes: revenue received from federal housing authorities in lieu of property tax payments. Both Marion and Polk counties contain housing authorities, estimating no change from the FY 2023 Budget.	\$ 146,000	0.0%
	35395	Other Government Agencies: all other agencies that pay for the cost of services provided by Salem, estimating a 93.3% decrease from the FY 2023 Budget.	\$ 10,000	-93.3%
	35495	Other Agencies: all other agencies that provide grant funds or pay for the cost of services performed by City departments, estimating a 7.3% increase over the FY 2023 Budget.	\$ 19,000	7.3%
	35510	State Grants: received from the State of Oregon for specific programs / services provided by the City of Salem.	\$ -	-100.0%

Fines, Forfeitures, and Penalties				
	36110	Parking Fines: collected for violation of Salem’s parking ordinances, estimating a decrease of 13.9% from the FY 2023 Budget.	\$ 615,000	-13.9%
	36115	Court Fines: collected through the Municipal Court for violation of traffic and criminal codes are recognized here, estimating an 11.8% decrease from the FY 2023 Budget.	\$ 900,000	-11.8%
	36130	Civil Penalties: collected as the result of penalties imposed for code violations, estimating no change from the FY 2023 Budget.	\$ 70,000	0.0%
Beginning Working Capital				
	39910	Beginning Working Capital: Beginning working capital (or beginning fund balance) is used as a resource to balance the General Fund operating budget. It represents the amount of funds left over from one year to the next, funding operations until property tax revenues are received in November and December. Working capital is accumulated as a result of additional revenue exceeding budget estimates, projected expenditure savings occurring throughout the year, or funds reappropriated to support a project that was not completed in the prior fiscal year. Beginning working capital is anticipated to decrease by 11.8% from the FY 2023 Budget.	\$ 37,515,940	-11.8%

Not all revenues included on the next pages are highlighted here.

Not all revenues included on the next page are highlighted here. See the Capital Improvements section for more information about System Development Charges Fund projects.

System Development Charges Fund Revenues, Expenditures, and Working Capital - Multi-Year View

For the purposes of budgeting, the SDC budget is fully appropriated; there is no unappropriated ending working capital. This accounts for the large disparity between actual expenditures for the period of FY 2016 through FY 2022 and the budgeted expenditures for FY 2023 and FY 2024.

Self Insurance Fund Revenues, Expenditures, and Working Capital - Multi-Year View

In millions

For the purposes of budgeting, the Self Insurance Fund reserves are fully appropriated, which causes the spike in expense for the two budget years.

FY 2020 reflects the move of the Risk programs to the Self Insurance Risk Fund.

See the result area of *Good Governance* for more information about Self Insurance Fund program expenses.

Self Insurance Risk Fund Revenues, Expenditures, and Working Capital In millions

For the purposes of budgeting, the Self Insurance Fund reserves are fully appropriated, which causes the spike in expense for the two budget years.

In FY 2020 the Risk program moved from what is now the Self Insurance Benefits Fund to this new fund.

City of Salem Budget Trust Fund Assumptions and Trends FY 2024

Account	Assumption	Amount	Account	Assumption	Amount
32345	Community Enforcement Fee: revenue derived from the remediation of blighted properties in Salem; estimating a 100% decrease from the FY 2023 Budget	\$ -	36895	Other Revenues: includes \$500,000 of appropriation authority for unanticipated revenues, also forfeited funds held in several trust accounts; estimating a 2.3% decrease from the FY 2023 Budget	\$ 1,622,910
32640	PW Service Fee: developer fees held in trust for Public Works projects; estimating no change from the FY 2023 Budget	\$ 60,000	39110	Interfund Transfers: includes transfers for the senior center and historical residential toolbox grants; estimating no change from the FY 2023 Budget	\$ 17,500

Not all revenues included on the next page are highlighted here.

See all six result areas and the Miscellaneous section of the budget document for more information about trust fund resources and expenses.

Trust Fund Revenues, Expenditures, and Working Capital - Multi-Year View

In millions

FY 2018 actual expenses include a transfer to the Information Technology Construction Fund for the telephone system replacement project.

FY 2022 increase is primarily due to the receipt of funds from the American Rescue Plan Act. These monies make up part of the amount held in fund 404.

