Discussion Items	<ul style="list-style-type: none"> Joan Lloyd proposed NEN weigh-in on business menu signage (Case No. CA19-07). Business's are requesting rights to expand drive through menu boards to two lanes. NEN is worried about the effect the lighting issue will have on residents surrounding the changes. Jeremy Mills suggested screening by means of covering such as shrubbery, etc. An issue regarding a rain garden near 24th and Market was brought to City Planner Eunice Kim. She responded stating the property in question does not meet the 10,000 sq. ft. requirements warranting the need of a rain garden. A NEN resident is asking NEN to take side on tree removal at Englewood Elementary school on SW property. Lynn Takata to reach out to request arborist reports to obtain more information. Jacqueline Schindele brought an issue up regarding littering near Salem North High School. NEN will take means to reach out to a school representative.