City of Salem
 Estimated Assessed Property Value
 FY 2024

County	Actual 2022-23 Values	Estimated Increase	Estimated 2023-24 Values	% Increase ¹
Marion	\$ 11,932,873,048	\$ 490,274,832	\$ 12,423,147,880	4.11%
Polk	2,422,261,688	99,521,212	2,521,782,900	4.11%
Total	<u>\$ 14,355,134,736</u>	<u>\$ 589,796,044</u>	<u>\$ 14,944,930,780</u>	4.11%

¹ Estimated increase in assessed property value includes two factors:
 1. Changing market values of the existing property base, and
 2. Property base expansion through new construction.

City of Salem Budget FY 2024 Fee Adjustments

In FY 2019, the City produced its first fee schedule. The Fee Schedule provides some standardization, where possible, in the methodologies for fee increases. The Fee Schedule is the definitive data source for fee information. The below information is not representative of all City fees but is intended to enhance understanding of fee increases and resulting revenue.

The FY 2024 Fee Schedule is scheduled for adoption on June 12, 2023. Current year fees can be found at the link below.

<https://www.cityofsalem.net/government/budget-finance/fee-schedule>

FY 2024 revenue estimates anticipate the following fee adjustments:

	Previous Fee or Rate	FY 2024 Fee or Rate	Change to Resources
A. General Fund (101)			
Community Development - planning fees cost recovery increase	Various	6.25%	\$219,680/ estimate
All Planning fees are increasing by the CPI - All Urban Consumers, West Region (All Items), 6.25 percent. Also, specific planning fees are being adjusted to achieve 100 percent cost recovery for current planning services.			
City Operations Fee	Various	Various / 6.25%	\$5,641,300 / estimate

The City Operations Fee was implemented in January of 2020 to help maintain the current level of City services. Due to limits of property tax growth in Oregon, dozens of cities across the State depend on similar fees to maintain services in their communities. In FY 2024, there are two proposed increases; one effective July 1, 2023 and another January 1, 2024. The first increase will be a dollar amount depending on Utility customer classification, with the second being based on the CPI - All Urban Consumers, West Region (All Items). The January 2024 increase is a standard practice that happens annually, while the July 2023 increase is a specialized adjustment.

City of Salem Budget FY 2024 Fee Adjustments

In FY 2019, the City produced its first fee schedule. The Fee Schedule provides some standardization, where possible, in the methodologies for fee increases. The Fee Schedule is the definitive data source for fee information. ¹ Human Resources had been it's own department with Facilities underneath as a functional division. In FY 2023, Human Resources joined Enterprise Services as a division.

² In FY 2024, the Community Development and Urban Development Departments will be united under one Department titled Community and Urban Development. The Library will be moving as a functional division of Community Development to a functional division of Community Services with a new position included.

³ Parks Operations and Recreation until FY 2024 had been managed by the Public Works Dept. In FY 2024 it will be under the new Community Services Department with 5 new FTE and 11 FTE moving from various other organizations to be underneath this new department. These 12 positions are now under Parks Operations.

Analysis of Positions and Wages

The "Analysis of Positions and Wages" reflects full time equivalent position authority and corresponding budgeted salary and wages expense. In some cases, a position's relationship to a new classification is illustrated with a directional arrow. Other changes seen here could be the result of new positions being added or reclassification of existing positions.

Analysis of Positions and Wages

The "Analysis of Positions and Wages" reflects full time equivalent position authority and corresponding budgeted salary and wages expense. In some cases, a position's relationship to a new classification is illustrated with a directional arrow. Other changes seen here could be the result of new positions being added or reclassification of existing positions.

CITY OF *Salem*
AT YOUR SERVICE

City of Salem Budget Glossary

Adopted budget. The financial plan adopted by the governing body which forms a basis for appropriations.

Ad valorem tax. A property tax computed as a percentage of the value of taxable property. See *Assessed value*.

Appropriation. Based on an adopted budget, an authorization for spending specific amounts of money for specific purposes during specific periods of time. Presented in a resolution or ordinance adopted by the governing body.

Assessed value. The portion of value of real or personal property which is taxable. It is the lesser of the property's real market value or the constitutional value limit (maximum assessed value-MAV). The value limit may increase 3 percent annually unless qualifying improvements or changes are made to the property. These improvements or changes allow the value limit to increase by more than 3 percent.

Beginning working capital. See *Resources*.

Biennial budget period. A 24-month period beginning July 1 and ending June 30 of the second succeeding year.

Budget. Written report showing the local government's comprehensive financial plan for one fiscal year. Must include a balanced statement of actual revenues and expenditures during each of the last two years, estimated revenues and expenditures for the current and upcoming year.

Budget committee. Fiscal planning board of a local government, consisting of the governing body plus an equal number of legal voters from the district.

Budget message. An explanation of the budget and local government's financial priorities. Prepared by or under the direction of the executive officer or presiding officer of the governing body.

Budget officer. Person appointed by the governing body to assemble budget material and information, prepare the proposed budget, and oversee the budget process.

Capital outlay. Items which generally have a useful life of one or more years, such as machinery, land, furniture, equipment or buildings.

District. See *Local government*.

Expenditures. Decrease in net financial resources if accounts are kept on an accrual or modified accrual basis; total amount paid if accounts are kept on a cash basis.

Fiscal year. A 12-month period beginning July 1 and ending June 30.

Fund. A division in a budget segregating independent fiscal and accounting requirements. An entity within a government's financial plan designated to carry on specific activities or to reach certain objectives.

Governing body. County court, board of commissioners, city council, school board, board of trustees, board of directors or other governing board of a local government.

Line-item budget. The traditional form of budgeting, where proposed expenditures are based on individual objects of expense within a department or division.

Local government. Any city, county, port, school district, public or quasi-public corporation (including a municipal utility or dock commission) operated by a separate board or commission.

Municipality. See *Local government*.

Ordinance. Written directive or act of a governing body. Has the full force and effect of law within the local government's boundaries, provided it does not conflict with a state statute or constitutional provision. See *Resolution*.

Organizational unit. Any administrative subdivision of a local government, especially one charged with carrying on one or more specific functions (such as a department, office or division).

Payroll expenses. Health and accident insurance premiums, Social Security and retirement contributions, and civil service assessments, for example.

Permanent rate limit. A district's permanent ad valorem property tax rate for operating purposes. This rate levied against the assessed value of property raises taxes for general operations. Permanent tax rate limits were either computed by the Department of Revenue for districts existing prior to 1997-1998 or are voter-approved for districts formed in 1997-1998 and later.

Program. A group of related activities to accomplish a major service or function for which the local government is responsible.

Property taxes. Amounts imposed on taxable property by a local government within its operating rate limit, levied under local option authority, or levied to repay bonded debt.

Proposed budget. Financial and operating plan prepared by the budget officer, submitted to the public and budget committee for review.

Real market value. Value at which a property would be sold by an informed seller to an informed buyer on the appraisal date. Value set on real and personal property on a basis for testing the (Measure 5) constitutional limits.

Reserve fund. Established to accumulate money from one fiscal year to another for a specific purpose.

Resolution. An order of a governing body. Requires less legal formality and has lower legal status than an ordinance. Statutes or charter will specify actions that must be made by ordinance and actions that may be by resolution. (For cities, revenue raising measures such as taxes, special assessments and service charges always require ordinances.) See *Ordinance*.

Resources. Estimated working capital (fund balance) on hand at the beginning of the fiscal year, plus all anticipated revenues.

Revenues. Monies received or anticipated by a local government from either tax or non-tax sources during the fiscal year.

Supplemental budget. Prepared to meet unexpected needs or to spend revenues not anticipated at the time the regular budget was adopted. Cannot be used to increase a tax levy.

Tax levy. Taxes imposed by a local government unit through a rate or amount.

Transfers. Amounts distributed from one fund to finance activities in another fund. Shown as a requirement in the originating fund and a revenue in the receiving fund.

Unappropriated ending fund balance. Amount set aside in the budget to be used as a cash carryover to the next year's budget, to provide the local government with a needed cash flow until other money is received. This amount cannot be transferred by resolution or used through a supplemental budget during the fiscal year it is budgeted unless there is a significant calamity or natural disaster.
